A Message from the Warden....

Welcome to the Racine Youthful Offender Correctional Facility (RYOCF). Please take the time to review this handbook carefully. This handbook covers the expectations I have of you while housed here.

At RYOCF, we follow the overall mission of the Wisconsin Department of Corrections (DOC). It is our mission to protect the public, our staff and those of you in our charge. We will provide you with opportunities for positive change and success in your life. I hope you take advantage of all that we have to offer at RYOCF.

Your decision-making matters. You can decide to go to school and get your high school equivalency diploma (HSED) or participate in higher educational opportunities. You can decide to involve yourself in programming when offered and address your Criminogenic needs prior to release. You can decide to be a productive member of society while housed here in preparation for your release. You can decide to change your thinking. Often times inmates think that negative behavior will get them moved out of RYOCF. This thinking is not true. It is the positive and appropriate behavior that affords you the opportunity to move from your current location to the next location – one-step closer to home.

In an effort to assist you in moving forward in a positive direction, we partner and collaborate with service providers from the community and other criminal justice agencies to ensure you are well cared for while here and moving through the system.

It is the vision of the DOC to achieve excellence in correctional practices while fostering safety for victims and communities. We strive to meet this vision recognizing that every person, every family and every community matters to us – including you.

Just as you are accountable for your actions, we too are accountable to each other and the citizens of Wisconsin in everything that we do.

We expect everyone, including you, to do what is right – legally and morally – as demonstrated by each individual’s actions. We expect everyone, including you, to demonstrate ethical behavior and integrity. We value safety, for our employees, the people in our charge and the citizens we serve.

While here, please treat others with dignity and respect. I expect staff and others to treat you the same. You will make a lot of decisions each and every day while housed here. Make them the best decisions you can. Remember one of your ultimate goals when making each decision – to release from prison and not return to our custody. It is up to you how you spend your time; but we are here to help.

Emergency Procedures

The following procedures will be followed when there are fire or tornado emergencies, or in the event of an emergency count. Staff will determine what an emergency is.

Fire

North, South, and Main Restrictive Status Housing: Inmates will proceed to or stay in their cell with the door closed. This is the safest place, during a fire, due to the positive fresh airflow to each cell provided by the automatic purge system. Any decision to evacuate is to be made by a Security Supervisor.

Education, Vocational/Support Building and Inside Recreation: Inmates will proceed single file to exit to the courtyard and return to their assigned housing unit. If other evacuation is needed, inmates will follow the directions of staff.

HSU: If a Security Supervisor determines that evacuation is needed, inmates will follow the directions of staff.

Tornado

North, South, and Main Restrictive Status Housing: Inmates will proceed to or stay in their cell. Any decision to evacuate is to be made by a Security Supervisor.

Education, HSU, Property and Inside Recreation: Inmates will proceed to the gymnasium and will sit down on the floor along the walls. Any decision to evacuate is to be made by a Security Supervisor.

Vocational/Support Building: Inmates will proceed to the vestibule area in the back part of laundry by the restrooms. Inmates will sit down on the floor along the walls. Any decision to evacuate is to be made by a Security Supervisor.

Emergency Counts

An emergency count can be called at any time. Inmates will pay strict attention to the announcement and the directions issued for the emergency count. Inmates must present themselves in the same manner as for a standing count unless otherwise directed.

Inmate Resources

Americans With Disabilities Act (ADA)

The ADA Coordinator is the Institution Complaint Examiner. Inmates with a physical or mental impairment that substantially limits one or more major life activity, has a record of such impairment, and is regarded as having such an impairment can request reasonable accommodations to assist with daily functions and program participation in the facility. Inmates, who wish to receive reasonable accommodations due to a disability, may contact the ADA Coordinator by Interview/Information Request (DOC-761).

Limited English Proficiency Policy Notice (LEP)

The Wisconsin Department of Corrections (DOC) shall, within available resource constraints, take reasonable steps to continue providing Limited English Proficiency (LEP) inmates in its custody, or under its supervision,
meaningful access to vital documents, important information and health services and to ensure they are not precluded from accessing or participating in important programs or proceedings, including those which may affect the duration and condition of their confinement or favorable classification. This shall be done at no cost to the inmate. The DOC shall not retaliate against any LEP inmate for requesting such access. The DOC does not prohibit communication in languages other than English, either by policy or practice, except where security practices require.

El Departamento de Correcciones (DOC) de Wisconsin debe dentro de los límites y recursos disponibles dar los pasos necesarios para continuar brindando a los ofensores con Dominio Limitado del Inglés (LEP) bajo su custodia, o supervisión, acceso a documentos vitales, información importante y servicios de salud, y de asegurar de que no queden excluidos del acceso o de participar en programas o procedimientos importantes, incluyendo aquellos que puedan afectar la duración y condiciones de confinamiento o de una clasificación favorable. Este servicio es gratuito. El DOC no tomará represalias contra ningún ofensor LEP por solicitar dicho acceso. El DOC no prohíbe la comunicación en otros idiomas que no sean inglés, ni por política ni en práctica, excepto en casos en que las medidas de seguridad sí lo requieran.

If you need help understanding English, please notify the nearest staff person.

Si Usted necesita ayuda con el idioma Ingles por favor notifique al miembro de personal mas cercano.

**Suicide Prevention**¹

**Suicide Rates in the Community:** Although a relatively rare occurrence, suicide is the eleventh leading cause of death among Americans. Unfortunately, suicide rates in Wisconsin are about 8% higher than the national average (about 12.5 per 100,000 persons per year). More concerning, suicide rates among individuals under age 25 in Wisconsin are 33% higher than the national average. The reasons for higher suicide rates in Wisconsin are not clear, although some researchers believe that the northern latitude and the greater variation in sunlight between winter and summer play a role.

**Suicide Rates in Prison:** Suicide in prison occurs at a higher rate than in the community. Overall, it is the third leading cause of death in prison, behind natural causes and AIDS. Over the past eight years, Wisconsin prisons have experienced a high rate of completed suicides, averaging about six per year. Yet suicides are only part of the problem. For every suicide in prison, there are many more attempts that do not result in death. These attempts have considerable cost in terms of psychological distress to those who make the attempt or witness it, physical injury, the need for medical care, and disruption of a housing unit.

**When Do Inmates Attempt Suicide in Prison:** The times of highest risk for an inmate to attempt suicide are:

- When receiving bad news in the mail, such as a “Dear John” letter or court papers that deny an appeal.
- After a phone call with a spouse or loved one where there was an argument, talk of a breakup, or threat of divorce.
- When housed in restrictive status housing (“the hole”) for alleged misconduct.
- When fearful of other inmates over gang issues or repayment of debts.
- When feeling sad, depressed, hopeless, or trapped.
- After stopping medication that is needed for emotional problems.
- When feeling strong guilt about past behavior or crimes.
- When in extreme conflict with staff and feeling unfairly treated.
- When feeling very angry and wanting revenge.

**Warning Signs of Suicide:** Studies show that in the majority of inmate suicides, some type of warning or sign was given to other inmates or staff in the preceding days. Warning signs could include:

- Talking or writing about death, dying, or suicide.
- Making indirect references to suicide (“I won’t be here when you wake up”).
- Giving away possessions or writing a will.

¹ Adapted from a 1995 brochure by Robyn Bradley
• Saying goodbye or making unexpected apologies.
• Saving or stockpiling medication.
• Becoming isolated or withdrawn.

**Why Suicide is Preventable:** Many suicides are preventable for two simple reasons. First, most people give some type of warning sign prior to their suicide attempt. If others are sensitive enough to these signs, the problem can be discovered before it is too late. Second, strong suicidal feelings are almost always temporary. Given enough time, nearly everyone contemplating suicide changes their mind. Situations change, strong feelings calm down, and unexpected solutions can be found.

**What Do You Say:** If there is another inmate whom you suspect is suicidal, here are some tips on how to respond:

- If you know the other inmate, make a friendly inquiry about how he is doing.
- Be direct. Talk in a matter-of-fact manner about suicide if the topic comes up. Do not act shocked.
- Be willing to listen. Do not debate whether suicide is right or wrong, or lecture on the value of life.
- Don’t dare him to do it.
- Don’t be sworn to secrecy.
- Contact staff at the earliest possible moment.

If you believe an attempt is coming soon, contact staff right away, because even a few moments can make a big difference.

**About Contacting Staff Members:** Please contact a staff member if you or someone else may be having suicidal thoughts.

- You can report information confidentially so that your name is not involved.
- If the troubled inmate denies any problems, you will not be disciplined for lying.
- If the troubled inmate does admit to problems or suicidal feelings, he will not be disciplined for this. It is possible that he will be placed in observation status for a short time, depending on whether the psychologist thinks it is necessary.
- If you hear that another inmate has received bad news, please let us know so that we can check in and offer help.

