

Early Parole Discharges (April 1, 2020-May 12, 2021)

Report Required Under WI Statute 301.03(16)

Under s. 301.03(16), at the request of the legislature, the Wisconsin Department of Corrections (WI DOC) must submit to the legislature under s. 13.172 (2) a report that includes the following information and post the report on the department's website:

(a) If, since the previous report was submitted or during a date range specified in the request, an individual was pardoned for a crime or was released from a term of imprisonment without completing his or her sentence, the name of the individual, the pertinent crime, and the name of the person who authorized the action.

(b) If an individual who appears on a report submitted under this subsection is convicted of a crime, the name of that individual and the crime for which he or she was convicted.

Currently, individuals who were discharged early from parole by the WI DOC under s. 302.11(6) are the only individuals who meet the criteria laid out in this statute, as no individuals who have been pardoned were serving a sentence at the time of the pardon. The Governor is required by Article 5 Section 6 of the Wisconsin Constitution to submit a separate annual report to the legislature on any pardon granted. The actual language provides that "He shall annually communicate to the legislature each case of reprieve, commutation or pardon granted, stating the name of the convict, the crime of which he was convicted, the sentence and its date, and the date of the commutation, pardon or reprieve, with his reasons for granting the same."

As requested, the following list includes individuals who received an early discharge from parole between April 1, 2020 and May 12, 2021. Each offense that the individual received an early discharge for is listed (multiple counts of the same offense type are only listed once). Additionally, for those offenses, the earliest sentencing date was included.

Records found on the Wisconsin Consolidated Court Automation Programs (CCAP) website were used to determine if an individual had received a criminal conviction in Wisconsin after early discharge.

Some individuals remain on supervision after receiving their early parole discharges due to consecutive probation cases or concurrent Truth in Sentencing cases. This is noted in the column labeled "Remains Under DOC Supervision."

Please note that this is a point-in-time report. Meaning that data points related to "Criminal Convictions After Discharge" were pulled as of May 3, 2021 and data points related to "Remains Under DOC Supervision" were pulled as of May 12, 2021 and may have changed since the submission of this report.
