Targeted Inmate/Resident/Detainee Interviews	
45. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:	0
<p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p>	
47. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:	0

b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).	<p>The facility housed only two youth at the time of the onsite review. Both were interviewed, and neither belonged to a targeted category.</p>

SITE REVIEW AND DOCUMENTATION SAMPLING

Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

71. Did you have access to all areas of the facility?

☒ Yes

☐ No

Was the site review an active, inquiring process that included the following:

72. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?

☒ Yes

☐ No

73. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?

☒ Yes

☐ No

74. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?

☒ Yes

☐ No

75. Informal conversations with staff during the site review (encouraged, not required)?

☒ Yes

☐ No

76. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).	No text provided.
Documentation Sampling	
Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.	
77. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?	<input checked="checked" type="radio"/> Yes <input type="radio"/> No
78. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).	No text provided.
SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY	
Sexual Abuse and Sexual Harassment Allegations and Investigations Overview	
Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.	

79. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual abuse	0	0	0	0
Staff-on-inmate sexual abuse	0	0	0	0
Total	0	0	0	0

80. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:

Staff-on-inmate sexual harassment	0	0	0	0
Total	0	0	0	0

Sexual Abuse and Sexual Harassment Investigation Outcomes

Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

81. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/ Court Case Filed	Convicted/ Adjudicated	Acquitted

Through interviews with youth and staff and review of youth and staff files, it is evident the facility integrates the requirements of this standard into daily protocols. Both youth and staff were able to speak to PREA practices and protocols consistent with the agency's Sexual Abuse and Sexual Harassment in Confinement PREA policy.

At the time of the onsite review the facility had two youth, neither targeted. Comments from youth included:

- Searches are conducted respectfully by all staff
- Feel sexual safe in the program
- Were offered mental health services – neither considered vulnerable

Comments from staff included:

- We encourage victims not to wash/shower/change
- All youth with staff if in an area without cameras
- Have strong relationships with youth so they feel comfortable
- See something, say something
- Teacher trained as security staff but security staff always with her while she is teaching
- Cut off inappropriate conversations immediately
- Teach youth about LGB+ (provide awareness)
- Respect them no matter how they identify
- Treat them all the same / no favoritism
- Staff are to have First Responder Cards with them at all times
- Confidentiality is key – information on a need to know basis

Interviews with the PREA Compliance Manager and PREA Director demonstrated both are well versed in PREA system implementation and have adequate time to

complete their PREA duties.

Site Observation:

During the facility tour, PREA postings with internal, external, third-party, and advocate reporting information, as well as PREA Audit notices on blue paper, were observed at the entrance of the facility, entrance to the hall, dayroom, and school building.

(a) The Grow Academy PAQ states the agency policy mandates zero-tolerance toward all forms of sexual abuse and sexual harassment in the facility it operates and those directly under contract. The facility has a policy outlining how it will implement the agency's approach to preventing, detecting, and responding to sexual abuse and sexual harassment.

Wisconsin Department of Corrections Executive Directive #72, Subject: Sexual Abuse and Sexual Harassment in Confinement, page 4-5, section V., states, "The Wisconsin Department of Corrections has zero tolerance for sexual abuse, sexual harassment and report-related retaliation in its facilities, including those with which it contracts for the confinement of PIOC's. Further:

- The DOC provides a coordinated victim-centered response to reports of sexual abuse and sexual harassment. This includes providing medical and mental health services to victims, as appropriate, while investigating all allegation,
- The DOC provides multiple avenues to report allegations of sexual abuse and sexual harassment and, further, recognizes the right of staff members and PIOC's to be free from retaliation for reporting or participating in the investigation of sexual abuse and sexual harassment.
- The DOC trains all employees, contractors and volunteers to recognize, respond to and report sexual abuse and sexual harassment.
- The DOC provides PIOC's with a comprehensive orientation that details their right to be free from sexual abuse, sexual harassment and report-related retaliation.

■ The DOC employs a data collection method to accurately track and aggregate sexual abuse and sexual harassment incidents, identify core causal factors and take corrective action so as to align with a zero-tolerance environment."