**How Many Lives are Affected:** Remember that if you help to save one life from suicide, you are helping many other lives as well. It is estimated that every suicide profoundly affects the lives of at least six others who know, care about, or love the deceased. This includes children and significant others.

**Staying Healthy in Prison**

**Doing Time in Prison:** Being in prison can be both a difficult time and an opportunity for change. Some inmates go through prison with relatively few emotional problems or hardships. Other inmates may feel emotional stress, grieve losses, or have other mental health problems. Every major institution has both psychology and psychiatry staff who can assist you through difficult emotional times. Prison is a real problem you have to face. Mental health problems can make it more difficult for you to make it through your time in prison. This brochure describes ways you can help yourself to avoid mental health problems.

**Common Thoughts and Feelings:** Most people experience stress and loss when in prison. There is inevitably a story behind your being here, and much of it may not be pleasant. You may be grieving losses and have uncomfortable memories of your crime, victims, or court proceedings. At times, you may feel anxious, lonely, sad, useless or bored. You may be uncertain about what the future will bring or whether your relationships outside of prison will last. You may miss your freedom, your work, or contact with friends and loved ones. What you are feeling is painful but normal. You are not alone. Many people in prison feel the same. It is not easy, but it does get better over time.

**How Can I Stay Healthy:** There are many activities that can help you during your incarceration –

- Stay in contact with family and friends.
- Find those within the institution you can trust and talk to.
• Read as many books as you can.
• Write down your ideas. You can write your family, create fictional short stories, or write poetry.
• Get an education or skill.
• Take treatment and programming seriously.
• Go to recreation.
• Take every opportunity to become involved in work.
• Stay away from trouble. Make good choices of whom your friends are.
• Determine to change your life completely so that you never have to spend time in prison again.
• Think about how you can make a difference in someone else's life.
• Take pleasure in small things.

Prison can be a time for positive change: Use your incarceration time to better your life.
• Re-evaluate your priorities.
• Set goals for your life.
• Strengthen spiritual and moral beliefs.
• Change the way you relate to a loved one.
• Get your mind clear of alcohol and drugs.
• Get better control of your moods.
• Get in better physical shape or improve your health.
• Get a formal education.
• Educate yourself through reading.
• Learn new job skills.

If You Get Bad News from the Outside: Bad news sometimes comes from the outside. For example, you may get news about the illness or death of a family member, notice of a divorce or break-up from a partner, get a long sentence for a new charge, or have your appeal denied. Depending on your personality, you may prefer to keep such news inside and "work it through." On the other hand, you may prefer to share the news with others and "talk it out" with family, friends, other inmates, psychology staff, the chaplain or officers on the unit. Both styles can work just fine to help you accept the news and make constructive plans for what comes next. However, if the news feels as if it is "too much" or you find that it is hard to get your mind off it, you may need additional help. Psychology staff, Chaplain, and your social worker are trained to help in such situations. Feel free to contact these staff, if you feel that you are having trouble coping or need assistance.

If You Have Suicidal Thoughts: Everyone thinks about their death at some point but thoughts or plans to harm yourself are most likely a sign of depression. Suicidal thinking is treatable. Do not keep suicidal thoughts to yourself. Please contact an officer, psychology staff member, chaplain or social worker so that there is an opportunity to help you. Remember that there are ways to improve nearly any problem or situation. As time passes and circumstances change, what is now a big problem may turn into a smaller problem. If you cannot think of solutions to your problem, it does not mean that other solutions do not exist. It simply means that you are currently unable to see other solutions by yourself. Most people who think of suicide do so for a relatively short time. Things can change, feelings can be altered and unexpected solutions found. Emotional pain can sometimes make us disregard family ties, loved ones, religion, love of nature and our dreams. Those reasons to live are still present. You have to find them again.

Be Your Brother's Keeper: Similarly, if you have reason to believe that another inmate is thinking of harming himself, please contact staff so that we can offer our help. Warning signs could include giving away possessions, saving up medication, saying goodbye or making unexpected apologies, writing a will, sudden depression or withdrawal from others.

How to Contact Psychological Services: PSU staff is here to help you. If you need assistance, please follow this procedure:
• Write an interview request for psychological services.
• If urgent, contact any staff member.
Inmate Complaint Review System (ICRS)

Process: The purpose of the Inmate Complaint Review System (ICRS) is to provide inmates a process by which grievances may be expeditiously raised, investigated, and decided. Prior to submitting a formal complaint, you are expected to attempt to resolve the issue on your own [DOC-310.09(4)] by following the proper chain-of-command. First, discuss your concern with a staff member in the immediate area at the time of the occurrence, if possible. If the situation involves a specific staff member, discuss it with that individual. If the situation is still not resolved, contact the Department Head or Unit Manager. It is often more effective and less time consuming to bring a concern to the immediate attention of a staff member involved in the situation. You must allow the staff time to correct the situation. Within 14 days of the issue and it remains unresolved, you may file a complaint, indicating all steps you have taken in your attempt to resolve the issue.

Investigation: The ICE investigates and provides a recommendation to the Warden, who is the Reviewing Authority (RA), and who makes a final decision at the institution level. The Reviewing Authorities for medical, BSI, and HIPAA complaints are the Regional Nursing Coordinator, BCE Bureau Director, and Privacy Officer respectively. Complaints filed shall be typed or legibly written on an Offender Complaint (DOC-400) form. The form should be signed and dated by the complainant. There will be only one issue per complaint filed and no more than two (2) complaints per calendar week can be filed. This limit does not include complaints that raise health and personal safety issues. If the issue has been resolved, write the ICE to withdraw the complaint.

Appeal: Some complaints may be rejected by the ICE. Inmates who wish to appeal a rejected complaint can do this on a Request for Review of Rejected Complaint (DOC-2182) and place the form in the unit "Offender Complaints" locked box, and it will be directed to the appropriate Reviewing Authority (RA). Inmates who wish to appeal a RA decision to the next level may complete a Request for Corrections Complaint Examiner (CCE) Review (DOC-405) form. The inmate will mail this form to the CCE in a stamped envelope to the address provided on the form. Institution staff does not process the DOC-405.

Forms & Communication: The forms listed above are available to inmates from the unit officer during dayrooms. Inmates housed in Restrictive Status may request forms when supplies are being issued and seal them in an envelope provided for that purpose (only while in Restrictive Status). It is very important to follow the directions on all the ICRS forms. Incomplete forms will be returned to the inmate. If inmates have questions about the progress of their complaint investigation, they may write an Interview/Information Request (DOC-761) to the Institution Complaint Examiner (ICE). All correspondence to the ICE and completed forms should be deposited in the locked box on the unit marked “Offender Complaints.” Only ICRS staff members or designees will collect the mail/forms from this lockbox.

Prison Rape Elimination Act (PREA)

The Wisconsin Department of Corrections has a zero tolerance policy regarding prison rape, sexual misconduct and victimization. Prevention and early detection are top priorities for everyone. You can report any sexual assault or victimization to a staff member, you may submit in writing or you may call 777 on any inmate phone at no cost.

RYOCF Weekly

Each week there is a bulletin posted called the RYOCF Weekly. This publication is used to notify inmates and staff of news, changes in procedure, job announcements, schedule changes, special activities, etc. The RYOCF Weekly is posted in the Library and may be viewed during library times. It is also posted on North and South Unit bulletin boards and may be read during inmate’s scheduled dayrooms.

Mail

Mail will be delivered to inmates by late afternoon on your assigned housing unit.

Legal Mail: Legal mail shall be opened by staff only in the presence of the inmate. Institution staff may open and inspect mail sent to an inmate from any of the parties listed in DOC-309.04(3) (a-j) in the presence of the inmate.
Staff may inspect the document to the extent necessary to determine if the mail contains contraband, or if the purpose is misrepresented. Staff may read the mail if they have reason to believe it is other than a legal document. Mail shall not be delivered if it contains contraband.

**Outgoing Mail:** Inmates may drop outgoing mail in the unit mailbox (located on the Officer Station wall on both sides of the unit) during their scheduled dayrooms or when signing out of the unit. A completed Disbursement Request is to be attached to any mail needing additional postage for weight, special handling, overseas delivery, airmail, etc. Outgoing mail may not contain correspondence from any individual except the inmate listed on the return address. Outgoing mail must only contain correspondence that is to the addressed party on the front of the envelope. No third party mail is allowed, consistent with the need to protect the public.

Inmate to inmate mail must be left open for inspection. Outgoing mail will have the return address listed above on the front of the envelope. Outgoing mail with no return address will not be processed and returned to the inmate if identity can be established. Failure to use the correct mailing address for money orders and cashier’s checks will result in the mail being returned to the sender.

