

JUVENILE CORRECTIONS POPULATION DATA

General Notes

- Primary reporting measure is Average Daily Population (ADP).
- Reporting timeframes are annual and 5-year ADP for calendar years (CY) 2014-2018.
- Population includes youth in juvenile correctional facilities (JCFs): Lincoln Hills School, Copper Lake School, and Mendota Juvenile Treatment Center.
- Population data excludes youth under State guardianship, youth in Wisconsin under the Interstate Compact for Juveniles, secure detention youth, and youth sanctioned from a Type 2 residential care center for youth. These youth averaged 2.1 ADP over the 5-year reporting period.

Because youth may have multiple concurrent commitments, the Division of Juvenile Corrections (DJC) uses the following classification hierarchy:

- Adult Commitments: Youth convicted in adult court who are under the age of 18.
- Serious Juvenile Offender (SJO) Commitments: Typically 5 year commitments (facility and community time). SJO youth are adjudicated delinquent for committing one or more of a certain list of serious offenses designated in statute (generally Class A, B, or C felonies).
- Juvenile Commitments: Typically one year commitments (facility and community time).
