

We believe in YOU!

Youth

Our organization

Uniting families and communities

Educational Programming

- Full-time special education teacher
- Group instruction, independent study, active learning, field trips, and technology
- Youth earn an average of 3 credits
- School partners include Rooted, UW-extension, and Madison Library Bubblers Program
- Youth also participate in yoga, gardening, and instructor led boxing on-grounds as part of physical education.

Therapy and Treatment

- Individual and family therapy with Anesis Therapy Center
- Cognitive-behavioral programming
 - Cognitive group (Thinking for a Change) focused on developing social skills and problem-solving skills.
 - Clients look at how their thoughts, feelings, attitudes and beliefs impact their decision-making, social skills and desire to change.
- Case planning and skill development
 - Risk and needs assessments identify strengths and potential areas for growth
 - Collaborative individual case planning that promotes responsible decision-making and specifically addresses problem behaviors
 - Group sessions focused on various topics to help develop knowledge

The GROW Academy

Non-secure residential programming

Building hope to develop
healthy youth, caring
professionals, strong families,
and safe communities.

The Grow Academy is a 120-day residential program that operates on an incentive based behavioral level system. Youth are encouraged to practice leadership skills.

- Recognizes individual strengths
- Motivates youth to make positive decisions
- Provides rewards for meeting expectations and taking initiative to go above and beyond

Rewards and privileges include:

- MP3 players
- Later bed times
- Use of TV room & video game room
- Off-grounds activities
- ◆ Home visits

Mentoring

- Weekly one-on-one or group sessions with Eubanks Solutions, LLC

Job Skills

- Assistance with completing applications, building resumes and interview techniques
- Participation in on-grounds employment opportunities
 - Youth earn real money for each hour worked and given to them at the end of their placement.
- Participation in community market
 - Youth made crafts, canned goods and other items that fund activities
- Community service opportunities to complete court ordered obligations and build professional references.
- Restitution payments are made with earned money or community service hours.
- Vocational Programing that includes woodshop, marketing and sales, gardening, harvesting, production and culinary
