# Introduction

Welcome to the Jackson Correctional Institution, a medium security adult correctional institution. Please read this handbook carefully so you are aware of our basic procedures, and of your responsibilities to the institution staff, fellow inmates and yourself. (This handbook is subject to changes and will be reviewed on a periodic basis.) Loss or damage to this handbook may result in disciplinary action, which may include restitution (\$5.00).

Upon arrival at JCI you will be housed in the X Building for institution orientation, program planning and evaluation. X Building staff will provide you with the tools you need to maintain a positive adjustment to your stay at JCI. How you use these tools is up to you. How well you utilize your time at JCI will determine the degree of self-satisfaction and growth you experience while here. At a later time you will be moved to another housing unit based upon staff recommendation and your assessed program needs.

## **PRISON RAPE ELIMINATION ACT (PREA) - Sexual Abuse / Assault Of Inmates**

---

*(Refer to Executive Directive 72 & Executive Directive 16A)*

The Department of Corrections maintains a zero tolerance policy toward all sexual contact/assault on any inmate. All allegations of sexual assault of inmates will be treated seriously. If any inmate has been the subject of any type of sexual conduct/assault from any source, immediately report this and an investigation will be conducted. No disciplinary action shall be taken against the reporting inmate unless, as a result of the investigation, it is determined the allegations were false or the inmate violated the Administrative Code.

Incidents can be reported in any of the following ways:

- Notify any staff member.
- Write to any staff member.
- Call 777 or 888 on the inmate telephones (inmate must enter DOC number like a regular call first).
- Submit a DOC-400 Offender Complaint Form.

For protection and prompt response, the best way to assure the situation is addressed quickly and confidentially is to notify a staff member immediately.

---

## **RECEPTION AND ORIENTATION**

---

Upon arrival you will be involved in numerous orientations to introduce you to our programs. Orientation will take place while you are on the X Building.

Orientation will take place each week. All inmates are required to attend and participate in the entire orientation process. You will remain in reception status and will only be allowed to use the outside recreation area until you have completed the orientation.

---

## **SURVEILLANCE OF INMATE ACTIVITIES**

---

Activities occurring on correctional institution property may be monitored and recorded without the person being aware.

---

## **UNIT MANAGEMENT**

---

JCI operates under the "Unit Management" method. Unit Management means we divide the larger institution population into smaller, more manageable groups, to improve control and relationships between inmates and staff. The housing unit team consists of the Unit Officer Staff, Social Worker, Security Supervisor and Unit Supervisor. Other staff assigned to the team may include, but are not limited to: education representative, psychologist, health services representative, and recreation leader. It is the responsibility of the team to assist inmates to resolve problems. Inmates are expected to utilize the "Chain of Command". Your first step for most of your problem resolutions is the unit Officer and/or Sergeant. If the unit Officer or Sergeant is unable to answer your question, they will direct you to the appropriate staff or resource. All team members are responsible for the security and treatment issues concerning inmates on the unit.

Most of the housing unit staff will have their offices on the housing unit. The following is a brief description of each staff member assigned to the housing unit team:

**Unit Supervisor:** Has responsibility for the total operation of the housing unit. The Unit Supervisor is the Administrator and Supervisor of the housing unit team.

**Social Worker:** The Social Worker is directly responsible to the Unit Supervisor and has major responsibility for case management and social service matters within the housing unit.

**Sergeants and Officers:** The Sergeants and Officers are primarily responsible for the security of the unit. Secondly, they are involved in the program operation of the housing unit and should be seen as the first staff person who will help you resolve an issue or problem.

## CHAIN OF COMMAND

Inmates must attempt to address and resolve their issues at the first possible level. An Interview/ Information Request (DOC – 761) may be used to address issues to institution staff.

The Chain of Command, outlined on page 8, spells out who inmates should talk to first if they have a question or concern. After waiting at least five working days (Monday through Friday, not including holidays) for a response or resolution, inmates may then contact the next and subsequent level as needed, informing them of the steps which they have already taken and what they have been told so far. Failing to follow this Chain of Command, sending requests to multiple staff, or failing to wait at least five working days will only cause delays because staff have been told to simply return your request if you have not followed these steps.

Institution staff will assist inmates with this process upon request.

### INTERVIEW/INFORMATION REQUESTS

To meet with a member of the unit staff, or obtain information from staff (except Officers and Sergeants), place a completed "Interview/Information Request" form in the unit mailbox, or submit electronically using the kiosk or tablet. # General Rules and Unit Rules

---

## HOUSING UNIT RULES / GENERAL RULES

---

The rules contained in this handbook are not meant to be all-inclusive. The instructions of staff are to be followed at all times. Any violation of the rule within the Institution Handbook may result in a verbal warning, written warning or conduct report for DOC 303.28, Disobeying Orders.

The housing units provide an environment where positive behavior, reasoning skills, and personal responsibility for your actions are expected. While on the unit, you will be expected to make responsible decisions.

The staff at JCI will not do things for you, but will be working with you to help you incorporate personal responsibility into all aspects of your daily life. We believe you are capable of solving your problems and accomplishing positive goals by choosing to make the long term effort. How you decide to act is still your choice. Changing the way you think and act is often difficult and uncomfortable. The entire institution is designed to assist you in your efforts if you are sincere.

We try to maintain consistency among units, however it may be necessary to adjust certain unit rules and regulations to meet the needs of the unit operation. Please read posted housing unit policies and procedures for more information. Additional rules for inmates residing on X-Building are located at the end of this section. Inmates in Restrictive Housing are provided a handbook while in that status.

The inmates watching television at the start of a program will determine the program to be watched. Decisions will be made by a majority vote. Once a program has started, the inmate(s) watching it may do so until the program is completed. If a disagreement arises, the unit sergeant/officer will make the decision about the program selected. Misuse of the dayroom televisions may result in loss of this privilege. Inmates may not change the volume on the TV without approval from the unit sergeant or officer. If the television creates a level of noise that is unacceptable to the unit staff, staff will adjust the volume accordingly. Inmates seated in the vicinity of the TV are to be engaged in watching TV and may not be socializing or involved in other activities.

No inmates, with the exception of the unit laundry workers, are allowed in the laundry room without staff permission. ## **CELL STANDARDS**

### ***General Rules***

Each inmate is responsible for the contents and condition of his cell. You are to keep your cell clean and orderly.

Prior to moving into a cell, the inmate and a unit officer will inspect the cell for deficiencies and will document them on form DOC-1455 (Cell Inspection Card). Both the inmate and staff will sign the form and the proper institution department may be contacted by staff to correct the problem.

Inmates are responsible for any damage found in their cells and will be charged restitution for the repairs.

There is to be nothing covering or hanging in front of the door windows to your cell. You are not to place any item in a position that would obstruct supervision, this includes placing cardboard at the foot of your bunk. Sheets, towels, blankets, papers or other articles may not be hung over furniture or the window. Nothing is to be placed on or attached to the cell lights, windowsill, window bars, between the window and the screen, walls, ceiling, door, furniture or fixtures. Inmate may not place any items in or over the vents. Inmates are only permitted to tape their radio antennas to the wall for the purpose of improving reception and may only use Scotch tape for this purpose. (Box tape is not allowed.) Digital television antennas may be hung over the bar in the window, except for X-Building, and shall not be affixed to the bars. Antennas may not be taped to windows, doors, lockers, etc. Whether you are inside or outside your cell, the door must be secured (closed). Do not put any paper, tape or other items into the locking mechanism or the doorframe.