(b) The Grow Academy PAQ states the agency employs or designates an upper-level, agency-wide PREA Coordinator. 5. Post Audit: Email Communication – Additional Camera

Interviews:

1. Random Youth

2. Youth Counselors

3. Supervising Youth Counselor / PREA Compliance Manager

Interviews with youth indicated they only receive pat searches, which are conducted respectfully by staff.

Interviews with staff confirmed facility staff conduct only pat or hygiene searches. Staff were aware transgender or intersex youth may be searched by opposite gender staff; however, female staff requested refresher training on cross-gender searches.

Site Observation::

The tour demonstrated cameras are present throughout the facility and youth are searched in an open area under camera view. Bathrooms have a ¼ barrier at the entrance and shower curtains to provide privacy while showering and changing clothes. All showers are single use regardless of youth count. Male/Female on Duty signs were posted in the Control Booth, and both gender staff announced themselves when walking down the hall.

The facility currently has two housing units, both equipped with cameras in hallways, dayrooms, and school areas where youth have regular access. However, a storage room in the school did not have a window in the door or a camera to ensure youth are not isolated with an aggressive youth or staff member.

Corrective Action Plan:

- Provide documentation demonstrating an additional camera is being installed or the door is modified with a window.

- If the camera can be purchased timely, provide a photo of the installed camera.
- Upload documentation to this provision in the online audit system.

Post audit, the facility provided email documentation confirming approval for the installation of an additional camera to enhance monitoring coverage.

Recommendation:

Revisit cross-gender search protocols with female staff members. Facility response: On 9.24.2025 the Cross-Gender policy and procedure was discussed during the bi-weekly unit meeting.

(a) The Grow Academy PAQ states the facility does not conduct cross-gender strip or cross-gender visual body cavity searches of their Residents. In the past 12 months the facility has conducted zero cross-gender strip or cross-gender visual body cavity searches of residents.

Wisconsin Department of Corrections Executive Directive #72, Subject: Sexual Abuse and Sexual Harassment in Confinement, page 7, section X. B., states, "Adult facilities shall not permit cross-gender strip or body cavity searches of PIOC's except in exigent circumstances or when performed by medical practitioners. Exigent circumstances shall be documented."

(b) The Grow Academy PAQ states this standard is not applicable as the female youth are not housed at this facility. The PAQ states, "DJC / GROW allows female staff to pat search male youth in exigent circumstances."

(c) The Grow Academy PAQ states the facility policy requires that all cross-gender strip searches, cross-gender visual body cavity searches, and cross-gender pat-down searches be documented and justified.

Wisconsin Department of Corrections Executive Directive #72, Subject: Sexual Abuse and Sexual Harassment in Confinement, page 7, section X. C., states, "Juvenile facilities shall not permit cross-gender pat, strip or body cavity searches of PIOC's except in exigent circumstances. Exigent circumstances shall be documented and justified."

The facility provided an electronic Search Records by Date – Grow Academy log demonstrating the following is documented.

(d) The Grow Academy PAQ states the facility has implemented policies and procedures that enable Residents to shower, perform bodily functions, and change clothing without non-medical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks (this includes viewing via video camera). Policies and procedures require staff of the opposite gender to announce their presence when entering a resident housing unit/areas where residents are likely to be showering, performing bodily functions, or changing clothing.

Wisconsin Department of Corrections Executive Directive #72, Subject: Sexual Abuse and Sexual Harassment in Confinement, page 6, section IX. If opposite gender status quo changes during that shift then another announcement is required. Facilities shall not restrict access to regularly available programming or other out-of-cell or housing unit opportunities in order to comply with this provision.”

(e) The Grow Academy PAQ states the facility has a policy prohibiting staff from searching or physically examining a transgender or intersex Resident for the sole purpose of determining the resident’s genital status. Such searches did not occur in the past 12 months.

The interviews with youth demonstrated none presented as disabled either mentally or physically.

The interview with the Youth Counselor demonstrated PREA education information is read to youth after they watch a PREA video on the day of intake. The Youth Counselor stated youth are informed of the agency's zero tolerance policy, their rights, internal and external reporting options, and information regarding the sexual abuse victim advocate before being asked to sign an acknowledgment of understanding. The Youth Counselor stated any youth who presented as delayed in any way would be provided extra help from a staff member who understands ADA issues and would work with the youth while in the program.

