This handbook includes rules of acceptable behavior for daily living. You are required to follow all rules of the Department of Corrections, including Administrative Codes, Division Policies, and rules specific to DCI. A booklet, *Rules of the Department of Corrections DOC 303*, relating to discipline, code of inmate offenses, and disciplinary procedure has been issued for the information and guidance of all inmates and lists the rules of conduct all inmates are expected to follow. Administrative Code and Division policies and DCI procedures are available in the Library.

In accordance with DOC 300 IMP 2, Limits of Confidentiality, you will be afforded confidentiality regarding certain information as defined on the form *Limits of Confidentiality of Health Information* (DOC-1923).

In accordance with DAI Policy 306.00.01 – Electronic Monitoring Surveillance, activities occurring on correctional institution property may be monitored and recorded without the person being aware, subject to designated exclusions.

Any institution which houses maximum and medium security inmates is considered a maximum security institution.

This handbook should be considered a general guideline as not all directives/policies/procedures can be totally covered in complete detail within this handbook. Any changes that occur or are directed by the institution after the printing of this handbook take precedence. This handbook and the guidelines herein will remain in effect until the next updated version is distributed.

Additional policies and procedures affecting inmates, other than those in this inmate handbook, are available for review in the Library.

Should you have suggestions or ideas to improve the operation or conditions of Dodge Correctional Institution, you may submit these to the Office of the Warden.

RULES OF THE DEPARTMENT OF CORRECTIONS

You have been issued the *Rules of Department of Corrections DOC 303*, relating to discipline, code of inmate offenses, and disciplinary procedures.

Rules have been established in order to maintain order and security, and to provide for the protection of persons and property within the institution. Review it carefully and frequently. The policies and procedures contained in this GP Handbook are in addition to the general rules contained in DOC 303.

LIMITED ENGLISH PROFICIENCY (LEP) POLICY NOTICE

The Wisconsin Department of Corrections (DOC) shall, within available resource constraints, take reasonable steps to continue providing Limited English Proficiency (LEP) offenders in its custody, or under its supervision, meaningful access to vital documents, important information and health services and to ensure they are not precluded from accessing or participating in important programs or proceedings, including those which may affect the duration and condition of their confinement or favorable classification. This shall be done at no cost to the inmate. The DOC shall not retaliate against any LEP offender for requesting such access. The DOC does not prohibit communication in languages other than English, either by policy or practice, except where security practices require.

PREA (Prison Rape Elimination Act)

You Have The Right To Be Safe From Sexual Violence

1. While you are under the supervision of the Division of Adult Institutions in the Wisconsin Department of Corrections, no inmate or staff has the right to pressure you into any sexual acts. Regardless of your gender, age, size, race, ethnicity or sexual orientation, you have the right to be safe from any sexual advances and acts.
2. The Federal government passed the Prison Rape Elimination Act (PREA) in 2003 to help prevent, reduce and eliminate any sexual misconduct between inmates and between inmates and staff.
3. Under Wisconsin law or the Division of Adult Institutions rules:
 - a. Sexual intercourse, contact or conduct between inmates and between inmates and staff is prohibited.
 - b. Sexual assault of an inmate or staff member will be investigated and referred for prosecution pursuant to the laws of Wisconsin.

Zero Tolerance

1. You must respect others. It is never right to pressure someone to engage in a behavior he/she does not want to do. You do not have the right to force any type of sexual behavior on a person. There should be no joking or teasing of any kind of a sexual nature. These behaviors will not be tolerated.
2. Sexual acts or contacts between inmates (like holding hands, kissing, etc.) even when both people want to, are not allowed. Both inmates involved in sexual conduct will be held accountable.
3. It is never appropriate for a staff member to make sexual advances or comments, or to engage in sexual contact with an inmate. Even if the inmate wants to be involved with a staff member, the staff member is not allowed to participate. Wisconsin law and the Wisconsin Department of Corrections specifically forbids sexual activity between inmates and staff, contractors or volunteers.
4. Staff is subject to discipline and prosecution regardless of whether you consent to such activity. There are no exceptions.
5. Retaliation against any person who reports sexual activity will not be tolerated.

What Is Sexual Misconduct?