Inmates may not throw or pour anything outside through their windows.

Each inmate is allowed only one 14"x14"x14" box for storage of personal property, laundry or legal. Inmates are permitted to retain the box designated for their television including the packing material, while they possess a television. Inmates who own a guitar or keyboard box will be allowed to store the box in the storage area of their housing unit. Boxes should be stored under the lower bunk. The institution is not responsible for items not properly secured in the provided storage lockers. Under no circumstances are boxes or cardboard to be used for tables, chairs, shelving, etc. All other empty containers (those not containing the original contents) shall be disposed of immediately.

Prior to being moved to a different cell, transferred to a different housing unit, transferred to a different institution, or released, you must clean and sanitize your cell. When you move to another housing unit, you are to take your personal belongings and state issued sheets, blankets, bedspread and towels. Your cell key is to be turned into the officers' station prior to leaving the unit. Pillows, mattresses, chairs, and wastebaskets are not to be removed from the unit or from cell to cell.

### ***Name Cards***

Each inmate will be issued a name card that is to remain in the holder on the door of the assigned cell. Name cards will include the inmate's name. The card is to be removed only if you move to a different cell or to a new housing unit, are transferred, or released. Changing, marking, damaging, or defacing a name card in any way is not allowed. If you need a new name card, promptly notify an officer.

### ***Keys***

General population inmates will receive keys to their room. Key rings or strings made of hobby materials are not allowed. Broken, damaged or lost keys, and/or problems with cell door locks or keys, must be reported to a staff member immediately. Inmates will be charged a \$5.00 fee for replacing lost or damaged keys. You are responsible for your room key. You may not give your key to another inmate for any reason with the exception of your cellmate and only with staff permission. You are expected to have your door closed and locked at all times. When reporting to the Restrictive Housing Unit, OWO, OCO, release, transfer to another unit or transfer to another institution, you must leave your key with the unit sergeant / officer. Keys may not be used for any other purpose (e.g. opening boxes) than their intended use.

### ***Cleanliness***

General housekeeping on the units and specifically in the inmate rooms is very important.

- General cleaning supplies and spray bottles are available for general population inmates during the following times: 8:30 AM – 10:30 AM, 1:30 PM – 3:30 PM and 6:00 PM – 8:00 PM. Janitor closet doors will be closed at all other times. There is no cleaning of rooms when the dayrooms are closed.
- Cleaning supplies, including cleaning rags, are not to be kept/stored in cells/rooms.
- The janitor's closet is NOT to be used for washing clothes, hair, or dishes.
- When making food, NO solids of any type, may be dumped down any sink, drain or toilet. Any food left in a sink must be picked up and placed into a waste container with a plastic liner.
- Clothes, towels, etc., are not to be washed in the cells, in garbage cans or janitor closets.

*The following is a list of housekeeping expectations for each inmate:*

- Sweep the cell daily.
- Empty the waste basket daily.
- Hang or fold clothing neatly. Place all clothing not in use in a storage area.
- Keep all surfaces dust free.
- Keep fixtures (toilet, sink, mirror, lights, and hooks) clean.
- Beds are to be made whenever you leave the room.
- Keep the door, windows, and walls clean.
- Keep towels and washcloths hung on the fixtures provided or placed neatly in the storage cabinet if dry.
- Smoke detectors and air vents are to be kept clean, unaltered, and uncovered.
- Burning or heating air fresheners, prayer oil or other substances in your cell is not allowed.

### **Room Inspections**

Unit staff will periodically inspect inmate living quarters to determine if the cells are maintained to the expected standards. Room inspections will be random and can occur at any time. Random room inspections should not be confused with room searches. The unit staff will give you notice of deficiencies found during an inspection and you will have until the 9:30 PM count to correct the problems. Inmates are responsible for the condition of their cells. If damage is found, a conduct report may be written.

### **Searches**

Staff may conduct a search of an inmate's cell/bunk area at any time. Inmates do not have a right to be present during the search. The sergeant/officer performing the cell search has the option of completing the search with the cell door open or secured. At no time is an inmate to enter or be inside the cell with an officer when a cell search is being conducted. Inmates may not stand nor sit near the cell door during the search. Disrupting the search is not permitted.

Pat searches may be done at any time.

### **COURTYARD USE**

The only location inmates are allowed in the courtyard is seated at the tables, with a maximum of six (6) people at any table. If all the tables are filled, inmates will have to sign out for the recreation field (if available) or return inside the unit and wait until a spot in the courtyard is open. There is no standing/loitering in the courtyard unless it is raining/snowing and the picnic table benches are wet. The housing unit officers determine if the benches are too wet to sit on. When housing unit staff have made that determination, inmates will be allowed to stand by the picnic tables, with a maximum of six (6) inmates to a table. At no time are inmates permitted to stand in front of or around the unit entrance doors. Do not move the tables without staff permission.

Inmates utilizing the courtyard may not go beyond the red line closest to the housing unit. If you pass the red line, you are no longer considered within the boundaries of the housing unit and you are in an unassigned area.

Walking, running or exercising within the courtyard is not permitted.

Games may be played at the tables during the hours the courtyard is open. In addition to games, the only other personal property item allowed in the courtyard is one personal cup or mug. Hobby items are not permitted in the courtyards, with the exception of a guitar. Singing, rapping or chanting is not permitted. Canteen food items are not allowed. Towels are not allowed in the courtyard.

Shower sandals and slippers are not allowed outside. Clothing must be worn properly and as intended.

Graffiti or other damage to the picnic tables will result in the table being removed for repairs and not replaced until repairs are completed. This reduces the number of tables and thus the number of people who may be in the courtyard at any one time.

Inmates are not allowed to communicate through the exterior window of their cells.

Inmates are only allowed to be in the courtyard of their assigned housing unit. Talking, shouting or yelling to other inmates or staff in another courtyard, the walkways, or the recreation field is not permitted. Yelling or shouting to other inmates or staff within the same courtyard is not permitted.

## **MOVEMENT - INSIDE AND OUTSIDE THE UNIT**

### ***Inside***

Use of the dayroom is a privilege, not a right. Inmates are only permitted in the dayroom wing of the unit in which their assigned cell is located. Inmates are not to enter the opposite side without permission from a staff member. Inmates are not to visit or loiter on the stairway, doorways, or in the vestibule area of the housing unit. Inmates assigned to the lower level are not permitted on the upper level without staff permission. Inmates living on the upper tier are only allowed on the side of the tier where their cell is located, and must use the stairs closest to their rooms.

Inmates are not to enter another inmate's room, nor are they to permit another inmate to be in their cell. There is not to be any visiting or loitering in or near the cells, or on the stairways. At no time is there to be any doorway visiting. Placing any part of your body into another room (this means breaking the plane of the door) is considered being in the room. There is no knocking on another inmate's cell door. You are responsible for taking steps to notify staff and getting unauthorized inmates out of your room.