Site Observation:

Two youth were in the program at the time of the onsite review, and both had documented acknowledgments demonstrating they had been informed of PREA the day of their arrival.

Wisconsin Department of Corrections Executive Directive #72, Subject: Sexual Abuse and Sexual Harassment in Confinement, page 8, section XI. Interviews:

1. Human Resource Specialist
2. Supervising Youth Counselor / PREA Compliance Manager

The interview with the Human Resource Specialist demonstrated the agency completes a Department of Children and Family Services criminal background check, and a separate team completes child registry checks and administrative adjudication questions for each applicant and contractor before access to youth is approved. The same documentation is also completed during the promotion process. The specialist stated an Oracle report is provided periodically to ensure five year background checks are completed timely. Institutional reference checks are completed when received and requested for applicants, and the agency requires staff to report negative interactions with law enforcement within 48 hours of an arrest or charge.

The interview with the PREA Compliance Manager demonstrated any visitor who wishes to enter the facility must complete a criminal background check before being granted access to youth.

Site Observation:

Review of nine personnel and two contractor files demonstrated that all but one staff member had documentation of a completed criminal history check and child abuse registry clearance conducted at hire, at promotion, or within five years of hire. Administrative Adjudication questions were also documented at the same intervals. Institutional reference checks were completed for all applicable applicants.

Corrective Action Plan:

Provide documentation of the completed criminal history and child abuse registry checks, or the date of the results, for the one employee file missing this verification. Facility leadership will provide a memorandum outlining a sustainable action plan that identifies the position(s) responsible for ensuring ongoing compliance with provision (d) of this standard. The memorandum should include the date, author, and applicable standard, and be addressed to the DOJ PREA Auditor.

Upload all supporting documentation, including the missing check verification, the memorandum, and any related training materials into the OAS under this provision.

Post audit, the facility provided results of the missing background check for the one employee missing the verification.

Post audit, the facility provided a memorandum from the Assistant Administrator, WIDOC-DJC, addressed to the DOJ PREA Auditor stating the following sustainable action plan. "While dates of DCF background checks are documented in STAR with no automatic destruction due to record retention, some DCF background check forms/results were previously saved within recruitment/standard background files which have retention dates of 4 years and 6.5 years, respectively. We are now saving the DCF check specific results/documentation in a separate folder that will ensure longer retention for current employees. Local (DJC) HR as well as Agency Services (DOC) HR is responsible for ensuring on going compliance moving forward with fingerprints and background checks."

(a) The Grow Academy PAQ states the Agency policy prohibits hiring or promoting anyone who may have contact with residents, and prohibits enlisting the services of any contractor who may have contact with residents, who:

- Has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution (as defined in 42 U.S.C. 1997);

Each assessment is scored for an outcome of risk, and youth are housed according to the risk screening score.</p> <p>Site Observation:</p>

Utilization of the PREA Audit – Juvenile Facilities Documentation Review Juvenile File/ Records template demonstrated both youths admitted into the facility within the past 12 months had completed risk assessments on the day of arrival, with neither scoring as vulnerable or aggressive.

(a) The Grow Academy PAQ states the facility has a policy that requires screening, upon admission or transfer, for risk of sexual abuse victimization or sexual abusiveness toward other residents. The policy requires that residents be screened for risk of sexual victimization or risk of sexually abusing other residents within 72 hours of their intake. The number of residents entering the facility (either through intake or transfer) within the past 12 months whose length of stay in the facility was for 72 hours or more and who were screened for risk of sexual victimization or risk of sexually abusing other residents within 72 hours of their entry into the facility was 14.

Wisconsin Department of Corrections Executive Directive #72, Subject: Sexual Abuse and Sexual Harassment in Confinement, page 9, section XII. A. 1-11, states, "PIOCs shall be assessed during an intake screening within 72 hours of arrival at the facility, and again within 72 hours of transfer to another facility, for risk of being sexually abused by other PIOC's or sexually abusive towards other PIOC's. The objective screening instrument shall include, at minimum, the following criteria.