**Institution Departments**

RYOCF is made up of several departments, all of which work collaboratively taking a multi-disciplinary approach to assist you and advise you during your assignment here. The following are the different Institution Departments:

- Business Office
- Records Office
- Education Department
- Security Department
- Health Services Unit
- Social Services
- Psychological Services

**Business Office**

The Business Office is managed by the Financial Program Supervisor and overseen by the Correctional Management Services Director. The following functions and services are performed through the business office. Please read the processes carefully.
Canteen Ordering: Items available in the institution canteen or in the contracted canteen catalogs must be purchased through these two sources, no other source is appropriate. Additional canteen menus $0.15 per printed page, number of pages can vary) may be purchased via disbursement request from the Business Office. Restrictive Status Housing (RSH) menus are available upon request from the RSH officer on the unit. Any completed order forms that have the inmate name crossed off and another name written in its place will be rejected by the Business Office.

Completed order forms must be turned in on the Sunday night when canteen is not distributed to the inmate is housing unit. Canteen purchases are limited to $84.00 bi-weekly. The order may not exceed the inmate's available funds in his regular account. Inmates are required to complete the top section of their canteen order form by filling in the location, name, number, and signature areas. If an inmate incorrectly completes or fails to complete the top section his canteen order will not be processed. Canteen is distributed to the unit every other weekend.

Canteen Pickup: To receive canteen, inmates must show their identification card (ID) to staff distributing canteen. Inmates are responsible for verifying they have received all items purchased. Security staff will provide black markers for inmates to write their name and DOC-number on all container items. It is the inmate’s responsibility to report any damaged, shorted, missed, stale-dated, or incorrect merchandise to the staff-distributing canteen before leaving the area. Once the canteen is out of sight of the staff distributing the canteen, a claim cannot be made nor will the Business Office honor it. Inmates must receive all items they order with the exception of damaged, shorted, stale-dated, incorrect or substituted merchandise. If an inmate refuses to accept his canteen for any reason other than those stated above, he will still be charged for the items. The inmate will then be given the opportunity to send out the items at his expense or have them destroyed. Inmates cannot keep the plastic bag their canteen comes in.

Canteen Restrictions: With the exception of peanut butter, jelly, and hot sauce, all envelopes and food items must be used within 60 days of the date purchased or the items will be considered contraband. The maximum number of allowed food items in an inmate’s property/possession is 75. Inmates are required to keep all canteen receipts until products received are gone. If an inmate possesses canteen items without a canteen receipt proving purchase, he will be subject to disciplinary action. The canteen receipt is the inmate’s property slip until the product is gone.

Disbursement Request Procedure: The Disbursement Request (DOC-184) form must be used for all monetary transactions. This includes all financial transactions within the institution, requests to order merchandise from outside the institution, and for sending money to private individuals. Disbursement Requests must be filled out completely, with all information entered into the appropriate areas by the inmate in order to be processed by the Business Office. Complete information including an inmate’s cell and housing unit assignment must be included. All Disbursement Requests must be handed to an Officer who will initial the request to verify the inmate is actually the person listed on the request. Once initiated by the officer, the Disbursement cannot be returned to the inmate. Requests will then be forwarded to the Unit Manager or designee for approval before they are sent to the Business Office for processing. Disbursement Requests not meeting these requirements may be returned to the inmate, delaying the processing of that request. No transactions will be permitted which involve a “time payment plan” or credit of any type. Following the final processing of all Disbursement Requests, the Business Office will forward the yellow copy to the inmate provided the inmates housing unit and cell number are on the disbursement. Inmates are responsible for keeping those copies as proof of an order being processed should there be a problem later. Denied/Disapproved requests will be returned to the inmate.

Time required for processing: The Business Office processes Disbursement Requests weekly. The Business Office has no control over how long it takes request to reach them. Several steps are involved in the processing of Disbursement Requests and Business Office staff do not work weekends or holidays, therefore the total turn-around time for processing can be a week or longer. In some cases, the Unit Manager may not immediately approve the Disbursement Request if there is a need for further investigation. This will be done as expeditiously as possible.
Duplicate Disbursement Requests: DO NOT SUBMIT DUPLICATE DISBURSEMENT REQUESTS. The duplicate order may be processed if funds are available and you will be charged twice.

Appeal Disbursement Request Denial: Inmates wishing to appeal the denial of a Disbursement Request may do so through the established inmate complaint procedure.

Money or Gifts to Family: Money or gifts not to exceed $25.00 may be sent once every thirty days to one close family member listed on the inmate’s visitors list. “Close family member” is defined as natural, adopted, step, or foster children, parents, siblings, grandparents, or spouse. An inmate wishing to send money or gifts to persons other than “close family members” or to send money or gifts in excess of $25.00 to close family members on the visitors list, must show proof of need to the Unit Manager who will approve or deny the request. Inmates wishing to pay a bill for a close family member must make the Disbursement Request out to the vendor and include a copy of the bill with the Disbursement Request. Unit Managers must approve/disapprove prior to submitting to the Business Office.

Postage, Copies, & Photos: Disbursements are needed for irregular sized envelopes, additional postage, express, certified, or registered mail. The Disbursement Request must be attached to the item and the Mailroom will confirm the cost of the postage. Mailroom staff will approve/disapprove the Disbursement Request and forward to the Business Office for processing. Disbursement Requests for photocopies, photographs, UPS, postage, and other institutional transactions, will be submitted for approval/disapproval by the department to which the request is made. The “Pay To” box on the request should indicate Racine Youthful Offender Correctional Facility (RYOCF).

Medical Services: Disbursement Requests for medical co-payments must be approved by the Health Services Unit (HSU) staff with the “Pay To” box filled out to the Racine Youthful Offender Correctional Facility (RYOCF).

Merchandise: Completed Disbursement Requests for merchandise ordered from outside the institution will be forwarded to the Unit Manager (or designee) to verify the request is completed properly and meets all established guidelines for allowable property. The Unit Manager (or designee) will then sign the “Approved By” or “Disapproved By” section of the request and forward approved requests to the Business Office for processing. A copy of the Disbursement Request is not sent to the vendor with the check, therefore inmates should not use the Disbursement Request as a substitute order form.

Religious Items: Inmates may possess approved religious property items associated with their designated religious preference per DAI Policy 309.61.01. Inmates may not possess or purchase religious items that are not associated with their designated religious preference. Upon receipt of religious items, the Chaplain will review to ensure compliance to DAI policy and approve or deny item. If denied, the inmate will be given the opportunity to send out the items at his expense or have them destroyed.

Hobby Items: Disbursement Requests for hobby items must be submitted to the Recreation Supervisor for approval/disapproval. The unit Officer will initial the request to verify the inmate submitting the request is the individual named on the Disbursement Request.

Voiding (canceling) Disbursement Requests: Inmates may request to void a Disbursement Request by writing the Business Office. If the transaction has not yet been processed, the Business Office will return the Disbursement Request to the inmate. If the transaction has been processed and sent out, the Business Office cannot stop the order (see below Check Voiding). Returns are at inmate’s own expense.

Memberships/Contracts: Inmates may not enter into any membership agreements or contracts without the approval of their Unit Manager.

Check Voiding: Inmates must wait 60 days to have a check voided unless the Business Office is in the possession of the actual check. There is no fee for voiding a check. If an inmate has a need to stop a check transaction, the inmate should contact the vendor and ask the check be returned.

Child Support Deductions: Payments are automatically deducted as ordered by the court.
Incoming Funds: Only cashier’s checks and money orders are accepted. Envelopes received containing any type of correspondence will cause the envelope and its contents (including the money order) to be returned to sender. Family and friends must use the address provided in the “Mail” section to send funds to inmates. Inmates are advised to inform their families/friends that only certified checks and money orders are accepted for receipt into an inmate’s account. Checks and money orders must legibly display the inmate’s name, DOC-number and remitter’s name. Cashier checks/money orders will usually be posted to accounts within five (5) business days of being received at the institution. The inmate will receive a white receipt after the funds have been posted. Inmates should wait at least ten (10) days before writing the Business Office inquiring about money received.

Funds being transferred from another DOC-facility will take 7-10 days from the date of transfer.

Account Deductions: In accordance with DAI Policy 309.45.02 Trust System Deductions, funds received for inmates to be deposited into their accounts from any source, shall be subject to deductions for outstanding obligations until the obligation is satisfied. Exceptions are listed in that policy.

Release Account: 10% of all money receipts and wages will be allocated to the release account until a maximum balance is reached. Exceptions to the release account deduction are listed in DAI Policy 309.45.02 Inmate Trust System Deductions.