With the exception of Oxbow Unit, during closed dayroom hours it is permissible to drink from or get a cup of water from the dayroom bubblers. Access to ice machines and hot water is not allowed during closed dayroom times.

### ***Outside***

Inmates must legibly print when signing out from their housing units, when leaving the confines of the unit (beyond the courtyard) using the Unit Absence Record recording their name, number, specific destination (laundry, music, hobby, school, maintenance, library, etc.), and time left. When going to inside recreation, sign out on the Recreation Sign-Out sheet. If staff are unable to read your sign out entry, you are not signed in or out.

### ***Inmate Movement Guidelines***

- You may only sign out when you are leaving the unit and not ahead of time.
- You may only sign out to an area at your scheduled time.
- Inmates attending activities in the recreation building or on the recreation field will only be allowed to sign out for these activities at the start of the recreation period.

- You may not stop and/or visit with inmates in other courtyards.
- You have 10 minutes to get from one area of the institution to another with the exception of recreation. For recreation, you must arrive within 10 minutes after the hour. For all activities scheduled to begin at 6:00 p.m., inmates may not sign out from the unit prior to 6:00 p.m.
- Loitering is not permitted in any area of the institution.
- Running is not allowed when moving between buildings.
- If you are at one destination and called to another area of the institution, you are to report back to your unit and sign out for the new area. If that is not possible, speak with the supervisor or officer of the area before going to the other area.
- You must sign in immediately upon return to the unit. Do not partake in any other activities until you have signed back in.

- State issued green button up or V-neck shirts (not t-shirt) and pants must be worn in all areas upon entering and beyond the Movement Control Station (MCS), with the exception of job and assignment specific clothing. (Example: Inmates assigned to work in the unit serveries will be allowed to go to HSU in their servery whites while in work status. See page 11.) All shirts must be tucked into state issued pants at all times upon entering and beyond MCS.
- Personal shoes are permitted beyond MCS except for Visits and off ground trips. (Inmates are required to wear state issued shoes for visits and off ground trips.)
- Inmates entering and exiting the outside recreation fields must remain within the designated red lines outside of their courtyard. Inmates leaving Melrose Unit to the North Recreation field must follow the designated lines. Inmates are not permitted to be on the walkways in front of another housing unit while attending outside recreation, except alternate movement will be determined during adverse weather conditions by staff.

## **MAIL DISTRIBUTION**

After mail is delivered to housing units, anyone receiving mail will have his name checked off on the mail list. The list will be posted on each side. Mail will be distributed to inmates as soon as possible, while considering other duties of staff and activities taking place at the time. On occasion, staff may not be able to process the mail until later in the evening. Inmates will be called to the mail room to pick up legal mail.

## **BULLETIN BOARDS AND POSTINGS**

You are expected to be aware of the information on the bulletin board and other designated postings and to check these areas daily. Inmates are not to remove, tamper with, damage, or mark on any item placed on the bulletin board or designated postings.

## **TOOLS**

Tools are available for inmates' use from staff. Tools are only to be used to make repairs or adjustments to your property. Tools are to be used only at the officers' station, under the supervision of an officer, and returned immediately after use to unit staff. No tool is ever to be taken to your room. You are not to lend the tools to anyone else. You are entirely responsible for any damage or warranties voided while you are using the tools.

## **TELEPHONE CALLS**

Telephone usage is a privilege. Inmate telephone service is provided on each housing unit. Phones may only be used while dayrooms are open, up until 9:15 p.m.

### **General Rules**

- Failure to end your call within the allotted time period, leaving phones dangling and/or off the hook, sharing of phone calls, three-way calls, use of another inmate's PIN # or other violations of these general rules may cause you to receive a Conduct Report and lose your telephone privileges.
- Emergency calls will be permitted with prior approval of your Unit Supervisor or Social Worker. A Warden designee may grant approval in the absence of the Unit Supervisor or Social Worker. When making a request, as much information as possible must be provided (such as the name of the hospital) since verification is necessary. Your Social Worker should be your primary contact person for emergency calls. All calls will be collect or a disbursement request will be completed and the call amount of \$5.00 per phone call will be deducted from your account. The money for the call must be in your account prior to the call.
- Telephone messages or incoming calls for inmates are not allowed. In the event of an emergency, a caller will be referred to the Unit Supervisor or Social Worker of your assigned housing unit. In their absence, the Warden designee will be contacted.

### **Attorney Telephone Calls**

Only attorneys working on active cases are allowed on your attorney call list. Attorney telephone calls must be made "collect" by the offender on the housing unit. Inmates must complete a Telephone Request – Attorney Add/Delete form (DOC-1631) which includes the attorney's name, phone number, and active case prior to making phone calls. Telephone Requests are to be forwarded to the Program Services Department for processing. Upon approval, the attorney will be added to the call list. Attorney phone calls will not count against the allowable number of phone calls. The Telephone Request Forms can be obtained from the officers' station.

If an attorney calls the institution to set up a phone call with an inmate and is working on an active case, but was not on the approved list, the Records Office will schedule one appointment for the attorney to call back and talk to the offender. Verification by the Records Office of the pending court case may be requested. The inmate is responsible to add this attorney to his call list. Attorneys not on the offender's call list and not working on a pending case may write the inmate and the inmate can call them collect from the housing unit. (Calls in this manner are subject to monitoring and recording.)

### CANTEEN

Inmates are limited to spending \$84.00 every two weeks. Inmates on X-Building and Restrictive Housing are limited to \$42.00 per week. Special orders are not permitted. If you move to a new unit and missed Canteen ordering, you will need to wait until the next time that unit orders Canteen to place an order.

The canteen price list is updated periodically. Price changes will be posted. Please remember all prices are subject to change without notice, so take this into consideration when ordering. A canteen statement listing the amount you have available to spend (subject to the limits) will be distributed on Monday of your order week. All inmates must have their completed Canteen Order Form to the unit officers' station by 9:00 PM, on Tuesday evening of your order week. Be sure the order form is complete and accurate; it will not be returned to you once it is handed in. Name (First & Last), Signature, Number, Housing Unit and Cell # MUST be printed clearly on the order or the order will be returned unfilled, and you will have to wait until the next scheduled order date to resubmit your order.

Inmates are responsible for accurately completing the Canteen Order Form, in pencil, dark blue or black ink only, based on the most current canteen price list and the monies available in their regular account. Do not use a highlighter on this form. Each inmate is responsible to allow for any Disbursement Requests not deducted from his statement and spend accordingly. Money earned or received, but not yet posted to your account, will not be available for canteen spending. Do not ask staff to check your account balance; it is your responsibility to monitor your account.

The Canteen will not honor manufacturer / vendor coupons.

JCI Laundry and Haircut cards are available for purchase by disbursement request only. The disbursement request(s) for these items needs to be turned in with your Canteen order to the unit officer station by 9:00 PM, on Tuesday evening of your order week. Disbursement requests for these items sent through the Institution mail will not be processed.

