Stanley Correctional Institution (SCI)

- Read this handbook carefully to ensure awareness of basic procedures.
- Upon arrival at SCI, inmates are temporarily assigned to Reception and Orientation (R & O) for institution orientation. During this time they will be introduced to our programs, the physical plant, and members of our staff. Through an orientation, institution placement, program needs and work assignments will be determined.
- This institution is surrounded by a secure perimeter. Inmates will be permitted relative freedom of movement within the institution to associate with individuals at work, school, and during leisure-time activities.
- While at SCI, inmates will be given opportunities to gain skills needed to support a productive and crime-free life. SCI offers academic and vocational training, domestic violence, anger management, CGIP core groups, alcohol and drug abuse support groups, family and marriage counseling, and many other programs to help better prepare inmates to accept the responsibilities of life. Eligible inmates may take advantage of the programs available at SCI. Only the individual inmate himself can make the decision to change.

LIMITED ENGLISH PROFICIENCY POLICY

The Wisconsin Department of Corrections (DOC) shall within available resource constraints take reasonable steps to continue providing Limited English Proficiency (LEP) offenders in its custody, or under its supervision, meaningful access to vital documents, important information and health services and to ensure they are not precluded from accessing or participating in important programs or proceedings, including those which may affect the duration and condition of their confinement or favorable classification. This shall be done at no cost to the inmate. The DOC shall not retaliate against any LEP offender for requesting such access. The DOC does not prohibit communication in languages other than English, either by policy or practice, except where security practices require.

El Departamento de Correcciones (DOC) de Wisconsin debe dentro de los límites y recursos disponibles dar los pasos necesarios para continuar brindando a los ofensores con Dominio Limitado del Inglés (LEP) bajo su custodia, o supervisión, acceso a documentos vitales, información importante y servicios de salud, y de asegurar de que no queden excluidos del acceso o de participar en programas o procedimientos importantes, incluyendo aquellos que puedan afectar la duración y condiciones de confinamiento o de una clasificación favorable. Este servicio es gratuito. El DOC no tomará represalias contra ningún ofensor LEP por solicitar dicho acceso. El DOC no prohíbe la comunicación en otros idiomas que no sean inglés, ni por política ni en práctica, excepto en casos en que las medidas de seguridad sí lo requieran.

MISSION STATEMENT

Maintain a safe and secure institution & provide inmates opportunity for self-improvement.

Objectives:

- To ensure the safety of the public, staff and inmates by application of sound correctional practices.
- To create a sense of community and shared responsibility in the workplace.
- To develop individualized correctional strategies based on the unique needs of individual inmates.
- To ensure that all staff have the opportunity for professional development.
- To safeguard the assets of the State of Wisconsin by appropriate use and maintenance of the equipment and thrifty use of supplies.
- To advocate novel and creative ideas in establishing environmentally friendly and cost effective measures when dealing with fiscal planning. To ensure future success by being willing and open to explore new ideas and make changes.
- To emphasize employee assistance and workplace enhancement programs so staff are well aware of our dedication to a positive work environment and to providing support for them in dealing with difficult situations and incidents they may encounter.
- To teach, model and reinforce respectful relationships through our daily interactions with each other and with the inmates placed here.
YOU HAVE THE RIGHT TO BE SAFE FROM SEXUAL VIOLENCE.

While you are under the supervision of the Division of Adult Institutions in the Wisconsin Department of Corrections, no inmate or staff has the right to pressure you into any sexual acts. Regardless of your gender, age, size, race, ethnicity or sexual orientation, you have the right to be safe from any sexual advances and acts.

Under Wisconsin law or the Division of Adult Institutions rules:
- Sexual intercourse, contact or conduct between inmates and between inmates & staff is prohibited.
- Sexual assault of an inmate or staff member will be investigated and referred for prosecution pursuant to the laws of Wisconsin.

The Federal government passed the Prison Rape Elimination Act (PREA) in 2003 to help prevent, reduce and eliminate any sexual misconduct between inmates and between inmates and staff.

WHAT IS SEXUAL MISCONDUCT?
- **Sexual Assault or Sexual Contact** - when one or more inmates tries to force or convince another inmate to participate in a sexual act through manipulation or through the use of threats, intimidation, inappropriate touching, or other actions.

YOU NEED TO RESPECT OTHERS. IT IS NEVER RIGHT TO PRESSURE SOMEONE TO ENGAGE IN A BEHAVIOR HE/SHE DOES NOT WANT TO DO. YOU DO NOT HAVE THE RIGHT TO FORCE ANY TYPE OF SEXUAL BEHAVIOR ON A PERSON. THERE SHOULD BE NO JOKING OR TEASING OF ANY KIND OF A SEXUAL NATURE. THESE BEHAVIORS WILL NOT BE TOLERATED.

- **Sexual Conduct** - any type of sexual activity between inmates which includes asking for, paying for, promising, threatening or communicating with another person in any manner, including orally or in writing, to have sexual intercourse. It also includes exposing, touching or gesturing to the inmate’s own intimate parts to attract the attention of another person or using sexually explicit language.

SEXUAL ACTS OR CONTACTS BETWEEN INMATES, (LIKE HOLDING HANDS, KISSING, ETC.) EVEN WHEN BOTH PEOPLE WANT TO, ARE NOT ALLOWED. BOTH INMATES INVOLVED IN SEXUAL CONDUCT WILL BE HELD ACCOUNTABLE.