An Inmate may request that regular account funds be transferred to his release account up to the release account maximum. Release account funds may only be disbursed in accordance with DAI Policy 309.45.02.

Release Clothing: Inmates will begin release planning with their social worker approximately six (6) months prior to their release date. At these meetings, inmates will determine what type of clothing they plan to wear on the day of their release. Inmates have these release clothing options: order clothing from retail outlet, have clothing sent in or dropped off by family/friends or use personal clothing from inmate’s institution property. If indigent, inmates may purchase state clothing. All release clothing ordered, sent in or dropped off must be received at least seven (7) days prior to release. Clothing from inmate’s property must be turned in to their Social Worker, in clean condition no later than ten (10) business days prior to release (this includes footwear). Inmates must be appropriately dressed for release. Staff will review clothing received seven (7) days prior to release. If all appropriate clothing has not been received, the inmate’s Social Worker will have the inmate fill out a Disbursement Request for state clothing to complete his dress out.

Savings Accounts: The following procedures are in accordance with DAI Policy 309.46.01 Interest Bearing Accounts:

1. Inmates may make deposits from their regular or release account into an interest-bearing account established by Inmate Accounts in the inmate’s name at a bank designated by the DOC. A $50.00 minimum deposit is required to open an interest-bearing account.
2. Interest accrued shall be credited to the individual inmate’s account. Interest earned in a regular savings account is not subject to release fund or surcharge deductions.
3. Account transactions will be processed no more than once a month and must be a minimum of $20.00.
4. Savings accounts are maintained by a central bank serving the entire DOC.
5. All savings account transactions must be made with a Disbursement Request for savings account transactions. After processing, the Business Office will send the yellow copy to the inmate for his records.
6. Inmates should request to have their savings account closed 30 days prior to parole or mandatory release. All funds will be disbursed in accordance with the Notice of Release (DOC-112).

Savings Bonds: Inmates may not purchase or cash savings bonds in accordance with Division of Adult Institutions (Policy 309.46.01). When an inmate is transferred, any bonds held for him by the sending institution shall be forwarded by registered mail to the Correctional Management Services Director or Business Office of the receiving institution. Savings bonds will be held until the inmate’s release.

**Payroll:** In accordance with DAI Policy 309.55 Inmate Compensation, following is the inmate hourly pay rate schedule:

Inmate payroll is posted bi-weekly. Payroll information is submitted to the Business Office by the inmate’s work supervisor. An inmate must contact his work supervisor with any concerns about his pay.

**Work Assignments:** Different work assignments are found throughout the institution. Inmates may write to unit staff requesting a job application, if they are interested in working on the units. Inmates should also watch for announcements in the RYOCF Weekly for job opportunities and write that area requesting a job application. Jobs are full-time, half time or quarter-time. Inmates may work full-time while attending quarter-time programming. Inmates will be paid 40 hours per week, unless they have pay reduced for various reasons. Different jobs have different rates of pay and schedules with the most skilled jobs paying the most money. Inmates must either have graduated from High School, have a HSED/GED or be enrolled in school to be employed at RYOCF.

Involuntary Unassigned (INVUNA) pay is paid for the normal Monday through Friday workweek only, and does not include legal holiday or weekend pay. Those under 18 may not apply for or accept a work assignment unless they have graduated from high school or have a HSED/GED. Any inmate may be assigned duties on a temporary basis by staff. There is no overtime pay.

Inmates who quit or are negatively removed from work or primary program assignment will be placed in Voluntary Unassigned (VUNA) status for 90 days and receive no pay. After 90 days in VUNA status, the inmate may write to the Unit Manager and state he has been in VUNA status for 90 days and he would like a work or program assignment. If no work or program assignment is available, the inmate will be placed in INVUNA status.

**Inmate Account Statement:** Inmate account statements will be issued bi-weekly. The statements will include all transactions that were processed in the inmates account for the two (2) week time period. Inmates should keep their account statements for their records.

**Account Inquiries:** When writing about a transaction of concern, inmates must include the specific transaction date, amount, and why they believe the transaction is incorrect. Before submitting any Interview/Information Requests (DOC-761), inmates should wait at least seven (7) days to allow for transaction processing time.

**Legal Loans:** Inmates who are indigent may apply for legal loans by submitting a DOC-1290, Loan Application and Repayment Agreement to the Business Office. The Financial Program Supervisor will review criteria in accordance with DAI Policy 309.51.01 Legal Loans. Loans are only given for legal use. Once approved for a legal loan, postage, writing materials and copies may be requested through the Business Office via Disbursement Request.

**Education Department (Warren Young School)**

The Education Department is overseen by the Education Director. The Warren Young School at RYOCF is named after Warren Young. Mr. Young was a correctional educator and a Warden. He believed that people could achieve their goals through hard work and having the desire to succeed. He also believed in the importance of education in changing people’s lives.
The Warren Young School has classes available at all levels. A TABE (Tests of Adult Basic Education) test is given to determine what level classes are best for each student. Inmates will automatically be scheduled for TABE testing upon their arrival at RYOCF and placed in appropriate programs. The following are just a few of the programs presently offered:

1. Adult Basic Education (ABE)
2. General Education Diploma (GED)
3. Competency Based Education (CBE)
4. Title 1
5. Special Education (SPED)
6. Career and Technology Education (CTE)
   a. Microsoft Computer Applications certified through WTCS
   b. Masonry
   c. “Green” Custodial certified through WTCS
7. Gateway College Classes On-Site
   a. College Success
   b. College Math and Technical Math
   c. Entrepreneurship Program
8. Technology Career Resource Center (TCRC)

Another resource is a full service library complete with a Law Library. New inmates will receive a Library/Law Library orientation as a part of the Education Department orientation where the rules, procedures and sign up processes are explained. Inmates are also introduced to LAIP (Legal Assistance to Institutionalized Persons).

The Education Department also provides instruction of Pre-Release Curriculum/Re-Entry modules. The nine (9) modules consist of Wellness, Education, Employability, Family Support, Financial Literacy, Health, Housing, Personal Development, and Transportation. Inmates are encouraged to take modules along with their HSED/Vocational/College coursework. All modules have been designed to help improve skills to assist a successful reentry into the community.

Inmates must attend their scheduled class periods unless they have an appointment with HSU, PSU, their Social Worker, their Unit Manager, or they are attending visits. Inmates who miss their scheduled class period will be subject to discipline at the discretion of staff.

Religious Services

RYOCF has a multi-purpose room where many religious services and volunteer programs are conducted. The Chaplain provides many different opportunities for inmates to participate in their declared religion's activities. Inmates may sign up in the activity binder located on their housing unit for religious activities of their declared religion. The Chaplain is also available for personal consultation upon request.

Health Services Unit

The Health Services Unit is overseen by the Nursing Supervisor. Any concerns or issues inmates may have relating to a health issue should be communicated directly to Health Services through the Health Services Request (DOC-3035; blue slip), or Dental Services Request DOC-3392; yellow slip). Inmates requesting to see Health Service Staff may be charged a co-pay of $7.50 in some instances as directed by state statute and DOC-policy and procedure.

Sick Call: Sick call will be held after the 6:15 AM count has been cleared on most weekdays. Any inmate who has a health care need should complete a Health Service Request for medical needs or a Dental Services Request for dental needs and place it in the designated collection box in the dayroom. All requests will be reviewed and triaged by professional health care staff. Responses may include being seen at HSU that day or another day, being scheduled to be seen by the Physician, or written instructions. Written responses will normally be returned along with medication refills by the next day. Inmates will be notified when to report for their appointment or the inmate will receive a written response. Inmates will be responsible for being at their appointment on time. Failure to report for an appointment on time may require the inmate to re-submit another request before being seen.
Urgent illnesses and injuries will be reported to HSU by supervising staff. Each case will be handled individually. All other medical concerns should be addressed via the Health Services Request. Inmates should not request unit staff to contact HSU for routine questions or needs.

Inmates who are scheduled for an HSU appointment will receive appointment notification by an appointment slip. General population inmates are required to report to HSU at the time they are scheduled. An inmate may refuse medical care however, the inmate will be required to show up in HSU to sign a refusal form the same day of the refusal. HSU staff may change appointment times on a discretionary basis and may also have inmates who are not scheduled called down to be seen as needed.