The unit dayrooms and courtyard will be closed until canteen distribution is completed. Inmates may use the restroom (no more than 6 at a time), but unit showers will remain closed during canteen distribution. Inmates who did not order canteen may attend the scheduled evening activities.

If inmates choose to go to Library or Recreation during canteen distribution, they will not receive their canteen order and it will be returned. Inmates attending other scheduled activities (e.g. religious services, visits, work, HSU, etc.) will have their canteen returned for pick-up the next working day. Inmates who are out of the institution or transfer units will be called to pick up their canteen the next working day.

### **Verifying Canteen Orders and Discrepancies**

Inmates shall remain in their room/bunk area until called to collect their canteen order.

A staff member will review your order with you and verify the items you have been charged for are received. Any damaged or missing product will be refunded. If there are discrepancies in your order, the staff member will note it and sign the receipt. **If you open your bag before the staff member is ready to process your order, your order will be considered accepted and no discrepancies will be corrected.** If you accept your order without verifying the contents and later find damaged or incorrect products your discrepancies will not be corrected, because any discrepancies cannot be verified after you leave the canteen area. You must sign your receipt before leaving the table with any canteen items. Sodas, laundry cards and certain stationary items will be handed out separately by a canteen worker. Show the worker your receipt and the assigned worker will retrieve your items.

The maximum allowed limits you may have in your possession are equal to the limits indicated on the JCI Canteen Limits List form.

When a general population inmate is placed in Temporary Lockup (TLU) or in any disciplinary - Restrictive Housing status and has a canteen order in process, the entire order will be returned to the vendor and the account will be credited. Inmates returning from disciplinary separation will have to wait to order canteen until the housing unit's next scheduled canteen order day.

# HEALTH SERVICES AND PSYCHOLOGICAL SERVICES UNITS

---

## HEALTH SERVICES UNIT

---

### REQUESTING ASSISTANCE

Promptly alert the unit sergeant/officer if you have any medical restrictions or special medical needs. If you believe you are in need of immediate medical, dental or psychological attention, notify the first available staff person. For non-emergency issues use a BLUE form (DOC-3035) for medical services, a YELLOW form (DOC-3392) for dental services, a GREEN form (DOC-3035B) for psychological services and the WHITE form (DOC-3035C) for medication refills. Place the request in the HSU/DSU/PSU mailbox. These forms are located in each housing unit.

Inmates will be contacted for appointments with the Health Services Unit.

### SUBMISSION OF HEALTH AND DENTAL SERVICES REQUEST (DOC-3035 or DOC-3392)

When filling out a Health Services Request, the inmate is asked to comply with the following:

- Be as specific as is possible keeping your message short and to the point. You will have the opportunity to discuss your concern in detail with the health care professional when called to the HSU for an appointment. Check the appropriate box indicating whether or not you desire to see health services.
- Write your name, number and unit clearly so it can be easily read. If you need assistance, you may ask another inmate to help you.
- Inmates who have been scheduled for an appointment with the MD, NP or RN will be called up to HSU at the time of their appointment.
- For certain pre-scheduled HSU appointments such as X-ray, Lab, Pre-operative treatment, etc., inmates may receive an appointment notice indicating the date and time they are to report to HSU.
- Sick call appointments are determined by HSU. Inmates must be prepared for a possible appointment delay in the event an emergency situation occurs within the institution.

### SICK CELL / LAY-IN (DAI Policy 309.55.02)

Inmates requesting lay-in shall report each day to their assignments to request lay-in from their assignment supervisor. Housing unit staff will notify the assignment supervisor when an inmate is obviously ill or injured. Lay-in status will include **room confinement** until the next work / program day. Lay-in is a **non-paid status**. Assignment supervisor will determine if lay-in status is granted, monitor and track inmate requests for lay-in, and notify housing unit of inmate lay-in status.

On the third consecutive day of lay-in, the assignment supervisor shall notify HSU the inmate is to be seen. HSU shall have a face-to-face assessment with the inmate that day. Copayment will not apply. HSU staff will determine sick cell status, and notify assignment supervisor.

Sick cell activity will be determined by HSU. Sick cell pay status will not be in effect until the inmate is assessed by HSU. Sick cell is a paid status at the INVUNA (involuntary unassigned) rate. Housing Unit Staff shall monitor inmate lay-in and sick status compliance.

Inmates in sick cell and lay-in status are to be in the count position for the standing counts.

#### **CO-PAY PROCEDURE (DAI POLICY 316.00.01 ATTACHMENT A)**

All inmates will be charged a medical co-pay for each inmate initiated health services request resulting in a face-to-face contact with a health care provider (DOC 316.04). You may be charged the co-pay whether you sign the Disbursement Request or not. Recreation injuries are not exempt from a co-pay charge.

It is up to the discretion of the health services professional to determine if and when a co-pay is appropriate for all health services contact. However, should an inmate take exception to this, the inmate is encouraged to discuss the issue with the health services professional. Should the inmate not receive resolution to his concerns related to his co-pay he may contact the health services manager who will then investigate the complaint.

If you are transferred to JCI from DCI, and dental needs were identified, a co-pay is charged for completion of the dental needs.

No inmate will be refused health care for inability to pay a copayment. For inmate patients with no funds, a copayment loan shall be established and the balance due will remain until paid as funds become available.

#### **MEDICAL RECORDS REVIEW**

All requests received in the HSU for medical records review will be placed on an appointment list. Inmates will receive notification of the scheduled appointment. Efforts will be made to assist the inmate in emergency requests for access to medical records but cannot be guaranteed. Inmates who fail to appear for their scheduled medical records review may be subject to a warning or conduct report.

Any inmate who is found to have removed, destroyed, altered, or added to an original medical record will receive a conduct report.

Copies will be at the charge of \$.15 cents per page/copy. There are no free copies with the exception of an optical prescription at the time of the initial appointment.

#### **DENTAL SERVICES**

Dental appointments are scheduled on a "first come first serve" basis. It is the decision of the dentist to determine emergent dental needs. Inmates who fail to appear for their scheduled dental appointment may be required to wait an extended period of time before another appointment can be arranged.

#### **HEALTH SERVICES UNIT MANAGER**

Inmate medical concerns or questions should be submitted in writing to HSU. Any correspondence the RN determines would require HSUM attention will be forwarded. Efforts will be made to resolve inmate's issues or concerns related to the provision of health care at JCI.

## **MEDICAL AUTHORIZATIONS AND RESTRICTIONS**

Inmates will not be allowed to purchase any items from an outside retail provider without the written consent from the doctor. Inmates who were allowed medically authorized appliances in other institutions may be allowed to automatically continue those authorizations at JCI without having to be seen and evaluated by a health care professional for a period not to exceed 30 days. The HSU staff upon review of the medical record or upon a face to face interview with an inmate will determine if it is appropriate to continue the previously authorized appliance at JCI. It will be the responsibility of the inmate to contact HSU within that original 30 day time period to have previously authorized appliances continued if it has not already been done so by the HSU staff. There is no medical co-pay for these initial requests for re-authorization. It is the inmate's responsibility to request medical approval to renew the authorization, or to turn in the medical appliance(s) upon expiration of the medical authorization.