1. The presence of a mental, physical or developmental disability;
2. Level of emotional and cognitive development (juvenile facilities only)
3. Age;
4. Physical build;
5. Previous incarcerations;
6. Exclusively nonviolent criminal history;
7. Prior convictions for sex offenses against an adult or child;
8. Is, or is perceived to be, gay, lesbian, bisexual, transgender, intersex or gender nonconforming;
9. Previously experienced sexual victimization;
10. Prior acts of sexual abuse, prior convictions for violent offenses and/or history of prior institutional violence or sexual abuse; and
11. PIOC's perception of vulnerability."

B. PIOC's may not be disciplined for refusing to answer or for failing to disclose information in regards to the screening questions

C. Facilities shall not consider lesbian, gay, bisexual, transgender or intersex identification or status as an indicator or likelihood of being sexually abusive

D. Juvenile Facility-Based Screening

In addition to the screenings detailed in section XII.A., the facility shall periodically reassess the PIOC's risk throughout their confinement. Risk shall be ascertained using the screening tool referenced above; through conversations with the PIOC during the intake process and medical and mental health screenings; during classification assessments; and by reviewing court records, case files, facility behavioral records, and other relevant documentation from the PIOC's files."

(b-c) The Grow Academy PAQ states the Risk assessment is conducted using an objective screening instrument.

The facility provided a Department of Corrections PREA Screening Tool Youth Male Facility. The screening tool captures the following information. (Note: Screening tools are gender specific, the following example is specific to males.)

Section A: Youth Interview

1. Screener's observation: Does the youth appear gender non- conforming or small in stature for their age?
2. Do you consider yourself lesbian or bisexual? Do others think you are gay or bisexual?
3. Do you consider yourself transgender? Do you have an intersex condition?
4. Have you ever had a sexual experience in the community that you did not want to have?
5. Have you ever had a sexual experience in confinement (e.g. juvenile detention, community confinement) that you did not want to have?
6. Have you ever had sexual contact with someone without their consent or because you forced, coerced or threatened them?

Interviews:

1. Random Youth
2. Supervising Youth Counselor / PREA Compliance Manager
3. PREA Director / PREA Coordinator

The interview with youth demonstrated risk screening questions had been asked during the intake process, typically on the first day of intake.

The interview with the PREA Compliance Manager demonstrated the facility has two separate housing units for youth, one for vulnerable youth and one for aggressive youth. If a youth cannot be placed in either housing unit, an empty office is converted into a bedroom to ensure the youth feels safe in the facility. In addition, individual shower accommodations are provided and discussed with each youth during the referral process.

The interview with the PREA Director demonstrated youth are housed on a case-by-case basis during the intake process and reassessed if an incident occurs.

Observation:

During the tour, two housing units were observed to have one youth each, and an empty office off the dayroom was also observed.

(a) The Grow Academy PAQ states the facility uses information from the risk screening required by §115.341 to inform housing, bed, work, education, and program assignments with the goal of keeping separate those residents at high risk of being sexually victimized from those at high risk of being sexually abusive.

Wisconsin Department of Corrections Executive Directive #72, Subject: Sexual Abuse and Sexual Harassment in Confinement page 10, section XIII. A., states, "Information obtained from the risk screening shall inform housing, bed, work, education and program assignments with the goal of keeping separate those PIOC's at high risk of being sexually victimized from those at high risk of being sexually abusive. For the purposes of education, programming, work, and recreation activities, line-of-sight monitoring by DOC staff is sufficient to maintain separation. Individualized placement determinations shall be made for each."

(a) The Grow Academy PAQ states the facility has a policy that residents at risk of sexual victimization may only be placed in isolation as a last resort if less restrictive measures are inadequate to keep them and other residents safe, and only until an alternative means of keeping all residents safe can be arranged. The facility policy requires that residents at risk of sexual victimization who are placed in isolation have access to legally required educational programming, special education services, and daily large-muscle exercise. The number of residents at risk of sexual victimization who were placed in isolation in the past 12 months was zero.

Policy compliance can be found in provision (a) of this standard. Isolation is not utilized at this facility.

(c) The Grow Academy PAQ states the facility prohibits placing lesbian, gay, bisexual, transgender, or intersex residents in particular housing, bed, or other assignments solely on the basis of such identification or status. The facility prohibits considering lesbian, gay, bisexual, transgender, or intersex identification or status as an indicator of likelihood of being sexually abusive.