1. Sexual Assault or Sexual Contact – When one or more inmates tries to force or convince another inmate to participate in a sexual act through manipulation or through the use of threats, intimidation, inappropriate touching or other actions.
2. Sexual Conduct – Any type of sexual activity between inmates which includes asking for, paying for, promising, threatening or communicating with another person in any manner, including orally or in writing, to have sexual intercourse. It also includes exposing, touching or gesturing to the inmate's own intimate parts to attract the attention of another person or using sexually explicit language.
3. Sexual Assault of a Staff Member BY AN INMATE – You may be charged with the crime of First, Second, Third, or Fourth degree sexual assault and prosecuted.
4. Sexual Assault or Sexual Conduct BY A STAFF MEMBER – When a staff member engages in, or attempts to engage in, a sexual act with any inmate.
 - a. This includes the staff member intentionally touching the inmate's intimate parts with the intent to abuse, humiliate, harass, or degrade the inmate, or arouse or gratify the sexual desire of any person.
 - b. Sexual behavior can include, but is not limited to, indecent, profane or abusive language or gestures of a sexual nature, inappropriate visual surveillance of inmates, making sexually offensive comments or gestures, solicitation of sexual activity through promises of favors, or threatening an inmate for refusing sexual advances.
5. A properly conducted pat search does not constitute staff sexual misconduct and is not the basis for a complaint.

How To Report An Incident Of Sexual Misconduct Or Sexual Assault

1. It is important that you tell a staff member as soon as possible if you have been sexually assaulted, have been threatened or are being asked to do something sexually.
 - a. You can tell a Social Worker, Psychologist, Chaplain, Warden, Shift Supervisor, Sergeant, Officer, Health Service Unit (HSU) staff, or any other staff member.
 - b. DOC staff members are instructed to keep the reported information confidential and only discuss it with the appropriate officials that have a need to know in order to perform their duties.
2. There are other ways to report sexual misconduct or an assault if you are not comfortable talking with staff. You can:
 - a. File a complaint. Complete *Offender Complaint (DOC-400)* which is available on all housing units or from the Institution Complaint Examiner. This is a confidential process.
OR
 - b. Write directly to the Warden, Division of Adult Institutions (DAI) Administrator or Secretary of the Wisconsin DOC. You can send the Warden an *Interview/Information Request (DOC-761)* reporting sexual misconduct. To ensure confidentiality, place in a sealed envelope.
OR
 - c. Dial the reporting line 777 which is a free call on the inmate telephone system.
OR
 - d. Contact the local law enforcement agency. You can report a sexual assault by contacting local law enforcement directly, or through a third party.

What To Do If You Are Assaulted

1. If you are sexually assaulted, you should report it immediately to staff who will offer you immediate assistance and protection if needed. Staff will also refer you for a medical examination and clinical assessment.
2. Even though you may want to clean up after the assault, it is important NOT TO shower, wash yourself, drink or eat anything, change your clothing, or use the bathroom before you see medical staff.
3. Medical staff will gather any physical evidence of the assault, examine you for injuries (some may not be visible to you) and check for sexually transmitted infections.
4. Please remember that by reporting the crime of a sexual assault or sexual misconduct right away, you are assisting in helping stop this harmful behavior and sending a message to the perpetrator that this behavior will not be tolerated.

NO MATTER WHERE YOU GO OR WHERE YOU LIVE, YOU HAVE THE RIGHT TO BE SAFE FROM SEXUAL VIOLENCE.