**Lay-In:** a status assigned only by assignment supervisor who has determined he is medically unfit for work.

**Sick Cell:** a status determined only by Health Services and is a pay status. Inmates cannot place themselves on Lay-In or Sick Cell. Inmates can report their medical situation to unit staff, if they feel they are too incapacitated to report to their assignment supervisor for Lay-In determination. If unit staff believes Lay-In status is warranted, they should refer the inmate to the unit sergeant who will decide whether to send the inmate to their assignment supervisor or to call that supervisor for approval to put the inmate on Lay-In status and why. Lay-In status may continue for up to 48 hours. If an inmate reports for his assignment and the assignment supervisor of the work/program area determines the inmate is too ill to participate in their assignment, that supervisor may send him back to his housing unit upon notification to the Unit Sergeant. If the inmate is a student, the Education Director (Ed. OOA if absent) will determine Lay-In status. If they are not available, the teacher will contact the Shift Supervisor for a determination.

The inmate MUST report to his next scheduled assignment after 48 hours on Lay-In status unless he has been seen by Health Services staff and put on "sick cell" status. Inmates should submit a Health Service Request to be seen when ill. Inmates on Lay-In or sick cell are confined to their cell except for meals and count unless otherwise directed by staff. Inmates may not make telephone calls on inmate phones, be outdoors or in the dayroom areas and must have their cell door closed. Visits will not be permitted. After being evaluated by HSU staff, an inmate may have specific restrictions imposed, which may include room confinement, building confinement, special diets, restriction from work/school, or restriction from recreational activities. Restriction from recreation includes outdoor dayroom and all recreational activities in the gym including the fitness room.

**Medication:** General over-the-counter type medication is available through canteen. Prescribed medications are two types, controlled and non-controlled. Non-controlled medications will be in the inmate's possession (unless in Restrictive). Inmates will be responsible for following directions and self-administering the medication. Controlled medication will be kept at the Officer Station; staff will observe inmates, while they take their medication. Whenever an inmate is given medication by staff, the inmate will put the medication in his mouth and show the staff member the medication inside the mouth. The inmate will then swallow the medication by washing it down with a drink from his cup of water, which he will be required to have prior to taking the medication. After swallowing the medication, the inmate will show staff the medication has been swallowed by opening his mouth and moving his tongue around. Cups will be shown to staff in order to assure the medication is not in the cup following medication ingestion.

You are responsible for taking the medication at the designated time. Staff cannot provide medication requested more than one (1) hour earlier or later than prescribed. Any pills found out of pill "blister packages" will be considered contraband and will be addressed through the DOC-303 disciplinary process. Inmates in possession of non-controlled medications past the prescription expiration or with medications from another inmate will be subject to the DOC-303 disciplinary process.

**Medication Refills:** Inmates are responsible for requesting medication refills from HSU via a Medication/Medical Supply Refill Request (DOC-3035C). Inmates must clearly indicate the medication name and dose by copying from the permanent label on the medication. If no tear-off label is available, the Health Service Request should clearly indicate the medication name and dose by copying from the department label on the medication. Requests for refills must be submitted in advance (3-5 days prior to last dose) to avoid medication interruption and to aid in re-orders by the Physician. Unit staff should monitor all controlled medication in order to assist inmates in re-ordering as appropriate.

**Off-Site Referrals:** When emergency treatment is needed, various hospital and medical providers will be utilized.
While at the hospital, inmates will be expected to abide by all rules established by the institution as well as the hospital rules. Other specialty referrals will be made to local physicians, clinics or U.W. Hospital and Clinics. If an inmate is going to an anticipated surgery and knows that he will be admitted and staying at University Hospital overnight, he may take stationery, envelopes, stamps, one pen or pencil, shower slippers, and a combined total of two books or magazines. The inmate may also request a $10.00 check: see Inmate Accounts, Disbursement Request section.

**Psychological Services Department**

The Psychological Services Department is overseen by the Psychological Supervisor. The Psychologists at RYOCF are primarily responsible for monitoring inmates with mental health concerns. Inmates with a mental health code of one (1) or two (2) will be assigned to a Psychologist upon arrival at the institution. The assigned Psychologist is the person to contact, if there is an immediate issue or concern to discuss. Inmates with mental health codes of zero may also talk with a Psychologist, but may not be seen as quickly as those with the other mental health codes. Inmates with a mental health code of zero should send a request slip to the Unit Psychologist or Psychology Supervisor to be seen by Psychological Services.

**Appointment:** Inmates requesting an appointment with a Psychologist should submit a green Psychological Services Request (DOC-3035B), which includes the days and times the inmate, is available for an appointment. Inmates will then be called to the Psychologist's office or will be sent the date and time of an appointment. Any inmate, who is having thoughts of harming or killing himself, should inform the nearest staff member, who will contact the Psychological Services Unit immediately – even after normal business hours. Thoughts of suicide or self-harm are considered emergencies, and these inmates will be seen as soon as possible. Inmates are asked not to contact the Psychologists for questions regarding RRC dates, cell changes, release dates and phone calls; these questions should be addressed to the appropriate staff. The Psychologists are here to help inmates learn to manage health concerns and other personal and interpersonal problems. The Psychologists will not intervene for inmates with other staff or help inmates obtain special privileges.

**Confidentiality:** Most of the information, which inmates share with their Psychologist, will remain confidential; however, there are exceptions, which are important for the inmate to know. If the Psychologist believes that an inmate is going to hurt himself, someone else, or try to escape, the Psychologist will take whatever steps are necessary to prevent the harm. In addition, the Department of Corrections has a policy, which requires staff to report previously unknown acts of homicide, attempted homicide, or 1st or 2nd degree sexual assaults to the Warden. In most cases, the Warden will not report these prior offenses to anyone outside the Department of Corrections. If an inmate reports serious misbehavior by staff or other inmates, such as physical or sexual abuse, or other serious threats to security, the Psychologist will report the information to the Warden or Security Director.

**Records Office**

The Records Supervisor oversees the Records Office. The Records Office handles inmate legal and social service files. Sentence computations, disciplinary extensions, and releases are completed by this office. Inmates who wish to review their files or have any copies made of file documents, may contact the Records Office by an Interview/Information Request (DOC-761).

**File Reviews/Questions:** File reviews are conducted every Thursday at 10:00 A.M. in the Education area. Inmates who wish to review their legal/social service file should complete an Interview/Information Request and send it to the Records Office. Inmates will be sent a notice with the date of their scheduled review. Inmates may bring paper and pencil to write down information they may need out of their files. Photocopies cost $0.15 per printed side of sheet. If the Records Office is unable to answer questions in writing, they will schedule an appointment to be seen during file reviews.

**Sentence Computations:** If an inmate has any concerns about possible calculation errors or issues surrounding his incarceration, he may write an Interview/Information Request to the Records Office. Sentence computations are a drawn out process and may take a while to complete. Once the computations are complete, you will receive a notification with all of your release dates on it. Forms for the sentence adjustment can be obtained in the Library.

**Releases:** Releases occur on the Tuesday prior to your MR/ES date. If you are a maximum discharge, you will leave on the MAXIMUM DISCHARGE date. Inmates are responsible to meet with their Social Worker to develop
their release plans. You will receive a Notice of Release prior to your release explaining your entire Agent’s reporting instructions.

**Security Department**

The Security Department is overseen by the Security Director. The Security Department works collaboratively with all departments at RYOCF. The correctional staff will communicate expectations and consequences clearly and professionally. They ensure the safe and secure operation of every facet of RYOCF and assist in protecting the community.

**Unit Management**

RYOCF utilizes a system of unit management. Each housing unit “team” consists of Correctional Officers, Correctional Sergeant, Social Workers, a Security Liaison and the Corrections Unit Supervisor (Unit Manager) who is ultimately responsible to the Warden for overall unit operations. The Restrictive Status Housing Unit is overseen by the Programs Captain who reports to the Security Director.

**Social Services Department**

The goals of the Social Services Department are to provide the necessary programming and treatment activities for successful case management of the RYOCF inmate population and to provide inmates opportunities for successful reintegration into the community.

**Social Workers:** Within the first week of your incarceration, inmates will be given an orientation by the Intake Social Worker. Each unit has a maximum of four Social Workers. Where inmates live determines their Social Worker assignment. Social Workers are the case managers responsible for COMPAS assessments, development of a Unified Case plan. They assist inmates with Reclassification Review Committee (RC) and Parole Commission hearings, making arrangements for release, special visits, urgent family matters, counseling and facilitating various treatment groups.

**Programming/Treatment:** Inmates are assigned to various Treatment Programs in addition to Education. Examples of these programs include:

1. Thinking for a Change
2. Anger Management
3. Sex Offender Treatment
4. Domestic Violence
5. AODA Residential

Treatment staff is aware of inmates’ names, release dates and program needs. As openings become available for these programs, inmates will be contacted by their Psychologist, Education staff or Social Worker in order to gather information about the inmates’ willingness to participate in the various programs assigned to them. If you have an identified program need and are offered the program, it is in your best interest to accept the program. If an inmate refuses, quits or is terminated from the program, the inmate will have to write an Interview/Information Request to his Social Worker to get placed back on the programs waiting list.

