

WISCONSIN DEPARTMENT OF CORRECTIONS

Governor Tony Evers / Secretary Kevin A. Carr

COVID-19 (CORONAVIRUS)

Date: May 28, 2020

Subject: Video Visitations in DAI

Beginning June 1, 2020, the Department of Corrections (DOC) will be expanding video visits to all persons in our care at Racine Youthful Offender Correctional Facility (RYOCF), Columbia Correctional Institution (CCI) and Green Bay Correctional Institution (GBCI). Video visitations are a free service being offered to persons in our care and their authorized visitors, and will be available while visitation is suspended in response to COVID-19 precautions. The Division of Adult Institutions is working to expand this initiative to other adult institutions and will do so as resources allow. This effort is part of the DOC's overall mission during the ongoing public health crisis to enhance communication for those in our care and their loved ones.

All persons in our care at these designated adult institutions are eligible to participate, and individual eligibility will be determined in accordance to department policies. A comprehensive list of rules and procedures related to this initiative will be provided to staff and persons in our care at their assigned institutions. Further details will be released on our public website as we expand this opportunity to additional institutions. In the future, the decision to reinstate in-person visitation schedules will be evaluated in consultation with the Department of Health Services.