## **MEDICAL ALERT BRACELET PROGRAM**

The intent of the bracelet is to alert staff of your health care conditions during an emergency situation when the health services staff are not on site. Participation in this program is optional but could serve to save the life of someone who chooses to do so.

## **FOOD/OTHER ALLERGIES**

Allergy diets will NOT be provided to inmates who self-report diet allergies and refuse allergy testing, unless there is valid evidence, such as previous medical record of an allergy. An inmate who simply states he has an allergy will not be sufficient to constitute verification of allergy. Once documentation appears on the medical record, this will ensure the inmate's ability to have the allergy verified at any institution he may be transferred to within the DOC. Inmate self-selection (without substitutions) is generally employed.

The inmate will always retain the option of contacting HSU at any point during his incarceration at JCI to request allergy testing. This service will require a medical a co-pay.

## **REFUSAL OF TREATMENT OR MEDICATION**

Inmates refusing treatment or medication will be required to report to HSU at the scheduled time. It is not acceptable for the inmate to inform the officer on the housing unit he has decided not to seek medical treatment. The inmate will be asked to sign a refusal for treatment at that time at HSU or RHU. Inmates will always retain the right to refuse medical treatment.

## **MEDICATION**

### ***Officer Controlled Medication***

All inmates who receive scheduled officer controlled medications are required to report to HSU at the appropriate medication times upon announcement. It is the inmate's responsibility to be on time to take his medications as prescribed. Failure to report to HSU at the prescribed medication time may result in a conduct report being issued. Inmates who refuse their scheduled controlled medications for 3 days or doses in a row will be evaluated by HSU staff for the appropriateness of continuation of the controlled medications. Inmates who wish to discontinue their medications may do so in writing to the Health Services Department. **NO SPECIAL ACCOMMODATIONS** will be made to an inmate's medication schedule unless specifically approved by a health services professional and then only for the time necessary to accommodate a specific condition.

### ***Distribution of Medication (General Population)***

Inmates are required to sign out of their Housing Unit when called and proceed to HSU. Upon arrival at HSU, inmates are to go to the HSU waiting room and obtain a cup of water from the fountain. Inmates are to wait behind the line until called. Once called by the officer, walk to the window, present your ID, and state your name, DOC number and housing unit to the officer. The medication will be dispensed into your hand, check your medication prior to swallowing to ensure it is the correct medication, then ingest the medication and wash it down with water as directed by the officer.

The officer will verify the inmate has taken the medication via visual inspection. The officer will visually inspect the inside of the cheek, under the tongue and on the roof of the mouth. The officer will also check the inside of the cup containing the water used to swallow the medications.

Inmates who are found to be “cheeking”, “palming”, or diverting, deceives or attempts to deceive staff as to whether their controlled medication has been consumed, subject themselves to the possibility of having the controlled medications discontinued due to misuse of prescribed / controlled medications and a conduct report may be issued.

If you are taking a Class II narcotic or other medication as identified by HSU staff, you may be required to wait some period of time after consumption of your medication for observation. Once the officer has cleared you, you are to return directly to the housing unit.

### ***Uncontrolled Medications***

Medications cards, creams and ointments will remain in the inmates' room and secured in their lockers at all times. The only exception to this will be when the inmate is told to bring them to the health services unit for refills, exchange or health service staff requests.

Uncontrolled medication in an inmate's possession must have a current order. All unused portions of a medication when a medication is discontinued must be returned to HSU. If a medication is ordered to be taken for a specified number of days, and if any medication is left after those days have passed, the medication remaining must be returned to HSU.

Inmates are to start at the number 30 for the first dose of medication and work down to the number 1 on a medication blister card. An example being if there were 30 medications on a card the inmate is to start with the #30 on the first day, then take the 29<sup>th</sup> pill on the second day, etc.

The inmate should remove the medication only at the prescribed times. Using the uncontrolled medication system is a privilege.

### ***Refills of Uncontrolled Medication***

Inmates are to request refills of medications when they have a 7 to 10 day supply remaining in the blister card. It is acceptable to have one full blister card of medications along with a partially filled card of medications with a 7 day supply of medications or less.

To request a refill, complete and submit a white Medication/Medical Supply Refill Request form (DOC-3035C). The specific name of each medication/item being requested must be written in a separate box. Only the top portion of each box should be filled out. (The lower portion is completed by HSU.)

### ***Over the Counter Medications***

Over the counter medications are available to inmates in the canteen. It is to the inmate's benefit to attempt to obtain the over-the-counter medications from the canteen to treat minor illness or injury.

Each inmate may be in possession of 2 boxes of each over the counter medication and supplements. Inmates are limited to having 1 bottle of cough syrup in their possession. Limits may be modified by HSU for medical purposes. Inmates are encouraged to first read the directions for use of these medications prior to taking any of them. Excessive use of over the counter medications can result in further illness or injury. If an inmate utilizes large quantities of over the counter medications and fails to obtain relief, it is the recommendation of the health services staff to request to be seen and evaluated in the HSU.

### **DIABETIC BLOOD TESTING**

Blood sugar testing will be done on the housing units for those inmates required to test. The officers will store the kits at the officers' station and hand out the kit along with a lancet when requested by the inmate. Once you are done testing, you must dispose of the lancet in view of the officer. You are responsible to record blood sugar results on your tracking sheet. The tracking sheet should be brought with you to medical appointments.

## **EYE/OPTOMETRY SERVICES**

Please submit all requests for eye care on a health services request form. The inmate will be called to HSU for the examination at the next available opportunity.

At no time will the inmate be allowed to have contacts lenses or tinted lenses unless the optometrist determines it is medically necessary.

Inmates may request a free copy of the eye glass prescription at the time of the appointment only.

## **COMMUNICABLE DISEASES**

Bodily fluids such as blood and semen are to be considered contagious/infectious and should be handled using the proper precautions when coming into contact with them. Bodily fluids such as urine, feces and vomit are generally not considered infectious unless they are visibly contaminated with blood. They should be handled utilizing gloves and good hand-washing techniques when coming into contact with them. High risk behaviors such as having unprotected sex with a person who is infected with the HIV virus (anal, vaginal, or oral sex), sharing of needles with a person who is using injectable drugs, sharing or using a tattoo gun/needle, sharing of razors or toothbrushes and fighting are all ways within which an inmate may come into contact with the HIV or Hepatitis (B and C) virus.

Inmates have a right to protect themselves against the spread and contamination of blood or bodily fluids. Inmates are to request a Blood Spill Clean Up Kit prior to attempting to clean up any infectious materials. Directions for use can be found in the kit and should be read prior to usage. Should the staff fail to provide an inmate with a blood spill clean-up kit, the inmate will retain the right to refuse to clean up any infectious materials until such time as a kit has been provided to the inmate for use.

## **INMATE MEDICAL CLASSIFICATIONS/JOBS**

All inmates are assigned a medical classification. This is determined after being seen and evaluated by a qualified health care professional. This decision is based upon the inmate's physical abilities at the time of the assessment and can change as appropriate. Inmates who do not have the appropriate medical classification for an inmate job will be declined for hire for reasons of health and safety. It is the responsibility of the inmate who feels his health care status has changed to contact the health services unit and request a review of the medical classification be performed. A medical co-pay may be required for this evaluation.