**Reclassification Review Committee:** Inmates are seen by the Reclassification Review Committee (RC) every year unless referred to RC earlier by conduct report disposition, previous RC shorter recall recommendation, or by qualifying for an early recall according to institution procedure. Inmates will be interviewed by their Social Worker before being seen by the committee. RC will also recommend institution placement, program and treatment needs, and custody level.
Communication with Staff

All communication between inmates and staff, as well as inmate to inmate, is expected to be professional and respectful. Generally, an inmate is expected to follow the chain of command below and submit "Interview/Information Request" (DOC-761) forms regarding the inmate’s questions and concerns. These forms are available from the unit floor officer.

Interviews with Staff: Inmates must submit an Interview/Information Request form to the appropriate department staff to initiate a possible meeting with that staff member. Staff will determine the appropriate time for the interview, if one is appropriate. An interview with staff does not excuse an inmate from another obligation, such as a class or count, unless the inmate is authorized to be absent. Additionally, no inmate may possess any personal information about DOC-staff.

Chain of Command for Interview/Information Requests: Inmates sending Interview/Information Request forms to staff must follow the chain of command found below. Inmates will start at the first level related to their problem before going to the second level. Inmates will wait at least one week for a response. If an inmate must go to the second level in the chain of command, the inmate must indicate that he has previously contacted the first level and he must indicate what response, if any, he received from that individual. If an inmate has contacted both levels and still has a concern, he may write to the Unit Manager with information about his concern and any previous responses he received from other staff. All levels must be exhausted before writing to the Warden or filing an Inmate Complaint.

Orientation/Intake to RYOCF: All new arrivals at RYOCF will go through an intake process on the North Housing Unit. Through this process, the inmates will complete a two-week orientation that will consist of individual and group meetings with the intake Social Worker, the Department Heads, and the North Unit Manager. Inmates will be moved off the intake quads when beds become available. Inmates may remain on the North Housing Unit or they may be moved to the South Housing Unit.

Identification Cards (IDs): All inmates receive an identification card upon entrance into the Department of Corrections. Inmates must wear their identification card and lanyard around their neck at all times when they are out of their cell, which includes standing counts. The ID must be displayed on the outermost article of clothing, with the picture and name facing out. Inmates may wear their ID under their clothing when performing duties as servery workers or any other work position if the area work supervisor decides there is a safety need. Shirtless inmates at recreation or outdoor dayroom must wear their ID. If the inmate’s ID is lost or damaged, the inmate will be charged $3.00. In addition, inmates are responsible for filling out a disbursement request to purchase a new ID, if their ID becomes lost or damaged. Inmates are also responsible for notifying unit staff if they need a new lanyard. If an inmate arrives at the facility without an ID, he will be issued a replacement ID at no cost. Inmates will take their ID with them upon transfer to another institution.

State-Issued Items: Upon arrival to RYOCF, inmates will be issued the RYOCF Inmate Handbook. If an inmate does not have a DOC-303 Booklet or a PREA Handbook in his possession upon arrival, these books will be provided. Additionally, inmates will be provided a footlocker with an attached padlock that must remain locked when not in use. Inmates must notify a security staff member if their padlock separates from their footlocker. Loss, damage, or alteration of any state-issued property may result in discipline and/or restitution. The RYOCF Inmate handbook and footlocker with padlock must be turned in upon release or transfer.

State-Issued Hygiene Supplies: Every Sunday, staff will deliver supplies to the cells after the breakfast meal. The maximum number of items an inmate may have in his possession includes both state-issued and personal property items. The following items will be supplied on a one for one basis:
1. Toothbrush
2. Toothpaste
3. Bars of soap (2)
4. Toilet paper

State-Issued Clothing & Linens: Inmates will be issued clothing and linens by the institution shortly after arrival. Clothing will be issued in the sizes deemed appropriate by the Laundry Officer. They will receive one winter jacket printed with their name.

**Laundry Exchange**: The Laundry Officer will assign each new inmate a weekly appointment to exchange soiled state-issued laundry for clean state-issued laundry on a one for one basis. Inmates will be allowed to exchange the following state-issued items every week:

1. Two (2) pants
2. Two (2) sheets
3. One (1) pillowcase
4. One (1) sweatshirt
5. Two (2) V-neck shirts

Additionally, inmates may wash their state-issued and personal clothing in the unit laundry rooms (see the unit laundry rooms section for more information). Blankets should be turned in according to the bedding schedule posted on the unit and listed in their laundry information forms. Inmates are responsible for all clothing issued to them by size and condition. Inmates found with wrong-sized, damaged, or excessive clothing may be subject to discipline. It is the inmate’s responsibility to bring any clothing discrepancies to the attention of the Laundry Officer at the time of receipt and before leaving the Laundry Department.

**Personal Clothing Exchange**: If an inmate receives personal clothing, the Property Sergeant will call the inmate to Property to exchange the state-issued clothing for the personal clothing on a one for one basis. Inmates will remain eligible for weekly laundry exchange of state-issued items.

   d. unopened products may be packed for facility transfer
   e. opened items may be disposed of per policy and facility procedure

**Property Orders:** All property purchased must be new. No used items are allowed. Personal clothing must be purchased through the institution canteen property catalogs. Inmates are to keep all receipts for their personal property except canteen receipts over 60 days old. All property orders that will be delivered by commercial carriers must be shipped to:

1500 Hamilton St.
Racine, WI 53404
**Footlocker:** All property must fit and be stored in the inmate’s assigned locked footlocker except major electronic items. An inmate’s footlocker should remain locked when not in use. In the event that the inmate does not comply with this rule and leaves the footlocker unlocked, he accepts responsibility for the loss of stolen items. All footlockers must be stored underneath the bunks.

**Disposal of Property:** For disposal of property listed on the inmate’s property sheet, a DOC-237 Property Disposition form must be filled out. This form must be signed by the inmate and staff member taking possession of the property. Inmates are not allowed to buy replacement items unless the Property Department has sent out or destroyed the original item. Items may not be disposed of on the housing unit.

**Damaged Property:** If an inmate damages his own property, he must turn it over to staff immediately – damaged property is considered contraband.

**Lost or stolen Property:** Any “lost or stolen” property may not be replaced for 90 days. If items are ordered and received before that time period ends, those items will be returned to the vendor at the inmate’s expense.

**Transfer to Another Institution:** Upon transfer to another institution, edible products that have been opened will not be transferred. **General Population Living Quarters (Cells)**

The Corrections Unit Supervisor (Unit Manager) has oversight of the housing unit operations and carries them out under the direction of the Warden. Some of the duties include proper case management, unit/cell cleanliness, coordination of other unit, institution initiatives and programs.

**Inmate Cell Inspection Requirement:** Inmates are responsible for completing a Cell Inspection Sheet upon arrival to a new cell. The inmate will need to request a Cell Inspection Sheet from a Correctional Officer. The Cell Inspection Sheet is to be completed by the inmate within an hour of arriving to the assigned cell. Inmates are to check each area that is listed on the Cell Inspection Sheet and write any repairs needed or damaged property and document on the Cell Inspection Sheet. Upon completion, the inmate is to sign and date the Cell Inspection Sheet and give it to the Correctional Officer who is to verify the needed repairs or damage, write work orders as needed, and sign the form. Failure to list all repairs needed or damage to the cell on the Cell Inspection Sheet may result in a conduct report. The completed Cell Inspection Sheet is to be filed in the inmate’s file folder in the officer station. Any damage or repairs occurring after the Cell Inspection Sheet is turned in must be reported immediately. Inmates may receive a conduct report and will be held accountable for cell damage.

**Bunk Assignments:** Inmates must remain in the upper or lower bunk that they are assigned. Bunk changes within a cell are only made with staff approval. If an inmate is placed in TLU status and is assigned the lower bunk, the inmate in the cell who has the top bunk may not move his items or himself to the lower bunk.

**Orderly Bunks:** Bunks must remain orderly when cell is not occupied. The pillow will be at the head of the bunk. All other linens not stored in their footlocker must be folded neatly at the end of the bunk. Linens are not to be used as floor covering, table clothes, or draft blocker. The mattress must stay on the bunk at all times. Inmates must sleep on their bunks. Inmate’s heads must lie at the top of the bunk facing the door.

**Cell Call Buttons:** Inmates are only to use their cell call button to contact the housing unit officer station no more than five minutes prior to a scheduled appointment, school, medication pass, work, activity, or to advise staff they have an emergency. This button is not to be pushed to gain the attention of a staff member for supplies because
inmates are expected to retrieve supplies during their scheduled indoor dayroom. After 9:30 P.M., the only reason to use the call button is for an emergency or work assignment. When staff responds to an inmate using the cell call button, the inmate will state his name and the reason he pushed the button.