- **Sexual Assault of a Staff Member BY AN INMATE** - you may be charged with the crime of 1st, 2nd, 3rd, or 4th degree sexual assault and prosecuted.

- **Sexual Assault or Sexual Conduct BY A STAFF MEMBER** - when a staff member engages in, or attempts to engage in, a sexual act with any inmate. This includes the staff member intentionally touching the inmate’s intimate parts with the intent to abuse, humiliate, harass, or degrade the inmate, or arouse or gratify the sexual desire of any person. Sexual behavior can include, but is not limited to, indecent, profane or abusive language or gestures of a sexual nature, inappropriate visual surveillance of inmates, making sexually offensive comments or gestures, solicitation of sexual activity through promises of favors, or threatening an inmate for refusing sexual advances. A properly conducted pat search does not constitute staff sexual misconduct and is not the basis for a complaint.
IT IS NEVER APPROPRIATE FOR A STAFF MEMBER TO MAKE SEXUAL ADVANCES OR COMMENTS, OR TO ENGAGE IN SEXUAL CONTACT WITH AN INMATE. EVEN IF THE INMATE WANTS TO BE INVOLVED WITH A STAFF MEMBER, THE STAFF MEMBER IS NOT ALLOWED TO PARTICIPATE. WISCONSIN LAW AND THE WI-DOC SPECIFICALLY FORBID SEXUAL ACTIVITY BETWEEN INMATES AND STAFF, CONTRACTORS OR VOLUNTEERS. STAFF IS SUBJECT TO DISCIPLINE AND PROSECUTION REGARDLESS OF WHETHER YOU CONSENT TO SUCH ACTIVITY. THERE ARE NO EXCEPTIONS.

**HOW TO REPORT AN INCIDENT OF SEXUAL MISCONDUCT OR SEXUAL ASSAULT**

It is important that you tell a staff member as soon as possible if you have been sexually assaulted, have been threatened or are being asked to do something sexually. You can tell the Social Worker, Psychologist, Chaplain, Warden, Shift Supervisor, Sergeant, Officer, Health Service Unit (HSU) staff, or any other staff member. DOC staff members are instructed to keep the reported information confidential and only discuss it with the appropriate officials that have a need to know in order to perform their duties.

There are other ways to report sexual misconduct or an assault if you are not comfortable talking with staff. You can:

- **File a Complaint.** Form # DOC-400 (offender complaint) if you are in an institution or center. Complaint forms are available on housing units in the institutions and centers. This is a confidential process.

  **-OR-**

- **Write directly to the Warden, Superintendent, Division of Adult Institutions (DAI) or WI-DOC Secretary.** You can send the Warden or Superintendent an Interview Request reporting sexual misconduct. You may also send a letter to the DAI Administrator or Secretary of the WI-DOC. To ensure confidentiality, place in a sealed envelope.

  **-OR-**

- **Dial the reporting line 777 which is a free call on the inmate telephone system.**

  **-OR-**

- **Contact the local law enforcement agency.** You can report a sexual assault by contacting local law enforcement directly, or through a third party.

**WHAT TO DO IF YOU ARE AssaultED**

If you are sexually assaulted, **you should report it immediately to staff** who will offer you immediate assistance and protection if needed. Staff will also refer you for a medical examination and clinical assessment.

Even though you may want to clean up after the assault, **it is important NOT TO shower, wash yourself, drink or eat anything, change your clothing, or use the bathroom before you see medical staff.**

Medical staff will gather any physical evidence of the assault, examine you for injuries (some may not be visible to you) and check for sexually transmitted infections. Please remember that by reporting the crime of a sexual assault or sexual misconduct right away, you are assisting in helping stop this harmful behavior and sending a message to the perpetrator that this behavior will not be tolerated.

**NO MATTER WHERE YOU GO OR WHERE YOU LIVE, YOU HAVE THE RIGHT TO BE SAFE FROM SEXUAL VIOLENCE.**
Doing Time in Prison

Being in prison can be both a difficult time and an opportunity for change. Some inmates go through prison with relatively few emotional problems or hardships. Other inmates may feel emotional stress, grieve losses, or have other mental health problems.

Every major institution has both psychology and psychiatry staff who can assist you through difficult emotional times. Prison is a real problem you have to face. Mental health problems can make it more difficult for you to make it through your time in prison. This brochure describes ways you can help yourself to avoid mental health problems.

Common Thoughts & Feelings

Most people experience stress and loss when in prison. There is inevitably a story behind your being here, and much of it may not be pleasant. You may be grieving losses and have uncomfortable memories of your crime, victims, or court proceedings. At times, you may feel anxious, lonely, sad, useless or bored. You may be uncertain about what the future will bring or whether your relationships outside of prison will last. You may miss your freedom, your work, or contact with friends and loved ones.

What you are feeling is painful but normal. You are not alone. Many people in prison feel the same. It is not easy, but it does get better over time.

How Can I Stay Healthy?

- Stay in contact with family and friends.
- Find those within the institution you can trust and talk to, whether they are other inmates or staff members.
- Read as many books as you can.
- Write down your ideas. You can write your family, create fictional short stories, or write poetry.
- Get an education or skill.
- Take treatment and programming seriously.
- Go to recreation.
- Take every opportunity to become involved in work.
- Stay away from trouble. Make good choices of who your friends are.
- Determine to change your life completely so that you never have to spend time in prison again.
- Think about how you can make a difference in someone else’s life.
- Take pleasure in small things.
Prison can be a time for positive change.