## **OFF SITE CONSULTATION MEDICAL ORDERS**

When inmates are seen by a health care provider other than JCI HSU, orders written by those physicians are considered "recommendations only" and will not be implemented until such time as the JCI Advanced Care Provider has had an opportunity to review them. Once the orders have been reviewed it will be the discretion of the JCI Advanced Care Provider to determine the appropriateness of implementing the recommendations within the correctional health care setting. Inmates are cautioned to remember this criterion and to not assume all recommendations by non-JCI health care providers will be implemented or ordered.

## **INDIVIDUAL ADVANCE DIRECTIVES FOR HEALTH CARE**

Inmates have a right to declare their intentions regarding what they would like to have done medically to sustain their life, should they ever be faced with a terminal illness or injury. Inmates who are currently facing end of life issues should consider assisting their families and loved ones in making these types of decision before they become incapacitated physically or mentally. An advanced directive might include a "Durable Power of Attorney for Health Care" which would designate someone you trust to make medical decisions in the event you cannot make them for yourself. (Refer to DAI Policy 500.00.01 - Advance Directives for Health Care.)

---

## **INMATES WITH PHYSICAL DISABILITIES / ADA REQUESTS**

---

JCI has been identified as a handicap accessible institution. Inmates who carry a diagnosis of an identified disability may be housed in any unit at JCI. Inmates with disabilities will be granted accommodations based upon identified needs by a health care professional or the ADA Coordinator on a case by case basis. These accommodations will be given for the duration of stay or until such time as the condition requiring the accommodation has been resolved, in remission, or the inmate refuses the accommodation being offered. Those accommodations made will be of a "reasonable" nature based upon the institution's ability to meet the required accommodation as identified by the warden, disabilities coordinator or the health authority of JCI. Inmates with a disability should complete and submit a DOC 2530 – Reasonable Modification/Accommodation Request. Contact unit staff for JCI's current ADA Coordinator's name.

---

## **PSYCHOLOGICAL SERVICES**

---

Psychologists are available to work in crisis intervention or brief therapy with inmates in order to try to resolve personal problems. Submit a green Psychological Service Request form (DOC-3035B) to establish contact. There is no medical co-pay charge for PSU services.

There may often be limitations on clinicians' time. Inmates who are genuinely motivated to work on serious problems will, be given preference in brief therapy oriented treatment. We also have the services of a consulting psychiatrist and requests for psychiatric treatment should also be directed to "Psychological Services."

Inmates may request a review of their Psychological Services file. File reviews are completed within 30 days from the date the request is received.

PSU is involved in SO-2, which is a paid program. Questions about other programs need to be sent to the appropriate department. Enrollment in SO-2 is based on Mandatory Release date, there is no need to write to PSU regarding enrollment as you will be contacted when you are eligible for group.

Inmates with mental health codes are eligible for minimum facilities, with the exception of the following Correctional Centers: Flambeau Correctional Center, Gordon Correctional Center, McNaughton Correctional Center, and St. Croix Correctional Center.

---

## **PSYCHIATRIC SERVICES**

---

All inmates who are currently prescribed medication for mental health will have regularly-scheduled appointments with the psychiatrist. New medication requests for mental health concerns should be made through the Psychological Services Unit (PSU) by submitting a green slip (PSR). Once this is received, a PSU staff person will schedule an appointment, for which you report to the Hixton building (Education area). During the appointment, a clinician in PSU will evaluate you and consider whether a referral to the institution psychiatrist for a medication evaluation is appropriate. PSU will then make recommendations based-upon those findings.

Inmates taking psychiatric medications must have an assigned MH code. Inmates taking medications through the psychiatrist are eligible for minimum facilities with the exception of the following Correctional Centers: Flambeau Correctional Center, Gordon Correctional Center, McNaughton Correctional Center, and St. Croix Correctional Center. The reason for this is a shortage of psychiatric services in those areas. Inmates who take psychiatric medication and those who have an MH code of MH-1 or MH-2 are still eligible for placement at other minimum facilities.

Inmates are permitted to have twelve (12) adults on their Approved Visitor List. Minor children do not count against the limit of twelve. Anyone under the age of eighteen (18) must visit with an approved adult. Inmates are responsible to notify family and friends of changes to the visiting schedule.

If an inmate wants to add a visitor, he is responsible for mailing the Visitor Questionnaire to the prospective visitor and may do so at any time. The proposed visitor must return the questionnaire to the institution address found on the form. It cannot be sent directly to the inmate.

Proposed visitors are to mail their Visitor Questionnaire forms directly to:

JCI Visiting Coordinator

Black River Falls, WI 54615

Every visitor, including children, must submit a Visitor Questionnaire. A non-incarcerated custodial parent or legal guardian must sign the form for anyone under the age of eighteen (18). The institution will verify custody and may investigate the authenticity of their consent to request visitation.

The reasons for special/extended visits are varied, but can include distance traveled (over 250 miles), military leave, or other circumstances. The social worker and unit manager will determine if the request is approved or denied and inform the inmate.

The Warden may place additional limitations on visitation related to special programs or placement for security or program reasons.

---

## **INMATE COMPLAINT REVIEW SYSTEM (ICRS)**

---

There are several ways you may have concerns addressed:

- The matter should first be discussed directly with the staff involved.
- If that does not resolve the problem, you may talk to or submit a written request by following the chain of command as indicated on pages 7-8. Attempting to resolve the issue or concern informally is more effective and less time-consuming than using the ICRS.
- If these measures do not resolve the problem, you may use the formal Inmate Complaint Review System (ICRS).
- A complaint must be submitted within 14 days after the occurrence giving rise to the complaint.
- If you have not attempted to resolve a complaint issue, the ICE may return the complaint to you with instructions to informally resolve this concern.

The forms are available in the housing units and should be used only for complaints. Instructions for completing the Offender Complaint (DOC-400) are provided on the back of the form. Complaints should be deposited in the locked complaint box on the unit. The Inmate Complaint Examiner (ICE) / designee are the only staff with access to the box.

### **INMATE COMPLAINT PROCEDURES (WI Administrative Code 310)**

The ICE will make an impartial investigation of your complaint using whatever sources are appropriate. The examiner submits a report and recommendation to the Reviewing Authority, who will review the report and render a decision. You will receive a copy of the Reviewing Authority's decision and ICE's recommendation through institution mail. The ICE may also reject a complaint. Complaints which are rejected by the ICE may only be appealed to the Reviewing Authority by completing form DOC-2182 and submitting to the ICE Office within 14 days from the date of rejection. You will receive a copy of the decision.

If you are dissatisfied with an affirmed or dismissed decision, you may complete and mail an appeal to the Corrections Complaint Examiner (CCE), using form DOC-405 within 14 days from the date of decision. The CCE's recommendation report will be forwarded to the Secretary of the Department of Corrections for a decision. You will receive a copy of the CCE's recommendation and Secretary's decision through institution mail.

