Subject: Nursing Coverage for Peritoneal Services		

PROCEDURE

I. General Guidelines

- A. The RN shall provide the patient with complete, accurate and understandable information to allow the inmate patient to be independent performing PD within the facility and home setting.
- B. The RN shall ensure documentation of all inmate patient care and treatment on appropriate forms.
- C. The RN shall provide assessments for:
 1. Readiness for training.
 2. Adherence to treatment plan.
 3. Learning style.
 4. Appropriateness of the home environment.
 5. Family-institution dynamics.
- D. The RN shall provide education:
 1. Tailored to the individual learning style.
 2. Necessary content for education and training schedules.
 3. Assessments of competency with new inmate patient training and periodically thereafter as indicated.
 4. Related to completing PD treatments.
 5. Related to completing log sheets related to PD treatments.
 6. Emergency procedures.
 7. Supply ordering.
- E. The RN shall provide monitoring and oversight for:
 1. Lab value reviews monthly and as ordered.
 2. Therapy outcomes monthly; i.e., adequacy results, EDW, ultrafiltration.
 3. Inmate patients on CCPD shall have the cyclor machine data verified by the PD nurse on a biweekly basis upon start of treatment times one month, then monthly thereafter. This process shall be completed more often PRN.
 4. Inmate patient monthly clinic visits with the interdisciplinary team to include the ACP, dietician, PD Nurse and Social Worker.
 5. Adherence to treatment prescription monthly and PRN.
 6. Medication reviews monthly and PRN.
 7. Housing unit follow-up visits on an annual basis and as needed. This visit shall include inmate patient demonstrations of PD techniques.
 8. Equipment and supply management.
 9. Infection risks.
 10. Adaptation to home therapy.
 11. Review of CAPD/CCPD flow sheets monthly and PRN.
 12. Communication to ACP, Dietician, HSU or Social Worker as indicated.
 13. Care plans development and ongoing revisions to include multidisciplinary care plans between health departments.
 14. Review of nutritional and psychosocial assessments.