It can be a time to:
• re-evaluate your priorities
• set goals for your life
• strengthen spiritual and moral beliefs
• change the way you relate to loved ones
• get your mind clear of alcohol and drugs
• get better control of your moods
• get in better physical shape or improve your health
• get a formal education
• educate yourself through reading
• learn new job skills

If You Get Bad News from the Outside

Bad news sometimes comes from the outside. For example, you may get news about the illness or death of a family member, notice of a divorce or break-up from a partner, get a long sentence for a new charge, or have your appeal denied. Depending on your personality, you may prefer to keep such news inside and "work it through". Or you may prefer to share the news with others and "talk it out" with family, friends, other inmates, or officers on the unit. Both styles can work just fine to help you accept the news and make constructive plans for what comes next. However, if the news feels as if it is "too much" or you find that it is hard to get your mind off of it, you may need additional help. Psychology staff and your social worker are trained to help in such situations. Feel free to contact these staff if you feel that you are having trouble coping or need assistance.

If You Have Suicidal Thoughts

Everyone thinks about their death at some point but thoughts or plans to harm yourself are most likely a sign of depression. Suicidal thinking is treatable. Do not keep suicidal thoughts to yourself. Please contact an officer, psychology staff member, chaplain or social worker so that there is an opportunity to help you.

Remember that there are ways to improve nearly any problem or situation. As time passes and circumstances change, what is now a big problem may turn into a smaller problem. If you cannot think of solutions to your problem, it does not mean that other solutions do not exist. It simply means that you are currently unable to see other solutions by yourself.

Most people who think of suicide do so for a relatively short time. Things can change, feelings can be altered and unexpected solutions found.

Emotional pain can sometimes make us disregard family ties, loved ones, religion, love of nature and our dreams. Those reasons to live are still present. You have to find them again.

Be Your Brother/Sister's Keeper

Similarly, if you have reason to believe that another inmate is thinking of harming himself or herself, please contact staff so that we can offer our help. Warning signs could include giving away possessions, saving up medication, saying goodbye or making unexpected apologies, writing a will, sudden depression or withdrawal from others.

How to Contact Psychological Services

• Write an interview request for psychological services
• If urgent, contact any DOC staff member.

Adapted from a 1995 brochure by Robyn Bradley
POC-47 (Rev. 3/2007)
Suicide Rates in the Community

Although a relatively rare occurrence, suicide is the eleventh leading cause of death among Americans. Unfortunately, suicide rates in Wisconsin are about 8% higher than the national average (about 12.5 per 100,000 persons per year). More concerning, suicide rates among individuals under age 25 in Wisconsin are one third higher than the national average. The reasons for higher suicide rates in Wisconsin are not clear, although some researchers believe that the northern latitude and the greater variation in sunlight between winter and summer play a role.

Suicide Rates in Prison

Suicide in prison occurs at a higher rate than in the community. Overall, it is the third leading cause of death in prison, behind natural causes and AIDS. Over the past eight years, Wisconsin prisons have experienced a high rate of completed suicides, averaging six per year.

Yet suicides are only part of the problem. For every suicide in prison, there are many more attempts that do not result in death. These attempts have considerable cost in terms of psychological distress to those who make the attempt or witness it, physical injury, the need for medical care, and disruption of a housing unit.

When do Inmates Attempt Suicide in Prison?

The times of highest risk for an inmate to attempt suicide are:

• When receiving bad news in the mail, such as a “Dear John” letter or court papers that deny an appeal.
• After a phone call with a spouse or loved one where there was an argument, talk of a breakup, or threat of divorce.
• When housed in segregation (“the hole”) for alleged misconduct.
• When fearful of other inmates over gang issues or repayment of debts.
• When feeling depressed, hopeless, or trapped.
• After stopping medication that is needed for emotional problems.
• When feeling strong guilt about past behavior or crimes.
• When in extreme conflict with staff and feeling unfairly treated.
• When feeling very angry and wanting revenge.

Warning Signs of Suicide

Studies show that in the majority of inmate suicides, some type of warning or sign was given to other inmates or staff in the preceding days. Warning signs could include:

• Talking or writing about death, dying, or suicide.
• Making indirect references to suicide (“I won’t be here when you wake up”).
• Giving away possessions or writing a will.
• Saying goodbye or making unexpected apologies.
• Saving or stockpiling medication.
• Becoming isolated or withdrawn
Why is Suicide Preventable?

Many suicides are preventable for two simple reasons. First, most people give some type of warning sign prior to their suicide attempt. If others are sensitive enough to these signs, the problem can be discovered before it is too late. Second, strong suicidal feelings are almost always temporary. Given enough time, nearly everyone contemplating suicide changes their minds. Situations change, strong feelings calm down, and unexpected solutions can be found.

What Do You Say?

If there is another inmate whom you suspect is suicidal, here are some tips on how to respond:

- If you know the other inmate, make a friendly inquiry about how he or she is doing.
- Be direct. Talk in a matter-of-fact manner about suicide if the topic comes up. Don’t act shocked.
- Be willing to listen. Don’t debate whether suicide is right or wrong, or lecture on the value of life.
- Don’t dare him or her to do it.
- Don’t be sworn to secrecy.
- Contact staff at the earliest possible moment. If you believe an attempt is coming soon, contact staff right away, because even a few moments can make a big difference.

About Contacting Staff Members

- You can report information confidentially so that your name is not involved.
- If the troubled inmate denies any problems, you will not be disciplined for lying.
- If the troubled inmate does admit to problems or suicidal feelings, he/she will not be disciplined for this. It is possible that he/she will be placed in observation status for a short time, depending on whether the psychologist thinks it is necessary.
- If you hear that another inmate has received bad news, please let us know so that we can check in and offer help.