Wisconsin Department of Corrections Executive Directive #72, Subject: Sexual Abuse and Sexual Harassment in Confinement page 11, section XIII. E. 2., states, "When making facility, cell/unit housing and programmatic assignments for transgender or intersex offenders the DOC shall consider on a case-by-case basis whether a placement would ensure the offender's health and safety and whether the placement would present management or security problems in addition to serious consideration of the offender's own views with respect to their own safety"

(d-e) The Grow Academy PAQ states the agency or facility makes housing and program assignments for transgender or intersex residents in a facility on a case-by-case basis.

Wisconsin Department of Corrections Executive Directive #72, Subject: Sexual Abuse and Sexual Harassment in Confinement, page 8, section XIII.E. 1-3 state,

1. "Lesbian, gay, bisexual, transgender or intersex PIOC's shall not be placed in dedicated facilities, wings or units solely on the basis of such identification or status.
2. When making facility, cell/unit housing and programmatic assignments for transgender or intersex PIOC's the DOC shall consider on a case-by-case basis whether a placement would ensure the PIOC's health and safety and whether the

Placement and programming assignments for each transgender or intersex PIOC shall be reassessed at least twice each year to review any threats to the safety experienced by the PIOC.</p> <p>4. Transgender and intersex PIOC's shall be given the opportunity to shower separately from other PIOC's."</p> <p>(e) Policy compliance regarding safety considerations for all youth and youth own views with respect to his or her own safety are given serious consideration is demonstrated on the Risk Screening Tool.</p> <p>(h-i) The Grow Academy PAQ states this standard is not applicable as the facility does not utilize seclusion.</p> <p>Based on the review of facility practices, which include discussing accommodations with transgender and intersex youth before arrival, the facility exceeds the requirements of this standard.</p>

Staff and youth were comfortable reporting verbally to any staff, a trusted adult in the community, or their teacher, and were aware they could call the hotline on the PREA posters, report anonymously, or use the grievance process.

During the tour, PREA signage and audit postings were observed in multiple areas of both program buildings. Signage included agency zero tolerance information, internal and external reporting information, and the advocate's phone number and address. During the tour, the Auditor used a youth payphone to contact the PREA hotline. After providing proper introductions and the reason for the call, a message was left requesting information on steps taken when a call is received. Within minutes, the Program Analyst was able to show an email demonstrating the call had been answered and immediately forwarded to the PREA Office.

(a) The Grow Academy PAQ states the agency has established procedures allowing for multiple internal ways for residents to report privately to agency officials about sexual harassment, abuse, retaliation and or any type of neglect.

Wisconsin Department of Corrections Executive Directive #72, Subject: Sexual Abuse and Sexual Harassment in Confinement, page 11-12, section XIV. A., states, "PIOC Reporting

In addition, the DOC shall provide at least one way for PIOC's to report sexual abuse and sexual harassment to a public or private entity that is not part of the DOC."

The facility provided Wisconsin Department of Corrections Zero Tolerance Reporting Posting in both English and Spanish. The posting includes the following reporting information.

- Please provide as much detail as safely possible.

(b) The Grow Academy PAQ states facility provides at least one way for residents to report abuse or harassment to a public or private entity or office that is not part of the agency. The agency does not have a policy requiring residents detained solely for civil immigration purposes be provided detention facility locator information. Policy compliance can be found in provision (a) of this standard. The PAQ states, "N/A. Wisconsin Department of Corrections Executive Directive #72, Subject: Sexual Abuse and Sexual Harassment in Confinement, page 13, section XV, states, "All sexual abuse and sexual harassment complaints filed through the Inmate Complaint Review System shall be immediately referred to facility leadership for review and sexual abuse and/or sexual harassment investigation. The interviews with youth demonstrated they were aware of the hotline number for the advocate and that the advocate was available to them; however, neither had a clear understanding of the services provided by an advocacy center, as both stated they had never experienced sexual abuse and therefore likely did not pay attention.

Site Observation:

During the tour, the advocate was contacted through the use of a youth payphone. After proper introductions and the reason for the call, the advocate stated they would support victims through forensic exams, assist them in reporting, and provide continuous emotional support. The advocate stated all are mandated to complete annual training.