**Cell Cleaning:** Inmates are responsible for keeping their cells clean at all times. Inmates will place trash in the proper containers. Trash receptacles will be provided on each floor. Cleaning supplies will be made available according to the housing unit schedule. The cleaning supplies provided by staff are what are to be used. No shampoo or dish soap may be used to mop cell floors. This cleaning is mandatory and both inmates need to participate and have a maximum of ten (10) minutes (unless supervising staff indicate otherwise) in which to complete. Only four to ten cells will be opened for access to supplies at one time. Walls and ceilings may be cleaned occasionally during regular scheduled cleaning: The following is the appropriate cell cleaning routine:

1. Wipe down both sides of the mattress and pillow with disinfectant solution.
2. Wipe down bunk, desk, and TV shelf with all-purpose cleaning solution.
3. Scrub sink and toilet with disinfectant solution.
4. Sweep cell floor. Mop floor with all-purpose cleaning solution.
5. No personal property may be brought out of cell during cleaning.
6. No cleaning supplies may be kept in cells.
7. If inmates have a blood or body fluid spill in their cell, they must notify staff. Special precautions are to be taken as directed by staff. Spill kit directions are to be followed.
8. Nothing solid is to be flushed down the toilet except human waste and toilet paper.

Throughout the week, inmates may request cell-cleaning supplies during their scheduled indoor dayroom. Time limits may be imposed due to operational needs of the institution, but should be no less than 10 minutes.

**Cell Décor:** Inmates will not hang any items from the vents, sprinkler system, smoke detectors, walls, lights, door, bunks, and ceiling. Items will not be placed over windows on exterior wall or cell door. Nothing is to be stored in the windows, except coaxial cables. Nothing is to be hung on the frame of your bunk blocking staff line of sight into the cell. Inmates will not alter the décor of their cells by painting, writing, drawing, hanging, or attaching anything on the walls, ceiling, floor, shelves, vents, furniture or sprinklers. Nothing may be hung on the furniture or across the cell. Linen or towels may not be used as rugs. The wall hangers are the only place that clothing items may be hung. Shelving may not be used to hang clothing. The cell bulletin board is the only place that items may be attached. Pictures may not be removed from publications and then displayed in the cell. No full or partial nudity pictures shall be displayed.

**Door Tag:** The housing unit officer will issue a door tag with your name and DOC-number on the door tag. Door tags must remain in the holder on your door at all times. Door tags may only be removed if the inmate is moving to a different room or unit. You may not alter, deface, mark, or change your door tag in any way. You may only use the name you were incarcerated under on your door tag. If a new door tag is needed, staff must be notified immediately. You may not have anything else in your door tag holder at any time.

**Cellmate Requests:** General population inmates may request a Cell Exchange Request form from officers during their scheduled indoor dayroom. Cell exchanges may occur no more than once every six (6) months. At any time, you or your cellmate may be moved as deemed necessary to meet institution operational needs. If either inmate is removed from the cell, both inmates continue on the six (6) month wait list for a new cell exchange request. The cell exchange request form must be approved and signed by all inmates participating in the cell exchange. All inmates will be called to the unit control station for approval signatures. Cell Exchange Requests will not granted because you do not get along with your cellmate. You are both adults and are expected to work out your differences in a respectful manner. Ask a staff member for a Problem Solving BIT, if you need help solving a problem. Threatening to fight one another, if you are not moved may result in discipline and will not result in a cell exchange. The Cell Exchange Request process is a privilege and not a right. Approvals and denials will be determined by the Unit Supervisor with input from Security Threat Group Specialists. The Cell Exchange process may be suspended at any time at the Unit Supervisor’s discretion. The Unit Supervisor’s decision is final. After three (3) months into a cell exchange, if the inmate has not received a conduct report, the inmate may request an extra cell exchange. The extra cell exchange request must be submitted to the Unit Manager for approval. Inmates who receive any conduct reports will not be eligible for the three (3) month exchange. This does not affect the cellmate’s status.
Electricity: In an effort to conserve energy, inmates will turn off all electronics and lights prior to leaving their cells. Electronics left on and unattended may lead to disciplinary action.

Electronics: Inmates must use and wear headphones or earbuds at all times when using personal electronic equipment. Inmates without properly working headphones/earbuds or properly working electronics will have their electronics confiscated. Electronics should not be heard outside of their cell. If it can be heard, it can be confiscated with disciplinary consequences. Inmates must wear their headphones the proper way they are designed to be worn. Makeshift jacks or makeshift TV antennas are not allowed. Electronic equipment must remain in the inmate’s cell at all times. Homemade extension cords are prohibited. Televisions may be placed on an inmate’s own desk or on the shelves provided.

10:00 P.M–6:00 A.M. Restrictions: All talking out of cells into a quad is prohibited during this time. The only allowable noise is quiet conversation. Cellmates may talk as long as they are not heard outside of their cell. Typing, use of guitars or keyboards, and the use of electric razors are prohibited during these hours.

Inmate Count Procedure

Standing Count

Announcement: Control staff will make an announcement, “Five minutes until standing count” to alert staff and inmates of an approaching count. All inmates on the unit are expected to be in their cells at the time of count with the exception of server workers; they will be counted in the dayroom. At the time of the standing count, the following announcement will be made, “Attention all staff and inmates it is now time for the (6:15 A.M., 11:10 A.M., 4:15 P.M. or 9:30 P.M.) standing count.” At this time, unit staff will open the cell doors for count.

Count Expectations: Inmates will cease talking, exit their cells, and stand for count in front of their assigned cell door. During count, inmates will stand up straight, not leaning against the wall or the door bumper, with their hands at their sides and visible. Inmates must wear their ID during a standing count. Pajama tops and bottoms, thermal tops and bottoms, and tank tops are not acceptable clothing at count. Minimal attire for count will be shirt, shorts, and footwear. Cell lights and all electronics must be turned off during standing count. If your electronics are not turned off during the standing count, your electronics are subject to confiscation and the inmate may be disciplined. Unit staff will count the inmates, clear the count in the quads and then all inmates must lock in their cells. Outbursts or inappropriate conduct during count may cause the delay in count for all inmates and may cause you to be subject to discipline. Inmates will quietly enter their cell and secure their doors.

Census Count

Census counts will be held at 11:00 P.M., 2:00 A.M. and 5:00 A.M. Inmates must be clearly identifiable during these counts. Officers must see “skin” when counting inmates or any time the officer looks in a cell with an inmate present.

Emergency Count

An emergency count can be called at any time. Inmates must present themselves in the same manner as for a standing count unless otherwise directed.
General Population Dayrooms

**Schedule:** Dayroom is offered daily according to the posted schedule. Inmates must remain in the area assigned for that dayroom or return to their cells for that period. Inmates must leave the dayroom and showers at the end of the posted dayroom end time.

**Indoor Dayroom**

**Attending Dayroom:** Inmates who wish to attend their scheduled dayroom must exit their cells at the start of the period. Inmates have up to one (1) minute to come out of their cell for their scheduled dayrooms. Garbage cans must be emptied at the beginning of the dayroom period. Inmates who fail to come out are subject to forfeiting their dayroom. Inmates do not have to attend the entire scheduled dayroom activity; however, once they return to their cells, they may not return to the dayroom.

**Permitted Dayroom Activities:** Dayroom periods will be utilized to sign up for any activities that require a sign up list. Dayroom time is also to be used for reading the materials on the bulletin boards. DOC forms will be obtained during the inmate’s scheduled indoor dayroom. Inmates are held responsible to know reading material posted to bulletin boards. Appropriate activities include TV, cards, dominoes, table games, letter writing, sharing of legal work. Inmates may bring personal games and cards to be used in the dayroom. Inmates may bring one drink and one food item into the dayroom area during dayroom for their personal consumption only. Pitchers and water jugs are not allowed in the dayroom. Inmates share in the general housekeeping duties of the unit and are to clean up after themselves. Inmates may make arrangements through their Housing Unit Sergeants to repair clothing items with needle and thread in the dayroom.

**Dayroom Expectations:** Keep noise levels to a minimum at all times. All property brought to the dayroom is subject to search and inmates are responsible to label property with their name and DOC number. Appropriate clothing for the dayroom should be a minimum of a t-shirt, shorts, socks, and footwear, whether waiting for a shower or not. Tank tops are only allowed to be worn outside, at recreation, or in cells. They may be worn from cell to outside dayroom or recreation and back without being covered. All dayrooms will be issued a 5-minute warning prior to the end of the dayroom. Inmates are expected to be locked in their cells by the scheduled end time of the dayroom period.