CHAPTER 1 – RESOURCES FOR INMATES

CANTEEN

Refer to DAI Policy 309.52.01 – Inmate Canteen

1. Canteen orders are filled weekly, packaged into clear bags, and delivered to you at your housing unit. You are allowed one Canteen order per week. Maximum spending for General Population inmates is limited to \$37.50 per week.
2. The Unit Officer distributes Canteen statements and order forms on the day prior to the unit's scheduled Canteen day.
 - a. You must have your Canteen order form and signed account statement attached and returned to the Unit Officer before 8:45 PM on the evening before Canteen.
 - b. No orders will be accepted after that time. Submitted Canteen orders will not be retrieved or returned for the addition or deletion of items.
3. You are responsible for accurately filling out the Canteen order form, using the most current Canteen price list. You must make sure there is money in your account before ordering. If you overspend your regular account balance, you may be subject to disciplinary action for ordering Canteen without sufficient funds.
4. You will not be allowed to place a Canteen order within 24 hours of your transfer. Canteen orders that arrive after property has been packed for transfer will be returned to Canteen and the order amount credited to your account.
5. An Officer will provide your canteen order to you.
 - a. You are responsible for checking to see that you have received all items purchased before opening the sealed plastic bag.
 - b. If you believe a mistake has been made, tell the Officer immediately before opening the sealed bag.
 - c. You and the Officer are required to sign the two-part receipt before the bag is unsealed.
 - d. The original is returned to Canteen and you keep the copy.
 - e. The signatures indicate that you accept the order. If you accept your order by signing the receipt, or by leaving the immediate area, you cannot claim a mistake has been made.
6. If a mistake is found, it must be written on the receipt, and signed by both you and the Officer. The entire sealed order and attached receipts are to be returned to Canteen. Orders returned to Canteen for replacement will be reviewed and you will be notified of the resolution.
7. You are required to keep your Canteen receipt until each item from your order is gone. Any inmate, who possesses items from Canteen and does not have a Canteen receipt, may be subject to disciplinary action. The Canteen receipt is your property slip until the product is gone.
8. All plastic Canteen bags are to be given to the Officer for disposal immediately after being unsealed.
9. Canteen items purchased are for your individual use and may not be taken from your housing unit.
10. The Canteen order form has order limits and possession limits on most items which may not be exceeded.
11. Any trading or receiving of Canteen items from another inmate is unauthorized transfer of property.
12. Bottles, cardboard cases and containers may only be used for the purpose intended and they must be disposed of in the designated receptacles on the housing unit when their original content has been consumed. The only containers inmates are allowed to have are the cups and bowls from Canteen and an approved pitcher with a cover from an approved source.
13. Canteen is regulated by your status at the time you receive your order form.

2. Requests to not monitor inmate to inmate legal discussions in the Law Library must be submitted to the Security Director for prior approval.

Refer to DCI Procedure 900.512.02 – Locks of Love Donation Program to learn more about the anonymous donation of hair to the Locks of Love Program.

INMATE COMPLAINT REVIEW SYSTEM (ICRS)

Refer to DCI Procedure 900.103.02 – Complaint Review System – Inmate

The purpose of the Inmate Complaint Review System (ICRS) is to give inmates in adult institutions a process by which grievances may be expeditiously raised, investigated and decided.

The Administrative Rule governing the ICRS is Wisconsin Administrative Code Ch. DOC 310, and is available in the Library to provide further information on proper procedures.

Inmates writing to staff must follow the chain of command in an effort to informally resolve the issues prior to filing an *Offender Complaint (DOC-400)*. All levels prior to the Warden's office must be exhausted before filing an inmate complaint. These levels are listed on the *Institution Resources Guide* available on your unit. You must start at

the lowest level before going to the next step. If you have not done so, the Institution Complaint Examiner (ICE) may direct you to do so, prior to accepting the complaint. The department shall not exclude impaired, handicapped or illiterate inmates from full participation in the ICRS. Failure to follow the chain of command and/or sending requests to multiple staff at the same time will result in your request not being acknowledged.

1. Complaints filed by an inmate or group of inmates shall:
 - a. Be typed or written legibly on forms supplied for that purpose.
 - b. Be signed by the inmate(s).
 - c. Not contain language that is obscene, profane, abusive, or threatens others, unless such language is necessary to describe the factual basis of the substance of the complaint.
 - d. Be filed only under the name by which the inmate was committed to the department or the legal name if an inmate has had a name change.
 - e. Contain only one issue per complaint, and shall clearly identify the issue.
2. Inmates may not file more than two (2) complaints per calendar week, excluding complaints that raise health and personal safety issues, including confidentiality of health records. The ICE may waive this limit for good cause.
3. An inmate shall file a complaint within 14 calendar days after the occurrence giving rise to the complaint, except that the ICE may accept a complaint late for good cause.
4. The ICE shall use discretion in deciding the method best suited to determine the facts, including personal interviews, telephone calls and document review, except that the processing of complaints under s. DOC 310.08(3) shall be limited to review of the record. The ICE shall direct complaint recommendations to the appropriate Reviewing Authority (RA), or the ICE may reject a complaint.