(a) The Grow Academy PAQ states the facility provides residents with access to outside victim advocates for emotional support services related to sexual abuse. The facility provides residents with access to such services by giving residents (by providing, posting, or otherwise making accessible) mailing addresses and telephone numbers (including toll-free hotline numbers where available) for local, State, or national victim advocacy or rape crisis organizations.

- The facility provides residents (by providing, posting, or otherwise making accessible) with access to such services by giving residents mailing addresses and telephone numbers (including toll-free hotline numbers where available) for immigrant services agencies for persons detained solely for civil immigration purposes.

- The facility provides residents with access to such services by enabling reasonable communication between residents and these organizations in as confidential a manner as possible.

Wisconsin Department of Corrections Executive Directive #72, Subject: Sexual Abuse and Sexual Harassment in Confinement, page 15, section XVI. The facility informs residents, prior to giving them access to outside support services, of the mandatory reporting rules governing privacy, confidentiality, and/or privilege that apply for disclosures of sexual abuse made to outside victim advocates, including any limits to confidentiality under relevant Federal, State, or local law. Interviews:

1. Random Youth
2. Youth Counselors
3. Supervising Youth Counselor / PREA Compliance Manager

Interviews with youth demonstrated each actively practiced and understood the importance of immediately reporting all allegations of sexual abuse and sexual harassment.

Interviews with staff demonstrated they would accept allegations of sexual harassment and sexual abuse verbally, through notes, grievances, or from a third party. Staff stated they complete a written incident report after receipt or discovery of any allegation.

Site Observations:

The facility has not received an allegation of sexual harassment or sexual abuse in the past 12 months.

(a) The Grow Academy PAQ states the agency requires all staff to report immediately and according to agency policy any knowledge, suspicion, or information they receive regarding an incident of sexual abuse or sexual harassment that occurred in a facility, whether or not it is part of the agency. - b. child welfare caseworker, if the alleged victim is under the guardianship of the child welfare system; or
- c. Attorney or other legal representative, if a juvenile court has jurisdiction over the alleged victim."

3. Department of Corrections, Office of the Secretary, Sexual Abuse Response Checklist, dated 8.2024
4. Sexual Abuse Incident Response, Youth Counselor, First Responder Card

Interviews:

1. Youth Counselors
2. Supervising Youth Counselor / PREA Compliance Manager

Interviews with staff demonstrated each were aware of their first responder responsibilities. Staff stated reporting information is posted throughout the facility and many carried PREA cards. Staff stated they would separate victims from perpetrators into areas where they were safe, not allow them to wash, drink, or change clothing, call facility supervisors, provide medical help if needed, and contact law enforcement when necessary.

Site Observation:

The facility has not received an allegation of sexual harassment or sexual abuse in the past 12 months.

(a) The Grow Academy PAQ states the agency has a first responder policy for allegations of sexual abuse. The policy requires that, upon learning of an allegation that a resident was sexually abused, the first security staff member to respond to the report shall be required to separate, preserve, protect, collect physical evidence, request that the alleged victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating. If the abuse occurred within a time period that still allows for the collection of physical evidence, ensure that the alleged abuser does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating. In the past 12 months, 16 allegations occurred where a resident was sexually abused.

Of these allegations, the number of times the first security staff member to respond to the report separated the alleged victim and abuser was zero.

Wisconsin Department of Corrections Executive Directive #72, Subject: Sexual Abuse and Sexual Harassment in Confinement, page 14, section XVI. A. 1. a-d, states, "Upon learning of an allegation that a PIOC was sexually abused, the first security staff member to respond to the report shall, at a minimum:

- a. Separate the alleged victim and abuser;
- b. Preserve and protect any crime scene until appropriate steps can be taken to collect any evidence;
- c. If the abuse occurred within a time period that still allows for the collection of physical evidence, request that the alleged victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking or eating; and
- d. If the abuse occurred within a time period that still allows for the collection of physical evidence, ensure that the alleged abuser does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking or eating."

The facility provided a Department of Corrections, Office of the Secretary, Sexual Abuse Response Checklist. The checklist demonstrates the following is documented.

The agency designates the PREA Compliance Manager and the Victim Services Coordinator to monitor staff reporters for retaliation.