**Prohibited Dayroom Activities:** Inmates may not participate in shadow boxing or other types of martial arts practice. No horseplay or other disruptive conduct is allowed. No communication of any means to another inmate through the unit glass divider wall. Inmates may not loiter outside of another inmate’s cell. Photographs or photo albums may not be brought to dayroom. Loud slapping of cards or dominoes is not permitted. Standing or loitering at tables is not permitted. Personal hygiene items are not allowed to be used in the dayroom. Inmates are not allowed to lean or loiter around the officer station.

**Unit Newspapers/Property Catalogs:** Unit newspapers/property catalogs must remain in the dayroom. Inmates reading the newspaper/property catalog must remain seated at the table closest to the unit control station. It is not permissible to remove sections of these periodicals. Items must be returned to the Officer’s Station at the end of dayroom.

**Calculators:** Calculator use for Sales Tax computation is allowed only during indoor dayroom. Both units have pocket calculators in the Officer Station for inmate use to calculate sales taxes when ordering goods. To avoid underpaying sales taxes and having disbursements returned or overpaying and losing money, inmates who wish to use a calculator for this purpose may check out a calculator during their scheduled indoor dayroom.

**Exchange of Publications:** Inmates will be allowed to loan newspapers, magazines, and personal paperback books to other inmates in the dayroom during regular dayroom activities. Legal materials may also be shared during this time. These exchanges must be done through the Officer, who will search the material before exchange. All materials will be returned to their rightful owners at the end of dayroom period. Any personal property of another inmate found in your cell or on your person is subject to confiscation and both inmates may receive a conduct report.
Microwave Use Rules: Only inmates on their scheduled indoor dayroom may use the microwave. Inmates are expected to follow these rules:

1. Servery doors will remain locked until outdoor dayroom leaves the unit. In addition, servery doors will be locked five (5) minutes prior to dayroom completion and during the final stages of the servery clean up after meals.
2. Inmates must use the microwave immediately when it is their turn and leave the area immediately when their item is done.
3. Only one food item in the original packaging and one bowl may be taken to the microwave.
4. Inmates are expected to maintain an orderly line.
5. Inmates may only use their assigned microwave.
6. Inmates have a total of five (5) minutes to complete their cooking needs. Inmates are allowed one (1) visit to the microwave per dayroom period.
7. Cooked or heated items are to be consumed in the inmate’s scheduled dayroom or taken to his cell during or at the end of dayroom. Inmates who take these items back to their cell prior to the dayrooms scheduled end time may not come back to that indoor dayroom.
8. Community cooking is not allowed.
9. Inmates who violate the microwave use rules are subject to forfeiting their microwave privileges for that dayroom.
10. Cleaning solution and rags for inmates use will be made available to clean up any spills.

Ice: Ice is limited to 1-8 oz. cup. Inmates are allowed to get ice at their scheduled indoor dayroom. No more than two (2) inmates per side will be allowed at the ice machine at a time. Minor Sanctions: Minor sanctions vary and generally start on the day of the decision. Staff will determine the start and end dates and record them on the inmate’s and Officer Station’s copies of the hearing documents. If a same or similar sanction is in effect at the time a disposition is made, the minor sanction will generally run concurrent to the sanction already in place. If the inmate has any question about the starting/ending dates, it is his responsibility to ask staff for clarification.

1. **Reprimand** – an oral statement to an inmate addressing the inmate’s behavior when the inmate is found guilty of an offense.
2. **Loss of Recreation (LOR)** – Recreation privileges include attending recreation during the inmate’s scheduled time, signing up for barbershop appointments and participating in Sunday league activities.

Such privileges include getting ice, using the microwave, utilizing the unit telephones, and hair braiding on the unit. Inmates on LOD will either consult their floor officer or the control station staff to ask permission to take a shower during their indoor dayroom or to receive forms from the officer’s station.

6. **Loss of Privileges** – May include one or more privileges which may be suspended for a single offense including the use of electronics, phone calls, eating meals in the dining area, or canteen privileges. Supervisor will identify exactly which privileges are suspended and the duration of the suspension.

**Visit Start Time:** The official start time of a visit is when the inmate arrives and checks in with staff. If a visitor has waited more than 15 minutes for an inmate to arrive at the Visiting Room, staff will make a call to the unit to inquire the reason for the delay. Once it has been verified that the inmate has been personally told of a visit, he has 20 minutes to arrive at the Visiting Room before consideration is given to cancel the visit all together. Once a visit has started, inmates may not leave the visit and then return.

**Seating:** Seating will be assigned by visiting room staff and inmates must check-in at the Officer Station before the start of their visit. Inmates must sit at their assigned table in the purple chairs that face the Officer Station. Laps of inmates or visitors are not to be covered at any time during the visit. Any improper embracing, kissing, or indiscreet conduct during the visit will lead to individual disciplinary action, which may include no-contact visiting, the suspension or the removal of visiting privileges. Inmates and visitors are permitted to hold hands but no other parts of the body shall come in contact. Hands of inmates and visitors must be visible to staff at all times. Inmates and visitors are not allowed to place their hands inside or underneath anyone else’s clothing. The inmates and their visitors may not put their arms around or on one another.

Disruptive Conduct

This behavior will result in the visit being terminated and the inmates will be subject to disciplinary action. Inmates are not allowed to run, jump, or horseplay.

Requests for special or extended visits must be made five (5) working days in advance of the date of the requested visit. The request must include the name, address, date of birth (if known), and relationship of the visitor to the inmate. The request will then be reviewed by the Social Worker and the Unit Manager who will make recommendations for approval or denial. If extra hours are granted, they will occur within the regular hours stated above and are subject to space availability.

Clergy/Pastoral Visits: All clergy/pastoral visits shall be arranged through the RYOCF Chaplain in advance of the visit. All visits shall take place in the Visiting Room during normal visiting hours, unless otherwise arranged and approved. No property/paperwork can be left with you at a legal or official visit.

Visitor Lists

Creating or Amending Visitor Lists: All visitor lists that an inmate had at previous institutions will follow him. Visitor lists are open for adding adult visitors until 12 adult visitors are on a visitor list. Visitor lists are open for adding minors (17 years old and under) at any time. If there are 12 adult visitors on a visitor list another adult visitor may be added only by removing a visitor who has been on the list for six (6) or more months. In order to remove a visitor from your visitor list a Visitor Information Change (DOC-884) form must be completed. Any time
an inmate’s visitor list is amended a copy will be sent to the inmate. Once a visitor has been denied, approved or removed, inmate requested changes are not allowed for six (6) months for that visitor.

The Visitor Questionnaire (DOC-21AA) and Visitor Information Change forms are located at the Officers’ desk in the unit dayrooms. Visitor Questionnaires must be returned to the address on the form, not to the inmate. Questionnaires sent to inmates will not be processed and will need to be resubmitted in order to be processed. Questionnaires must have all required information and signatures for visitor to be processed. Changes that may be made at any time to an inmate’s visitor list are as follows:

1. Address changes.
2. A minor on an inmate’s visitor list becomes an adult.
3. Birth or adoption of a child of the inmate or an existing visitor.

Visitors with any medical issue that prevents them from passing the metal detector must have a medical clearance from the Security Director of this institution before the visitor can be exempt from scanning. It is the responsibility of the inmate to mail a form (DOC-2424) to the proposed visitor. Form (DOC-2424) can be obtained from the Unit Office Operations Associate. The form must be filled out by the visitor and their physician. The form must then be mailed or faxed directly from the physician’s office to the Security Director at the following address:

**Disruptive Visitors:** Visitors are not allowed to physically or verbally abuse an inmate. This includes pushing, hitting, striking, or loud verbal exchanges with the inmate. If this behavior occurs, the visit will be terminated. Additionally, the visitor may be subjected to no-contact visiting or the visitor may have his or her visiting privileges suspended or terminated at the Security Director’s discretion.

Visitors are not allowed to verbally abuse or disrespect staff in any way. This behavior will result in the visit being terminated. Additionally, the visitor may have his or her visiting privileges suspended or terminated per the discretion of the Security Director.

Visitors who are not allowed to visit must leave institution grounds immediately.

This includes return of state clothing, packing of property, returning education materials, etc. The “checkout” sheet must be completed and returned to staff prior to your departure. Inmates should request to have their savings account closed 30 days prior to release (to parole or mandatory release). All funds will be disbursed in accordance with the Notice of Release (DOC-112). You must turn in your laundry and property the day of your release. If your Agent has provided approval, a check from your account will be provided to you upon release. If someone is going to pick you up, releases normally occur during the hours of 8:30 A.M. and 4:00 P.M. Upon departure, the RYOCF Inmate Handbook and footlocker with attached padlock must be turned in. If an inmate no longer possesses these items or they are damaged, he will be charged for them.