How Many Lives are Affected?

Remember that if you help to save one life from suicide, you are helping many other lives as well. It is estimated that every suicide profoundly affects the lives of at least six others who know, care about, or love the deceased. This includes children and significant others.

POC-47A (3/2007)
Unit Management
SCI operates under the "Unit Management" concept. Unit Management means we divide the larger institution population into smaller groups to develop a working relationship between inmates and staff. The housing unit team consists of the uniformed staff, Social Workers, and a Unit Supervisor. Other staff assigned to the team may include, but are not limited to, education representative, and psychology representative. Inmates are expected to utilize the "Chain of Command" when seeking information/interview requests.

Chain of Command/ Information/Interview Requests
Inmates must follow the chain of command. They must start at the lowest level related to the problem before going to the next level. After waiting ten working days without receiving a response or resolution, inmates may contact the next and subsequent level as needed, informing them of the steps already taken and the results. Information/Interview requests must include your name, housing unit assignment, and DOC number.

Failure to follow the above mentioned steps will only cause delays because staff have been told to return the request if these steps have not been followed. Inmates may “jump levels” or ask someone else sooner only for a valid reason. When doing so, explain why it is being done and what has been said or done so far by staff.

Please note: additional materials sent with correspondence will not be returned. If you must include supplemental items you are responsible for obtaining copies prior to mailing your correspondence.

The last level in the Chain of Command in addressing any institution issue is always the Warden.

A. Inmate Identification Cards

1. All inmates are required to wear their DOC issued ID’s when out of their rooms, except for instances listed below. The ID’s must be worn around the inmate’s neck, on the outermost garment using the lanyard provided by the institution. Nothing but the ID, Unit bead and your room key is to be attached to the lanyard. SCI’s lanyards are made from a hypo-allergenic material. Lanyards from other institutions are not allowed. The length and charges for lanyards and ID cards will be as designated in DAI 306.00.06, Inmate Digital Photo Identification System. The following list notes the exceptions:
   a. Inmates in Temporary Lock Up or RSHU status. ID’s for inmates in the RSHU will be kept in the inmate’s unit file until they are released from the RSHU Building.
   b. Inmates taking a shower.
   c. Inmates working in areas where it may be a safety hazard. The work supervisor will instruct inmates to place their ID’s inside their shirt for safety reasons. Inmates will immediately display the ID’s when leaving their work area.

B. Institution & Unit Conduct Standards

1. Inmates are expected to take responsibility for their own needs and actions, and will be accountable for the consequences of those actions.

2. The rules contained in this handbook are not meant to be all-inclusive. The instructions of the institution staff are to be followed at all times.

         b. Inmates may be excused from class for the following reasons: visits, attorney visits, religious services and HSU/PSU appointments. Class will not be missed for canteen, hobby, A.A. /N.A., meetings, religious study groups, or recreational activities.
2. Tardiness

E. Library Service
   1. General
      a. Inmates must wear State issued inmate ID when checking out materials and sign a Statement of Responsibility form. Inmates are responsible for the condition of library books when on loan, and all damage of book(s) must be reported to Library staff immediately.
      b. A total of three books may be checked out of the library for a period of 21 days. Overdue notices are sent out when library materials become overdue. When an inmate is placed in RSHU, all library materials are the inmate’s responsibility.
      c. Library schedules are located on the library bulletin board on each housing unit wing.
      d. A maximum of 26 inmates are allowed in the library at any given time.
      e. On each housing unit is a library sign-up sheet where inmates will have the opportunity to sign-up for the unit’s scheduled library period. The sign-up is on a first come, first served basis. An inmate is only allowed to sign-up himself. Inmates will not be admitted in the library without having signed up on the unit sign-up sheet.
      f. Inmates should plan to arrive no sooner than five minutes prior to the start of the library period. Those arriving late will be sent back to the unit.
      g. The sign-up sheet from the unit must be brought to the library before any inmate is allowed into the Library.
   2. Law Library
      a. The law library is in the main library. RSHU law library access is available. The main library will have typewriters, Lexis-Nexis and legal reference books available for legal use. These are available on a first come, first served basis with priority given to legal work with an approved legal deadline.

B. Pre-Release Portfolios
   All inmates must have a Pre-Release Portfolio. If an inmate loses this portfolio, they will be charged $3.00 for a replacement. The portfolio is intended to hold documents from various achievements while incarcerated. This portfolio should be brought with the inmate to all business meetings with staff. This would include job interviews, conduct report hearings, SW interviews, and Classification/Parole hearings, etc. The inmate should also bring his portfolio to every class attended in the Pre-Release Curriculum.

To do this, the inmate must be within 3 months to release and have an account set up by Re-Entry staff. Any questions in regards to re-entry services may be directed to your Social Worker.

IX. PSYCHOLOGICAL SERVICES

A. General
   1. Psychologists are available to work in crisis intervention or brief therapy with inmates in order to try to resolve personal issues. A green Psychological Services Request (DOC-3035B) form, submitted to “Psychological Services,” is necessary to establish contact. The inmate must specify the nature of the issue they wish to discuss. If an inmate believes he is in need of immediate psychological attention, he should notify any available staff person of his condition.

   2. Psychiatric Services
   Inmates who need to be seen by the psychiatrist will first be seen and evaluated by the Psychological Services Department. Appropriate evaluation and recommendations for treatment can be made on the inmate’s behalf to the psychiatrist.