If the issue of your complaint is resolved or you wish to withdraw the complaint, inform the ICE by sending an Interview / Information Request

---

## **BUREAU OF OFFENDER CLASSIFICATION AND MOVEMENT (RECLASSIFICATION)**

---

Reclassification is responsible for reviewing the custody level, program needs and placement of inmates during their incarceration. The Classification Specialist chairs the reclassification hearing, which will review your case as mandated by the Wisconsin Administrative Code Chapter 302. This process is a continuation of your Initial Classification staffing that took place at DCI. If you are being transferred to JCI from an institution other than DCI A&E, this process is a continuation from your last hearing.

Any questions concerning your programs, custody and placement should be addressed at your regular review. If there are questions needing to be addressed prior to your review, you may write to the Classification Department at JCI. If you feel your case should be reviewed early by the Reclassification Committee, please contact your Social Worker and they will assist you with the process.

---

## **EDUCATIONAL SERVICES**

---

Education Department services are intended to offer inmates the opportunity to increase academic abilities, to obtain a General Education Diploma (GED) or High School Equivalency Diploma (HSED), to develop employment and independent living skills for use upon release. The Education Department also offers a vocational program. For more specific information on courses offered, please write the school requesting a brochure on program offerings.

### **Mandatory Education (Refer to DAI Policy 309.55.04 - Mandatory Education)**

As an Academic Need is a Primary Program need, JCI requires all students with an Academic Primary need enroll in school full time. If an inmate refuses school, it will be considered a program refusal and the inmate will be assigned to Voluntary Unassigned (VUNA) status. Inmates with an Academic Primary need are not eligible for hire for any institution jobs until their Education need is met, unless they are on a waiting list for educational programming. Inmates placed into VUNA status for refusing school will remain in that pay status until they return to school or are placed back on a waiting list for school. Inmates must write to the Education Department to return to school or be placed into INVUNA status if they are placed on the waiting list.

### ***TABE***

All inmates with an academic need are required to take the Test of Adult Basic Education (TABE) unless there are documented test scores from less than two years ago. If you are not contacted by the Education Department within 3 weeks of your arrival, please submit an interview request to the school.

### ***Enrollment***

Inmates are assigned an Academic (Primary or Refresher) need on the basis of program needs. The guidance counselor (or designee) will see you individually and enroll you in classes based on needs, test scores, interest, and available class space.

### ***Attendance***

Once enrolled in school, inmates are required to demonstrate their commitment by consistent attendance. Receipt of a school schedule constitutes a direct order to attend as scheduled, and failure to do so will result in corrective action. A student late for school for any reason must check in with the school officer *before* reporting to class during the day. Inmates may not "drop out" of school without written approval from the Education Director.

### ***Behavior in School***

Since a large number of inmates use the school area during the course of the day, maintaining a positive educational environment is a matter of concern for all. Quiet conduct is expected in hallways at all times. Profanity will not be tolerated. Students will be expected to dress in greens with their shirts tucked in and buttoned up. Only the top button may remain unbuttoned. Headwear is not to be worn in the Hixton Building or while attending school functions. Restrooms may be used only with permission of the School Officer through the classroom teacher. Only one inmate is permitted in the bathroom at a time. Inmates must sign in/out of the restroom at the School Officer's desk. Inmates should be using the restrooms during break times. If excess restroom use occurs, it may result in a conduct report. There will be no food, drink, gum or personal affects brought to school unless specified by the teacher. This includes magazines, books, legal work, etc.

**Absences**

Students needing to be excused from school for legitimate health reasons must be placed on lay-in / sick cell status pending HSU contact. Inmates going on lay-in status are required to stay in their rooms until their first class the next day. Please refer to DAI Policy 309.55.02. Inmates may be excused from class for other legitimate reasons. They include: visits, attorney visits, HSU appointments, and special programming when related to their program needs. Class will not be missed for canteen, hobby, or recreational activities. Inmates are excused for religious services, but not religious activities or studies. You must report to the school officer before attending a religious service to be excused from school.

**Tardiness**

Students are expected to be in class, seated and ready for work at the designated start time for class. No tardy students will be admitted to class without first checking in with the School Officer.

**School Rules/Warning System**

Upon enrollment in school, all students will sign a copy of the school rules. Violation of these rules may result in a verbal or written warning or a conduct report and/or removal from school.

**Removal from School/Returning to School**

If a student "drops out" of school, they will be placed in VUNA non-paid status for 90 days due to not complying with their program needs. When the 90 days are over, write to the Education Department to re-enroll in school and take part in your needed program. If a student is removed from school for disciplinary issues in the school he may be required to wait the 90 day period to reenroll.

**Vocational Programs**

Vocational/career and technical program seats are limited. Students interested in participating in a vocational program must write the school requesting to be added to the waitlist. The Education Director reviews a variety of factors in selecting students to participate including, but not limited to: institution adjustment, TABE scores, proof of GED/HSED/high school diploma, release date, conduct report history, previous program refusals.

**Correspondence Courses**

Students interested in print-based correspondence programs must follow the proper procedure to have participation approved. Written approval will be provided on a DOC-1117. Refer to DOC 300.00.26 for the DAI policy on Correspondence Courses and JCI's procedure for approval of these courses.

**Access to Staff**

If you would like to meet with the Education Director, please submit an Interview/Information Request form to request an appointment.

The school staff are committed to meeting the educational needs of the population we serve. Staff will always foster strategies to improve the way students think about themselves and the manner in which they relate to others. They will consistently reinforce the idea there are choices to be made in life and consequences for each action chosen. Staff are not just here to help students; they are here to help students help themselves. Adherence to the guidelines, and the school's policies and procedures will enable students to become active participants in the process of their own education.

School policies and procedures are posted in the School Office, Library, and in each classroom. Students should be advised they must follow all rules governing school operation.

**Data Storage Devices**

Flash drives are available for purchase through the Education Department for those who qualify. These flash drives will be labeled with the inmate's DOC number and stored in the Education Department. Possession of a data storage device outside of educational, legal, or reentry purposes shall constitute contraband. For more information please refer to DOC Policy #309.56.01.

## PROGRAM SERVICES

---

The Program Services Operations Program Associate is responsible for the coordination of activities for Reentry and Veteran Services and advises inmates regarding rules and regulations on social security cards, birth certificates, state IDs and credit reports. The OPA will also assist inmates with MA, SSI, SSDI applications to include Badger Care and the Affordable Care Act.

### **Primary Programs:**

Inmates with identified program needs are automatically on a waiting list. Interviews and enrollment are based upon MR date and/or endorsement by Parole.

JCI offers AODA/SUD and Domestic Violence programming, which may also include "Thinking for Change," "Anger Management," "Social Skills," and "Epictetus." The type of groups offered are based upon assigned needs. AODA/SUD programming is offered at various times throughout the year.

Psychological Services at JCI currently offers short-term Sex Offender Treatment (SOT-2), which is a minimum of 100 hours of programming. Starting new groups is dependent upon staffing, but when fully-staffed, PSU is able to start 2-3 new groups per year. Inmates do not need to contact PSU to be enrolled in group, since offenders with an SOT-2 need are already on the wait list.

