Secured Residential Care Centers for Children and Youth (2019)

Program Description
The Wisconsin Department of Corrections (DOC) is seeking applications to assist counties in establishing or constructing secured residential care centers for children and youth (SRCCCY) and attached juvenile detention facilities.

Per 2017 Act 185, a county may apply for any of the following (section 110 (4)):
   a. A grant to pay 95 percent of the costs of designing and constructing a secured residential care center for children and youth.
   b. A grant to pay 95 percent of the costs of designing and constructing a facility that houses both a secured residential care center for children and youth and a juvenile detention facility.
   c. A grant to pay 100 percent of the costs of designing and constructing a secured residential care center for children and youth only for female juveniles or any portion that is only for female juveniles.

The Grant Committee (committee) oversees the grant program and must establish requirements, guidelines, and criteria for grant proposals and for awarding grants. Act 185 requires a county to do all of the following in developing its grant application: (1) consider best practices in designing and operating facilities that hold juveniles in secure custody; (2) consider the feasibility of developing an existing facility into an SRCCCYCY; and (3) solicit input from juvenile court judges. Act 185 also requires the Grant Committee to give preference to proposals that utilize existing facilities that consider proximity to the populations of juveniles the facility would serve, and to multi-county applications.

Award Information
A total of $40,000,000 is available to assist counties in establishing or constructing Secure Residential Care Centers for Children and Youth (SRCCCY) and attached juvenile detention facilities. Project funding will be provided by the State of Wisconsin. Only Wisconsin county or tribal governments are eligible to apply under this solicitation.

The committee will review applications and develop a statewide plan that recommends which grant applications to approve, based on an overall view toward a Wisconsin model of juvenile justice. This plan must be submitted to the Joint Committee on Finance by October 1, 2019. The committee and the department of corrections may not implement the plan until it is approved by the Joint Committee on Finance.

Upon application approval, the applicant agency’s project director will receive paper grant award documents by mail in approximately 30 days. Once grant award documents are signed and returned to DOC, the project may begin on the date listed, and grant expenditures can begin. DOC grant programs are funded on a reimbursement basis, meaning that during the grant period, funded projects will track expenditures and request reimbursement from DOC through quarterly financial reports.

   This page asks for information about your agency and the individuals responsible for the application and grant award. There are many required fields on this page so if you encounter problems, please check online help by clicking the floating HELP button. Please note: When identifying individuals involved in this grant, you may not list the same person as project director and financial officer. The financial officer is the individual responsible for financial activities in your organization while the project director will be overseeing project operations.
   
   In the Brief Project Description text box, please describe your program(s) in 150 words or less. A suggested format is included for your convenience:
   
   “Funds will be used by the (your agency name and others involved in the program) to (describe what funds will be used for and who will be involved). The (what - equipment, training, project, pilot, etc.) will (describe the specific goals you hope to achieve – how will the project or equipment improve public safety in Wisconsin?) [If appropriate, add which area(s) of the state will benefit]”

2. Approval Checklist
   Answer Yes or No to each question.

3. Performance Measures
   Please open this section and change the page status to Complete; then SAVE the page. Performance Measures will be identified and collected during post-award reporting rather than through this funding application process.

4. Budget Detail
   Complete a project budget using the following categories. For each category used, enter a justification that describes how the items in that category will be used during the course of the grant period.

   Budget estimates should be conservative and specifically designed to meet project needs.
Budget Categories:

**Equipment:** Tangible non-expendable personal property having a useful life of more than one year and an acquisition cost of $5,000 or more per unit.

**Supplies and Operating Expenses:** Includes consumables such as paper, stationery, postage, software and equipment with an acquisition cost of less than $5,000 per unit. Also includes operating expenses such as rent and utilities. Show computations for all items. For example, Rent: $150/mo. x 12 months = $1,800.

**Consultants/Contractual:** Provide costs associated with individuals or entities providing services through a contractual arrangement. With the exception of a few justified sole source situations, contracts should be awarded via competitive processes. Attach detailed information to support the total cost of each contract. For each consultant enter the name, if known; service to be provided; hourly or daily fee (8-hour day); and estimated time on the project. Consultant fees in excess of $650 per 8-hour day require additional justification (contact DOC). List all expenses to be paid from the grant to the individual consultant in addition to their fees (e.g., travel, lodging, meals, etc.). Show the basis of computation for each service requested. Within 30 days of grant award date, signed contracts must be received by DOC. No fund reimbursements will be made prior to receipt of the contract(s).

**Cash Match Requirement**

Also, please be aware that there is a 5% cash match required for all projects. To calculate the total budget and match amounts, use the following formulas:

- Award Amount ÷ 0.95 State Share = Total Project Budget
- Total Project Budget x 0.05 Recipient's Share = Required Match

Example: For a grant award of $12,500,000, the calculation would be:

1. Total Project Budget: $12,500,000 ÷ 0.95 = $13,157,894
2. Required Match: $13,157,894 x 0.05 = $657,947