Complaint Appeal Process

1. An inmate may appeal a rejected complaint within 10 calendar days only to the appropriate RA who shall only review the basis for the rejection of the complaint. The RA's decision is final.
2. A complainant dissatisfied with the RA's decision may, within 10 calendar days after the date of the decision, appeal that decision by filing a written request for review with the CCE on *Corrections Complaint Examiner Review* (DOC-405).
3. The CCE will make a recommendation on your appeal to the Secretary of the Department of Corrections. The Secretary will review the material submitted and render a decision.

Appeals to the CCE must be sent directly, at the inmate's expense, to the CCE via U.S. Mail at:

Corrections Complaint Examiner
Department of Corrections
P.O. Box 7925
Madison, WI 53707-7925

Offender Complaint (DOC-400) forms and envelopes, *Offender Complaint Appeal (DOC-405)* forms, and *Request for Review of Rejected Complaint (DOC-2182)* forms for ICRS use are available on the housing units. Inmates may also request these forms from the ICE Department on an *Interview/Information Request (DOC-761)*.

If your complaint contains a false statement, making that false statement outside the ICRS constitutes the offense of lying about staff.

INTERVIEWS WITH STAFF

Before requesting an interview with a staff member, inmates must review the *Institution Resources Guide* to determine the proper person to contact for their concerns.

1. Should you desire to meet with any staff member, *Interview/Information Request (DOC-761)* forms are available on the unit.

2. Provide all information requested on the form, including the specific reason for the interview.
3. If the request is an emergency, an Officer or Work Supervisor can telephone the staff member you wish to see.

Medical Co-Payment

Inmates are charged a \$7.50 co-payment for face-to-face contact with a health care provider that is the result of an inmate initiated request for health care services. This includes a Health Services Request or request made through non-health facility staff. No inmate will be refused health care for inability to pay a co-payment.

Follow-up health appointments determined and scheduled by health care providers will not be charged a medical co-payment.

There are also various over-the-counter medications and medical supplies available through the DCI Canteen for purchase for self-treatment of routine health concerns.

Injuries/Off-site Medical Appointments and Hospitalizations

If you are injured, it is your responsibility to immediately notify the staff member supervising the area.

Off-site medical appointments and hospitalizations are arranged through the HSU at the direction of the Medical Practitioner. University of Wisconsin Hospital and Clinics in Madison, Waupun Memorial Hospital, as well as other community health facilities, provide services requested through the DCI Medical Practitioners. The UW Hospital in Madison and Waupun Memorial Hospital have Security Units and hospitalization will occur in that unit, unless otherwise determined. If hospitalized, you must abide by Security Unit visiting rules as they pertain to those people who are permitted to visit and also to the general rules of conduct. Greens will routinely be worn when traveling to the clinic/hospital (exception may be made for emergencies).

Health Service staff are not allowed to inform you of the date or time of your off-site medical/hospital appointment per security regulations.

Inmates refusing an off-site clinic/hospital appointment will be asked to sign a refusal of treatment form.

Medications

Non-Controlled Medications

1. These are medications that are issued to inmates and do not remain under the direct supervision of staff.
2. Non-controlled medications are self-administered by the inmate.
3. A white label denotes all non-controlled medications.
4. Non-controlled medication should be locked in your footlocker in your cell at all times.
5. Cards with unused, discontinued, or outdated medications must be given to the Unit Officer for return to HSU.

Controlled Medications

1. Controlled medications are under staff control and kept in secure locations.

4. In some units, the Officers control all medication.
5. Whenever you move to a new housing unit, ask how to get your controlled medications.
6. Certain controlled and non-controlled medications are dispensed only through the HSU. If your medications are dispensed through HSU you will receive a permanent pass from HSU.
7. If you have questions regarding your controlled medications you may submit a HSR to HSU. You are responsible for knowing what medications you are taking and why you are taking the medication.

Medication/Medical Supply Refills

1. Medication refills are only processed Monday through Friday. Medication refills are not processed on Saturday, Sunday or holidays.
2. When you are seven days from running out of your medications, request to have them refilled. You may request a medication refill by:
 - a. Follow the instructions for completing the *Medication/Medical Supply Refill Request (DOC-3035C)* refill request. Do not use an *Information/Interview Request (DOC-761)*.
 - b. The *DOC-3035C* is a confidential document. Place the completed *DOC-3035C* in the Service Request Envelope available on your housing unit. Seal the envelope and circle "HSU" on the outside of the envelope.