Once a program is successfully completed, group facilitators contact probation and parole to inform the agent of completion. Aftercare is frequently recommended so offenders are able to apply the skills they learned in the community.

### **Reentry: A Bridge to Success**

JCI has the Reentry/Resource Room to help Inmates successfully reintegrate ~~back into society~~ upon release. Resources available are:

- Social Security Cards (may be done at any time)
- Birth Certificates (may be done at any time)
- WI State ID's (may be done at any time)
- SSA Benefits (must be done 120 days before being released)

Those inmates assigned to work directly with the dogs are the only persons allowed to handle the dogs. Do not approach a dog for any reason without the permission from the inmate handler.

## RELIGIOUS SERVICES

---

Religious services are available for an inmate's spiritual development and growth. The Chapel provides religious services, study, special events and activities, pastoral visits, greeting card ministry, chapel library, and free distribution material. A completed Religious Preference form (DOC-1090) must be on file in the Chapel to receive most services.

### **Chaplain**

The Chaplain is available to assist in providing religious services to inmates. Support is provided on an individual as well as group basis. You may request to see the Chaplain by sending an Interview/Information Request to the Chaplain's office. Please do not just drop in. If a pastoral visit is requested, have your spiritual leader/clergy contact the Chaplain's Office to arrange the visit.

### ***Worship & Study Opportunities***

Religious services, studies and educational groups are provided for the Umbrella Religion Groups defined in DAI Policy 309.61.01 as space and resources permit. An inmate can only attend religious services in the faith group indicated on their DOC-1090 form. Regardless of religious preference, anyone may attend the Recovery programs, Prison Fellowship or Ecumenical Bible Study. (Inmates will generally be approved to participate in study groups within their designated religious preference only.) You do not need to submit a request to participate in those activities. Inmates on building or room confinement will only be allowed to attend religious worship services (no special events).

To attend the Sunday Protestant worship service, submit a request to the Chaplain's Office asking to be placed on the Protestant worship service list. You will receive notification when you are added to the worship service list. A roster is posted on the housing unit each week prior to the service with the service time you are scheduled to attend. If you miss two consecutive worship services, you will be removed from the list. To be placed on the Protestant Worship service list again, you must submit a new request.

### ***Special Events***

### ***Greeting Card Ministry***

Inmates may receive up to three free greeting cards per month and four free greeting cards during the month of December by sending a Card Request to the Chaplain's Office. ### ***Free Books & Calendars***

A limited selection of free religious books and calendars are available in the Chapel Department. They may be selected during the housing unit's Chapel Library hours. An inmate is allowed to receive up to three free distribution books per month. Free religious publications are counted with the total number of personal publications.

### ***Religious Diet Requests***

Inmates may request a religious diet by completing form DOC 2167. This form outlines the Religious Diet Participation Agreement explaining allowed and prohibited behaviors. Religious diets approved at other institutions are not recognized. Inmates must submit a new DOC-2167 and have it approved to continue the religious diet.

A 90 day waiting period will be enforced before any item can be replaced.

### **RECEIVING ORDERS**

A sales receipt/invoice must accompany all property items received and they must have a permanently affixed address label from the recognized retailer. All items must have sales receipt with the cost of the item indicated. Free items are not allowed, except for approved religious items (per DAI Policy 309.61.02) and vendor catalogs. Items received but not allowed because of your failure to follow this directive must be returned to the sender or shipped to a person on your visiting list at your expense. The property department will not hold property to wait for a receipt.

Inmates will not receive property items if the receipt indicates there is an additional amount due on the purchase. This will include purchases which involve a time payment plan (i.e. book club). These items are to be returned to the sender at the expense of the inmate. Property will not hold these items to allow an inmate to make payment(s).

Inmates returning to JCI from OCO will not be allowed to bring any additional property items received while at the county jail.

Temp hold inmates may not submit requests for or receive mail order purchases unless special permission is granted.

Property will notify you when your order is available to be picked up. If there is a problem with the item(s) when it is issued to you, you must inform the Property Officer at that time. A catalog call tag will not be provided. Exceptions will be considered for electronic items on a case by case basis.

Property/clothing items received upon admission or from outside sources will be handled in accordance with Wisconsin Administrative Code DOC 309. You will have three (3) dispositions to pick from.

- Ship said item out common carrier or US Mail at the inmate's expense. (Inmates have the option to send out excess photos, cards, letters or magazines via US Mail in a manila envelope, purchased by the inmate. Items sent out in this manner will be at their own risk.)
- Item may be destroyed.

- Send item out on visit within a 30 day period. These items are limited to: electronic items, jewelry, hobby projects and completed education projects. When placing an item out on visit you must complete a disbursement request and an address label to whom you want said item sent to if not picked up within the 30 days. If item is picked up during the time frame, the Disbursement Request will be destroyed. Once an item is placed in visiting, it will remain there until it leaves the institution.

Inmates choosing to submit an inmate complaint regarding the denial of a property item(s) at Property or a property item confiscated following a unit cell search, are required to inform staff of this prior to requesting one of the above property dispositions. The property item(s) will be held pending the outcome of the complaint. If you have the item sent out by common carrier, placed in the Visiting Room, or disposed, the property item cannot be reviewed and the complaint will be dismissed.

Destroying property/clothing item must be coordinated through the Property Room to ensure the property lists are kept up to date. Do not destroy any property/clothing item without receiving a DOC 237 form signed by staff giving you permission.

It is the inmate's responsibility to ensure all of his property has been packed prior to transfer, with the exception of mail received by the inmate after the property has been packed. Inmates transferred while in Restrictive Housing status must notify the Restrictive Housing property officer if they have property stored in another area of the institution (e.g. Recreation / Hobby). Inmates failing to do so, will be responsible for costs to ship those items to the receiving institution.

### **GRANDFATHERING OF PERSONAL PROPERTY**

All of your property, except for essential toilet items, must be inventoried and packed up by staff with you on this day. You may have clothing sent into the institution for your release within 60 days from the date of your release. If you choose to use your release account to purchase clothing for your release, these transactions may occur up to three months before your release date. If you do not have release clothes, the institution will provide you with a sweatshirt, sweatpants, socks, shoes and underwear at your expense. You will have a reasonable deduction made from your account for the clothing. If it is verified you have no money in your accounts, you will be provided with a set of used clothing.

The day prior to release, you will be directed to various institution departments to "check-out". All state-owned materials (library books, textbooks, etc.) must be returned to the proper department at this time. As required by law, your picture must be taken. Your social worker will contact the Business Office staff to discuss your release funds, as approved by your parole agent. A check will be provided to you upon your release from the institution.

If family or friends are picking you up, please let them know releases normally occur during the hours of 8:00 AM - 4:30 PM.

Inmates who are being released and will be traveling via public transportation will only be allowed to have one box of property placed in the storage compartment of the bus and may carry on one small item. Television sets and musical instruments are not allowed on the bus. If you have a television set or musical instrument, an interview request must be sent to the Property Department to make arrangements to send the item(s) out by commercial carrier five days prior to your release date.

Inmates being transported by DCC Staff may be limited to 2 boxes of property. You will be required to dispose of or send out the remaining property at your expense.