X. HEALTH SERVICES UNIT (HSU)

A. Inmate Medications
   1. Staff Controlled Medications
      a. Housing Unit Medication Times:
         Morning: 7:45 a.m. - 8:00 a.m.
         Noon: 12:00 p.m. - 12:15 p.m.
         Evening: 5:45 p.m. - 6:00 p.m.
         Bedtime/HS: 8:30 p.m. - 8:45 p.m.
      b. HSU Medication Distribution Times for All Oral Medications:
         Morning: 6:30 a.m. start time
         Noon: 11:00 a.m. start time
         Evening: 3:00 p.m. start time
Bedtime/HS:  6:30 p.m. start time
c. HSU medication times will be posted on the bulletin board.
d. All inmates who receive officer-controlled medications will be expected to report at the appropriate place and time posted on each housing unit to receive medications.
e. Inmates are not to leave the housing units for HSU medication distribution until given that direction by the housing unit officer.
f. Some medications are dispensed by HSU staff. If HSU staff determines the need for this to occur, inmates will be required to report to the HSU program window.
g. All medical accommodations or restrictions are determined by HSU.
h. It is the inmate's responsibility to be on time and take medications as prescribed. Inmates who refuse or do not show up for their scheduled medications three (3) days or doses in a row will be evaluated by HSU staff for appropriateness of continuation of the controlled medications. All efforts will be made by both the Security Department and HSU staff to adhere to the scheduled medication times in this institution. No special accommodations will be made to the medication scheduled time unless specifically approved by a health services professional and then only for the time that is necessary to accommodate a specific condition.

2. Distribution of Officer-Controlled Medication in HSU
   a. At distribution time inmates will obtain a cup of clear water for swallowing oral medication. The officer will locate the inmate’s medication(s) maintained in medication carts and show the card of medication to the inmate. The inmate will verify verbally to the officer that the medication(s) are his and are to be delivered at that time.
   b. After verification, the officer, in full view of the inmate, will deliver the medication by punching the medication into a medication cup. The inmate will self-administer the medication in the manner it has been prescribed in full view of a second stand-by officer. The inmate will use the water brought with him at this time.
   c. The officer will verify the inmate has taken the medication via visual inspection. This will be accomplished by allowing the officer to visually inspect the inside of the cheek, under the tongue, and on the roof of the mouth. The officer will also check the inside of the cup containing liquids.
   d. Refills for uncontrolled medication or keep on person (KOP) medications are distributed by HSU staff of the pharmacy window during a.m. and p.m. times which are posted on the housing units.

3. Medication Rules for Officer-Controlled and Uncontrolled/KOP Medications
   a. Non-controlled medications distributed to the inmate by HSU:
      1). Medication blister cards, creams, and ointments will remain in the inmate’s room at all times. The only exception to this will be when the inmate is told to bring them to the Health Services Unit for refills, exchange, or health service staff requests. The inmate is to start at the number 30 for the first dose of medication on a blister card and work down to the number one (1). The inmate is not required to put the date, time, and his own initials on the back of the card of uncontrolled medication.
      b. The inmate will remove the medication only at the prescribed times. Medication may not be left loose in drawers or bags, and may not be stored in containers other than the original prescription containers. Medications stored in such a fashion are unsanitary and may result in the inmate receiving a conduct report for misuse of prescription medications or failure to maintain proper storage of prescription medications.
      c. Using the uncontrolled medication system is a privilege. Not following the rules may result in the loss of the privilege or in a conduct report.

4. Over the Counter Medications (Distributed by HSU OR purchased on canteen).
   a. Over-the-counter medications are available through canteen. Whenever possible, inmates should use over-the-counter medications from the canteen to treat minor illness or injury.
b. Each inmate may be in possession of two (2) boxes of each over-the-counter medication. Inmates found to be in excess of the stated limits may be issued a conduct report. Inmates are encouraged to read the directions for use of these medications prior to taking any of them.

c. Excessive use of over-the-counter medications can result in further illness or injury and should be avoided. Should an inmate use over-the-counter medications as recommended and fail to obtain relief, he should request to be seen and evaluated in the HSU.

5. Medication Refills
   a. Inmates are to request refills of medications when they reach a 7-day supply on their blister card. It is acceptable to have one full blister card of medications along with a partially filled card of medications with a 7-day supply or less of medications.
   b. To refill medication, complete the Medication/Medical Supply Refill Request (DOC-3035C) form with name, ID number, housing unit, and date of request and fill in the medication being requested. Forward this request to HSU. Requests for medication refills are generally filled within 24 hours of receipt of the refill request—unless this has not been submitted according to “1” above.
   c. Medication refills are not completed on Saturdays, Sundays, or legal holidays without special dispensation being granted by the Health Services Staff.
   d. The inmate must complete inmate medication refusals in the Health Services Unit.