 - g. If after five days you have not received your refill, submit a *Health Services Request & Copayment Disbursement Authorization (HSR) (DOC-3035)* to HSU and indicate that you have not received your medication refill.

Comfort Items

Comfort items are such things as shoes, extra blankets and pillows, extra or alternative mattresses, thermal clothing, gloves, sunglasses, and other similar items.

The most common incorrect assumption about such items is that they are necessary for proper medical care. This is not the case for the vast majority of medical conditions. Thus, requests for these sorts of items are not medical issues.

At DCI, the HSU staff is committed to providing quality medical care for significant medical problems. We will not address comfort issues unless they are clearly indicated as medically necessary to treat significant medical conditions.

Among reasonable exceptions to this policy are things like low bunk, stair or tier restrictions and legitimate work restrictions. These exceptions will be made only when clearly necessary for treatment of significant medical conditions. Don't ask HSU to intervene in job assignments – that is a matter for discussion with the work supervisor.

HSU is here to address significant medical needs, and to deliver quality care for those medical needs.

Lay-in Status

Refer to DAI Policy 309.55.02 – Lay-In and Sick Cell Status

Lay-in status is a process that is initiated by an inmate who is too ill to report to a work assignment or has been sent back from a work assignment because they are too ill to work. The HSU issues medical sick cell status.

Medical Appointment Cancellation

You may refuse to keep an outside hospital or clinic appointment. You will be required to sign a waiver form that you refused medical treatment.

 - f. The dentist will evaluate your DSR.
3. Dental staff will respond to your DSR in writing by completing the bottom half of the DSR and returning the second page of the DSR to you in a confidential manner. The response will give you an idea of how soon you will be seen.
4. DSRs are handled as follows:
 - a. If the dental problem is determined by the dentist to be urgent, you will be called to see the dentist within one to two days.
 - b. If the dental problem is determined by the dentist to be routine, you will be put on a waiting list to receive treatment. When your name gets to the top of the list, you will be called for an appointment.
 - c. You may remain on a waiting list for some time. Submitting a second slip is not necessary if your name is already on the list.

5. Emergency dental problems or injuries should be brought to the attention of the staff as soon as possible. Some examples of emergencies are:
 - a. Broken jaw.
 - b. Oral bleeding that does not stop.

HEALTH CARE RECORD ACCESS

Health Care Record (HCR)

All inmates have a multi-part HCR primarily consisting of a Medical Chart, Patient Request Folder, Dental Record and Psychological Services Unit Record. Parts of the HCR are kept in the Health Services Unit, Dental Services Unit and Psychological Services Unit.

Confidentiality of HCR

1. Under Wisconsin and federal laws, the DOC must protect the confidentiality of your health information. This generally means that you must sign an authorization (consent) before the DOC may share health information with anyone, including your family members.
2. Legal exceptions exist that permit sharing of health information without your consent.
3. Health staff members have a right to access your health information to provide you with needed medical, dental and mental health care.
4. In a correctional facility, certain non-health employees may access a limited amount of your health information to do their jobs. For example:
 - a. An Institution Complaint Examiner may review limited health information to

- investigate a complaint that you file.
 - b. Members of a Mental Health Multi-Disciplinary Team or a Special Needs Committee need some limited health information to make decisions about you.
 - c. An Officer may sometimes be present during a health appointment for security reasons and may deliver certain medications.
5. DOC health staff may share health information with outside community (off-site) health providers in order to make sure that you receive needed health care.

