Subject: Naloxone Carry		

POLICY

The Division of Adult Institutions shall provide direction in the acquisition, training and utilization of approved Naloxone.

REFERENCES

Wisconsin Statutes s. 256.40(1)(d) – Opioid antagonists. (d) Opioid-related drug overdose" means a condition including extreme physical illness, decreased level of consciousness, respiratory depression, coma, or the ceasing of respiratory or circulatory function resulting from the consumption or use of an opioid, or another substance with which an opioid was combined.

Wisconsin Statutes s. 256.40(3)(b) – Opioid antagonists (b) A law enforcement officer or fire fighter who, reasonably believing another person to be undergoing an opioid-related drug overdose, administers naloxone or another opioid antagonist to that person shall be immune from civil or criminal liability for any outcomes resulting from the administration of the opioid antagonist to that person, if the law enforcement officer or fire fighter is acting pursuant to an agreement and any training obtained under par. (a).

DAI Policy 300.00.71 – Reporting Serious Incidents, Events of Special Interest and Legislative Inquiries

DEFINITIONS, ACRONYMS AND FORMS

DAI – Division of Adult Institutions

DOC – Department of Corrections

DOC-2466 – Incident Report

Naloxone – A medication that acts as an opioid antagonist and counters the effects of opioid overdoses.

Opiate/Opioid – Opiates and opioids are drugs that are derived from opium or its derivatives, or other classes of drugs that mimic opium derivatives. Legally administered opioids, such as morphine, methadone, oxycodone and hydrocodone, are narcotics most often used to treat pain and opioid addiction.

DAI Policy #: 500.11.06	New Effective Date: 08/20/24	Page 2 of 4
Chapter: 500 Health Services		
Subject: Naloxone Carry		

Opioid Overdose –an opioid-related drug overdose is “a condition including extreme physical illness, decreased level of consciousness, respiratory depression, coma, or the ceasing of respiratory or circulatory function resulting from the consumption or use of an opioid or another substance with which an opioid was combined.”

PIOC – Persons in Our Care

PROCEDURE

I. General Guidelines

- A. Facilities shall identify staff authorized to carry DOC approved Naloxone while on duty.
- B. Facilities shall provide training in the applicable policies and state statutes, appropriate use and aftercare, and proper documentation of incidents in which Naloxone has been used.
- C. Facilities shall be responsible for procurement, storage, and inventory of approved Naloxone.
- D. Naloxone shall be inventoried and accounted for. Facility procedure shall be in place for the following:
 1. Storage in a designated secure location when not in use.
 2. Identified staff who has been designated to carry Naloxone.
 3. Exchange of naloxone between staff.
 4. Responsibility for regular inventory and replacement.
- E. Staff shall return Naloxone promptly if removed from facility grounds.

II. Training

- A. All staff identified by the facility to carry or use Naloxone shall receive training.
- B. Annual refresher training related to Naloxone shall be provided to staff.

III. Procedure for Administering Naloxone

- A. Staff shall use standard precautions and appropriate personal protective equipment to protect themselves from pathogens and communicable disease.
- B. Staff shall provide CPR/First Aid to the level of their training. If no signs of life (breathing or movement) notify HSU and activate EMS. Initiate CPR and attach the AED. Staff shall also consider statements from witnesses regarding drug use and evidence of drug use observed at the scene.
- C. If staff suspect an opioid overdose has occurred, a single spray of nasal naloxone shall be given.

DAI Policy #: 500.11.06	New Effective Date: 08/20/24	Page 3 of 4
Chapter: 500 Health Services		
Subject: Naloxone Carry		

- D. Staff may repeat a spray of nasal naloxone every three minutes, while alternating nostrils. Up to four doses of naloxone may be administered total.
- E. Staff should be aware a rapid reversal of an opiate overdose may cause projectile vomiting by the person and/or violent behavior.
- F. If no response following administration of the nasal naloxone staff shall continue with CPR/AED until advanced help arrives.
- G. Upon arrival of HSU staff or EMS, the treating staff member shall immediately report that they have given nasal naloxone, along with the approximate time, number, and dose of the sprays provided.
- H. The person receiving nasal naloxone shall be transported to a medical care facility for advanced treatment.

IV. Reporting Nasal Naloxone Use

- A. Delivery of nasal naloxone by security staff shall be reported to HSU or designated nurse on call.
- B. Staff administering nasal naloxone shall complete an incident report documenting the event.
- C. Health staff shall document each dose within the Medication Administration Record.