6. Right to Refuse Medication or Treatment
   a. All inmates who request to be seen and evaluated by HSU and later decide they no longer want to be seen will be required to come to HSU to inform the health care professional in person of their decision. The inmate may not inform the officer on the housing unit he has decided not to seek medical treatment. The inmate must report to HSU at the scheduled time and refuse the appointment in the HSU. The inmate will be asked to sign a refusal for treatment which will be entered into the inmates’ medical record.
   b. Inmates have the right to refuse some medication/treatment without consequence.
   c. Inmates are required to report for med pass and medical appointments to take or refuse controlled medication as prescribed.
   d. Inmates are required to take their medications only as prescribed.
   e. Inmates are expected to bring concerns about their medication to the attention of the Health Service Staff via a Health Service Request (DOC-3035).
   f. Inmates who fail to notify HSU of their refusal to comply with medical restrictions, fail to report at scheduled medication distribution times, or otherwise fail to notify HSU of their refusal to engage in prescribed treatment may be in violation of DOC Administrative Code 303.63, and may receive a conduct report. (See also Right to Refuse Medical Treatment Policy.)
   g. Inmates are encouraged to familiarize themselves with DOC Policy regarding Misuse of Prescription Medication. Inmates who are found to be “cheeking”, “palming”, or otherwise hiding or redistributing their controlled medications may have the medications discontinued, and may receive a major conduct report for misuse of medication.

B. Sick Call and Submission of Health Service Request Form (DOC-3035)
   1. If an inmate believes he is in need of immediate medical attention, he should notify the first available staff person of his condition.
   2. Inmates requesting non-emergency medical attention will complete a Health Service Request (HSR) with specifics of their medical condition and put it in the secure/locked box for HSR’s on the housing units before 12:30 p.m. if they want to be seen the next day on sick call.
   3. Requests for sick call are triaged daily by HSU staff. Non-emergency inmate requests for health services will be scheduled for an appointment for sick call within a reasonable period of time from the date of the original request.
4. HSU will document the date an inmate’s request for sick call was received to insure the timeliness of access to health care. Every effort will be made by HSU staff to see the inmate for sick call on the same date the request is received. Sick call takes place every day of the week starting at 8:00 a.m.
5. Inmates will be scheduled to see a nurse who may refer the inmate to an Advanced Care Practitioner as necessary.
6. When filling out an HSR, the inmate is asked to comply with the following:
   a. Fill out only one request at a time. Be as specific as possible keeping the message short and to the point. There will be an opportunity to discuss any complaint in detail with the health care professional when called to HSU for an appointment.
   b. Press hard on the pencil/pen to insure the information goes through to all copies.
   c. Check the appropriate box on the Health Service request to identify what type of visit is requested.
   d. Write inmate name, number, unit, and wing clearly so it can be easily read. Do not write out an HSR for another inmate; however, it is acceptable for an inmate to ask another inmate to assist him for the purposes of obtaining health services.
      1). BLUE HSU requests are for medical or optometry (“Eye”) requests. They should also be used for requesting medical file reviews, or copies of medical documents. Do not combine medical requests, copy or file review requests, or medication reorders on the same form. Use separate forms for each request.
      2). YELLOW Health Services requests are used to request dental services only,
      3). GREEN requests are for PSU/Clinical Services only.
      4). WHITE 2-part medication reorder forms are for Medication/Medical Supply Refill Request (DOC-3035C).
      5). Do not use the interview request forms to communicate with health services.
7. Inmates who are scheduled to receive a HSU appointment for sick call will have their names posted in each housing unit no later than 8:00 a.m. Inmates are responsible for checking the posted HSU appointment notices daily for appointment times.
8. All prescheduled HSU appointments for areas such as X-ray, Lab, MD, Nurse Practitioner, pre-operative treatments, etc., will be posted on the housing units. This posting will include the date and time that the inmate is to report to the HSU for his appointment. If there are special instructions, an additional sheet (i.e., fasting for labs, etc.) will be sent.
9. Inmates are responsible for knowing the time inter-institutional mail is picked up on their assigned housing unit. Putting an HSU request into the mail slot after the mail has been picked up will result in a 2-day delay of the HSR actually reaching the HSU. HSR’s should go in the separate locked box on the housing unit and not in the institutional mail to ensure privacy.

C. Copay Procedure (DAI Policy 316.00.01 and Appendix A)
1. All inmate-initiated contact with a health care professional will subject the inmate to a copay charge of $7.50.
   a. Inmates will not be refused medical services if they do not have these funds, but it will be charged to their account and any incoming funds will be used to pay this debt.
   b. An inmate will be charged the copay whether or not the HSR (DOC-3035) is signed.
   c. HSU staff may request inmates complete and sign a Disbursement Request (DOC-184) for the copayment charge for Health Services and Dental Services.
2. If HSU staff schedule the inmate for subsequent appointments as a result of the initial visit, that next subsequent appointment for that issue alone will not result in an additional copay.
3. HSU staff shall determine whether a copayment will be charged. Should an inmate dispute the copay, he should follow the chain of command for complaints within the Health Services Unit. If
the inmate does not receive resolution to his concerns related to the copay, he may send an HSR to the Health Services Manager, who will investigate the complaint.

4. If you were seen and treated in HSU for a specific medical condition and the treatment provided was intended to resolve or treat the issue but you request to be seen again, and it has been longer than 2 months since you were last seen, a copayment will be charged. You do not have unlimited visits for recurrent issues or chronic conditions.

5. Inmates being called to HSU to be evaluated for one of nine identified chronic illnesses will not be charged a copay for these evaluations and HSU contacts. These illnesses are:
   a. Diabetes, hypertension, asthma, COPD, seizure disorders, HIV, hepatitis B& C, high cholesterol, seizure disorder, or appointments for adjustment of the blood thinning medication Warfarin.

6. Other visits to HSU may NOT be subject to a copay charge. These include:
   a. Medical alert wristband requests to acquire/replace or replace wristband are not charged a copay.
   b. Work-related injuries as determined by HSU and Work Supervisor are not charged a copay.
   c. Health Services-initiated contacts (example, appointments made by HSU staff).
   d. Annual vaccinations and/or TB tests, open/draining wounds or boils/infected sores will not require a copay charge.
   e. Inmates may request an HIV test every 6 months.
   f. Requests for evaluation of open/draining wounds.