Requesting a HCR Review and/or Copies

1. If you want to review your HCR and/or request copies of documents you must complete the appropriate request form, depending on what part of the HCR you wish to review:
 - a. *Health Service Request (HSR) (DOC-3035) (Blue)*
 - b. *Dental Service Request (DSR) (DOC-3392) (Yellow)*
 - c. *Psychological Service Request (PSR) (DOC-3035B) (Green)*
2. In addition to completing a HSR, DSR or PSR, Wisconsin law requires that patients sign a written authorization form before reviewing and/or receiving copies of health care information about themselves. The DOC uses the *Authorization for Use and Disclosure of Protected Health Information (PHI) (DOC-1163A)* to describe the information you wish to review and/or copy.
3. It is recommended that you complete a DOC-1163A that will permit you to review your own entire HCR during your incarceration. That will eliminate the need to complete a form every time you want to review your HCR. Enter "end of incarceration" as the effective time period of the form on the back side/second page.
4. When you request a record review on the HSR, DSR or PSR, an appointment should be scheduled within 30 days of the request unless the HIPAA Compliance Officer approves a one-time 30 day extension for good cause.
 - a. There is no charge for a record review appointment, and it will usually be for 30 minutes.
 - b. You are allowed to take notes using supplies provided by the staff member overseeing your review.
 - c. You may choose documents you want copied by marking pages in a manner directed by staff.
 - d. Be aware that if you remove, destroy, write upon or in any way alter any document in your HCR, a staff member may write a conduct report for destruction of State property.
 - e. If you behave inappropriately during a record review, the supervising staff member may end the appointment.
5. A record review appointment is not needed when you describe in your HSR, DSR or PSR the specific documents you wish copied clearly enough that staff can locate the documents in your HCR.
 - a. You must complete a *Disbursement Request (DOC-184)* at 15 cents per side of a page.
 - b. Copies must be provided within 30 days unless the HIPAA Compliance Officer approves a one-time 30 day extension for good cause.

Disclosing Health Information to Someone You Choose

1. You have the right to sign an *Authorization for Use and Disclosure of Protected Health Information (PHI) (DOC-1163A)* or legally equivalent form, to allow another individual or agency of your choice to review and/or obtain copies of your health information.
2. You must check boxes or write a description of the information that the DOC may disclose to the person or agency you name on the form.
3. The recipient of copies of the records must pay copying fees.
4. You may not authorize another inmate to review your records or obtain copies.

Advance Directives

Advance Directives include a Power of Attorney for Healthcare or a Declaration to Physician (Living Will). The state approved forms are available through the HSU or Library. The forms meet all the legal requirements of the laws governing the advance directives.

Power of Attorney for Healthcare (POA-HC)

A POA-HC is a legal document that you ("principal") complete and sign in front of two witnesses, either two Social Workers or Chaplains or a combination of each, naming another individual ("agent") to make your health care decisions for you if you ever become unable to make those decisions for yourself.

A POA-HC is a way for you to plan ahead to authorize someone you trust ("agent") to make your health care decisions if you ever become temporarily or permanently unable to do so yourself. A POA-HC allows your agent to make as many of your health care decisions as you wish, not just the limited ones covered by a Declaration to Physician (Living Will) as described below.

Completing a POA-HC allows you to choose the individual you want to make decisions about your health care. You should discuss your wishes about your healthcare decisions with the agent (person you choose to represent you); for example, do you want your POA to have power over the feeding tube if you are unable to eat or drink? You can include in the POA-HC specific directions to your agent about decisions you want the agent to make.

If you do not complete a POA-HC, and are unable at some point to make your own health care decisions, a Physician must determine who has authority to make decisions for you. In Wisconsin, a family member, including a spouse, is not automatically legally authorized to make health care decisions for you. To avoid problems arising if you become very ill or have an accident, it is best to complete a POA-HC document naming the family member, or other individual that you trust as your agent.

Without a POA-HC, someone may have to ask the court to appoint a guardian of the person for you. This process can be costly, time-consuming, cumbersome and emotionally draining. It may not result in the appointment of the person you would have chosen to be your guardian. Additionally, the guardian may not know your wishes about your health care, and make decisions with which you would disagree.

The POA-HC must be activated for the named agent to make decisions for you. To be activated, two Physicians, or a Physician and a Psychologist, must decide that you are not able to make your own health decisions due to mental incapacity. You may revoke (cancel) the POA-HC at any time.

Declaration to Physician (Living Will)

A Living Will is a set of instructions signed by a patient telling a physician what to do in very limited situations. It is in effect only when a person is in a persistent vegetative state, or when a person is terminally ill and death is imminent. A Living Will does not name an agent to make decisions for you. A Living Will is recommended only when the you have no one to make decisions for you.
