SUBJECT: Visiting Room Vending Machines

Chippewa Valley Correctional Treatment Facility (CVCTF) will be transitioning to cashless vending machines in the visiting room, effective June 13, 2025.

Visitors will no longer be allowed to bring coins or bills into the facility once this change takes place. Instead, friends and family will be allowed to bring in one credit or debit card for vending machine use during visits.

A memo will be posted on the Department of Correction's public website under the "Adult Facilities – Chippewa Valley Correctional Treatment Facility" tab to inform friends and family of this change.