D. Sick Cell

1. Inmates who are ill may request to be placed on "sick cell" status. A request must be put into HSU before 10:00 p.m. if the inmate wants sick cell status. Until HSU sees the inmate or officially designates inmate as on sick cell, they should remain on the Unit in lay-in status. Staff cannot grant sick cell.

2. Inmates placed on sick cell status are to remain in their room the entire day with the exception of Health Services appointments, showering, or requesting staff assistance. Inmates in sick cell status must eat in their cell. Inmates are required to stand for all standing counts while on sick cell, unless they have written permission from HSU or a Supervisor. Visits will not be allowed while on sick cell status.

E. Medical Devices Authorization and/or Medical Restrictions

1. Should an inmate require the use of a medical device, he will receive written authorization via Medical Restrictions/Special Needs (DOC-3332B) form for his personal records from HSU. A copy of the authorization will also be kept in the inmate’s medical record. Medically authorized devices may be allowed for a period of not less than 24 hours and not more than 1 year. Exceptions to this will be granted on an individual basis determined by the inmate’s current medical diagnosis and physical abilities.

2. Upon review of the medical record, or upon a face to face interview, HSU will determine if it is appropriate to continue any previously authorized medical device at SCI. It will be the responsibility of the inmate to contact HSU for previously authorized devices to be continued if SCI authorization has not already been granted by the HSU staff. It is the inmate's responsibility to either get medical approval to renew the authorization, or to turn in the medical device(s) upon expiration of the medical authorization. The initial request(s) for re-authorization upon entry to SCI will not be subject to the copay charge.

3. Inmates will not be allowed to purchase any items from an outside vendor without the written consent of the HSU manager. If approved, the inmate and the Property Department will receive a copy of the written authorization.

4. Inmates given medical restrictions will also receive a copy of the Medical Restriction (DOC-3332B) form. It is the inmate’s responsibility to keep this form for verification purposes.
F. Food/Other Allergies
1. Inmates who enter SCI with food or other allergies who do not have verifiable information on medical records will receive a 30-day "grace" period. This will allow the inmate ample time to access HSU and request testing for self-proclaimed allergies. Inmate allergies must be verified by RAST testing and documented within 30 days. Inmates will be provided a modified diet for self-proclaimed food allergies during this 30-day grace period. Once documentation appears on the chart, the inmate’s allergy will be verified at any DOC institution to which he may transfer. The initial visit will not be subject to a copay charge, if initiated within 30 days.
2. If the inmate fails to contact HSU within this 30-day period of time, all accommodations previously granted will be rescinded.
3. The inmate will always retain the option of contacting HSU at any point during his incarceration at SCI to request the allergy testing. This will, however, generate a copay.

G. Eye/Optometry Services
1. Submit requests for eye care on a Health Services Request form. If HSU staff determines the inmate should be placed on the optometrist’s schedule, the inmate will automatically be added to the exam list. The inmate will be notified by HSU at the next available opportunity for an eye examination.
2. Only contacts prescribed by an ophthalmologist will be approved for use.
3. If the inmate receives a prescription for glasses and purchases glasses from an outside vendor, the inmate should notify the Optometry Department if they are experiencing any problems with their glasses.

H. Dental Services
1. To make an appointment, an inmate must send a Dental Service Request to Dental. These forms are located in the housing units. Completely describe the dental problem.
2. For purposes of determining the appointment, the dentist will determine whether an inmate’s described dental condition is/isn’t an emergency.
3. Dental appointments will be posted in the morning at the same time the HSU sick call list is posted. Inmates who have written for dental appointments must check this appointment posting on a daily basis to see if an appointment has been made.
4. Inmates who refuse a dental appointment or fail to appear for an appointment will need to submit a new request for dental services. This may result in the inmate waiting an extended period of time for the next appointment. There may be a wait of several months to get routine dental appointments or teeth cleanings. Being on a waiting list does not prevent an inmate from being transferred or released.
5. A $7.50 copay will be charged each time an inmate is seen by the Dental Unit.
   a. There is no copay if the Dental Unit requests to see the inmate. The Dental Unit determines if all dental work can be completed in one visit or if multiple visits are necessary. Multiple or complex fillings may require multiple copay charges.
   b. Dentures and root canals take more than one visit to complete. The inmate will be charged a copay for the first visit only.
   c. Dental work recommended by an intake facility or another correctional institution is still subject to a copay charge.

I. Miscellaneous Health Care
1. Rescue Inhalers and/or Nitroglycerin-Inmates are expected to possess their prescribed inhaler and/or nitroglycerin per DAI 500.00.02, Emergency Prescribed Medication for Self-Administration by Inmate-Patients.
2. Medical Alert Wristband  
   a. Inmates with insulin-dependent diabetes, seizure disorders (currently taking anti-seizure medications), documented bee sting allergies, asthma (currently taking asthma medication), or other significant medical conditions as determined by health service personnel shall be offered Medical Alert Wristband.  
   b. An inmate who wishes to wear a Medical Alert Wristband at any time during his DOC supervision shall make an appointment to see health service personnel.