Wisconsin Department of Corrections Executive Directive #72, Subject: Sexual Abuse and Sexual Harassment in Confinement, page 17, section XVIII. Wisconsin Department of Corrections Executive Directive #72, Subject: Sexual Abuse and Sexual Harassment in Confinement, page 18, section XIX. B. 1., states, "PIOCs who have committed PIOC-on-PIOC sexual abuse are subject to disciplinary sanctions pursuant to a formal disciplinary process [§115.78(a), §115.378(a)]. Sanctions shall be commensurate with the nature and circumstances of the violation, the PIOC's disciplinary history and the sanctions imposed for comparable offenses by other PIOCs with similar histories."

(b) The Grow Academy PAQ states in the event a disciplinary sanction for resident-on-resident sexual abuse results in the isolation of a resident, the facility policy requires that residents in isolation have daily access to large muscle exercise, legally required educational programming, and special education services. In the event a disciplinary sanction for resident-on-resident sexual abuse results in the isolation of a resident, residents in isolation receive daily visits from a medical or mental health care clinician. In the past 12 months, the number of residents placed in isolation as a disciplinary sanction for resident-on-resident sexual abuse was zero.

Wisconsin Department of Corrections Executive Directive #72, Subject: Sexual Abuse and Sexual Harassment in Confinement, page 18, section XIX. B. 2., states, "Juveniles who have been removed from general population shall not be denied daily large-muscle exercise, access to educational programming or special education services and should include, to the extent possible, access to other programming and work opportunities. Juveniles who have been removed from general population shall receive daily visits from a medical or mental health practitioner."

(c) Wisconsin Department of Corrections Executive Directive #72, Subject: Sexual Abuse and Sexual Harassment in Confinement, page 18, section XIX. B. 3., states, "The disciplinary process shall consider whether a perpetrating PIOC's mental disabilities or mental illness contributed to their behavior when determining what type of sanction, if any, should be imposed."

(d) The Grow Academy PAQ states the facility does offer therapy, counseling, or other interventions designed to address and correct the underlying reasons or motivations for abuse. However, the facility does not require participation as a condition of access to programming or other benefits.

Wisconsin Department of Corrections Executive Directive #72, Subject: Sexual Abuse and Sexual Harassment in Confinement, page 18, section XIX. B. 4., states, "The facility shall consider requiring perpetrating PIOC's to participate in interventions, such as therapy or counseling, to address and correct underlying reasons or motivations for the abuse [§115.78(d)]. For juveniles, the DOC may require participation in such interventions as a condition of access to any rewards-based behavior management system or other behavior-based incentives, but not as a condition to general programming or education."

(e) The Grow Academy PAQ states the agency disciplines residents for sexual contact with staff only upon finding that the staff member did not consent to such contact.

Wisconsin Department of Corrections Executive Directive #72, Subject: Sexual Abuse and Sexual Harassment in Confinement, page 18, section XIX. B. 5., states, "A PIOC may only be disciplined for sexual contact with a staff member upon a finding that the staff member did not consent to such contact."

(f) The Grow Academy PAQ states the agency prohibits disciplinary action for a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred, even if an investigation does not establish evidence sufficient to substantiate the allegation.

Wisconsin Department of Corrections Executive Directive #72, Subject: Sexual Abuse and Sexual Harassment in Confinement, page 18, section XIX. B. 6., states, "Reports of sexual abuse or sexual harassment made in good faith based upon a reasonable belief that the alleged conduct occurred shall not constitute falsely

	<p>reporting an incident or lying, even if an investigation does not establish evidence to substantiate the allegation.”</p> <p>(g) The Grow Academy PAQ states the agency prohibits all sexual activity between residents. If the agency prohibits all sexual activity between residents and disciplines residents for such activity, the agency deems such activity to constitute sexual abuse only if it determines that the activity is coerced.</p> <p>Wisconsin Department of Corrections Executive Directive #72, Subject: Sexual Abuse and Sexual Harassment in Confinement, page 18, section XIX. B. 7., states, “While consensual sexual activity between PIOC’s is prohibited in the DOC facilities, the DOC may not deem consensual sexual activities as sexual abuse if it is determined that the activity is not coerced.”</p> <p>Based on these reviews, the facility demonstrates compliance with the standard.</p>