3. Medical Record Reviews  
   a. All requests received for medical record reviews will be placed on an appointment list. The inmate will receive notice he has been scheduled for an appointment. Inmates who have pressing legal cases or concerns should make a note of this on the original request. HSU staff will make every effort to assist the inmate in emergency requests for access to medical records, but cannot guarantee access before the due date.  
   b. There is no copay charge for a medical record review. Copies will be charged at the DOC rate.

4. Inmate Medical Classification/Jobs  
   a. All inmates upon entry into the DOC are assigned a medical classification. These decisions are based upon the inmate’s physical abilities at the time of the assessment and can change as appropriate. For health and safety reasons, inmates who fail to have the appropriate medical classification will not be hired for a vacant inmate worker position.  
   b. Health care providers will not change medical classification simply so an inmate can obtain employment status at SCI. The inmate’s medical condition must be such it would be safe for him to perform the job without compromising his current health care status. If an inmate feels his health care status has changed, it is his responsibility to contact HSU and request a review of medical classification and may be subject to a copay for this service.

5. Americans with Disabilities Act (ADA) Accommodation Requests  
   a. SCI will adhere to all applicable Federal and State laws, regulations and guidelines with respect to providing reasonable accommodations and equal access to services as required to afford equal opportunities to disabled inmates.  
   b. SCI has been identified as a handicap accessible institution; therefore, inmates with an identified disability may be housed in any unit.  
   c. Accommodations made will be of a "reasonable" nature based upon the institution’s ability to meet the required accommodation as identified by the Warden, ADA Coordinator, or the HSU Manager.  
   d. To request consideration for accommodation under the ADA, submit a Reasonable Modification /Accommodation Request (DOC-2530) to the institution ADA Coordinator.

6. Advance Directives for Health Care- Information related to how to enact this right can be obtained from HSU staff or Social Worker.

XI. INMATE COMPLAINT

A. Inmate Complaint Review System (ICRS)  
   1. Definition: “reviewing authority” means the Warden, bureau director, administrator or designee who is authorized to review and decide an inmate complaint.  
   2. Adult inmates have a right under Chapter DOC-310 of the Administrative Code to raise concerns they have by filing an Offender Complaint (DOC-400). Inmates are expected to try to resolve their complaints informally by using the chain of command before filing a formal ICRS complaint.  
   3. Inmates who do not feel comfortable using English to file a complaint may file their complaints in their native language.  
   4. Complaints will be returned (not processed) if they are not submitted on an Offender Complaint (DOC-400) form, can’t be read or understood, are not signed, contain obscene or abusive language
or threats (unless such language is needed to describe an event), are submitted in a name other than the name on the inmate’s Judgment of Conviction (or a new legal name) or address more than one issue.

The ICE may, before accepting a complaint for processing, return the complaint with instructions to informally resolve the issue.

5. When an inmate’s complaint is accepted and processed (entered into ICRS system), it may be rejected if it is submitted by the inmate only for the purpose of harassing or causing malicious injury to someone, the issue raised does not affect the inmate personally, the issue raised has already been dealt with in a prior complaint, the complaint does not raise a significant issue regarding rules, living conditions or staff actions affecting the institution environment, the inmate does not allege sufficient facts upon which redress may be made, the issue is moot (the issue is already settled) or the complaint is beyond the scope of the complaint system.

6. Inmates cannot use the ICRS to appeal PRC decisions, parole decisions, denial of approved leave, inmate record challenge decisions, denial of open records requests, conduct reports, and disciplinary decisions. Inmates may use the ICRS to appeal only an incorrect procedure used in the program review process, the disciplinary process, the administrative confinement review process or a request for authorized leave.

7. Inmates may file only two (2) complaints a week unless the complaints involve health or personal safety issues. The ICE may waive this limit for good cause.

8. If the issue of your complaint is resolved or you wish to withdraw the complaint inform the ICE by sending an interview/information request to the ICE Department.

B. ICRS Procedure

1. The DOC-400 should be used only for filing complaints. The handwriting must be legible and the statements on the form must clearly describe the event that led the inmate to file the complaint.

2. The complaint must be deposited in the locked ICE boxes no later than 14 calendar days after the day of the action that prompts the inmate to file the complaint. An ICE may accept a late complaint if it is late for good cause.

3. The ICE may return or accept the complaint. If the complaint is returned, the inmate may modify it to address the ICE’s reason for returning the complaint. If the complaint is accepted, the ICE sends the complaining inmate a written receipt for the complaint within five (5) working days of the date of the receipt of the complaint.

4. If the ICE accepts the complaint, he or she conducts an impartial investigation of the facts addressed in the complaint and either rejects it or makes a recommendation to the Reviewing Authority. The ICE has 20 working days from the receipt of the complaint to take those steps. If the complaint is rejected for the reasons listed above, the rejection may be appealed by the inmate on a Request for Review of Rejected Complaint (DOC-2182) form to the Reviewing Authority within 10 calendar days. The Reviewing Authority’s decision on a rejected complaint is final.

5. The Reviewing Authority has 10 working days to issue his or her decision on the complaint. If the complainant does not receive the Reviewing Authority’s decision within the 30 working days following the ICE’s acknowledgement of receipt of the complaint, the complainant may appeal directly to the Corrections Complaint Examiner (CCE).

6. If the inmate is not satisfied with the Reviewing Authority’s decision he or she may file an appeal by using an Offender Complaint Appeal (DOC-405) form. An appeal of a Reviewing Authority decision must be made by U.S. Mail and it must be received by the CCE within 10 calendar days of the date the inmate received the Reviewing Authority’s decision. This appeal is investigated by a CCE.

7. The CCE, within five (5) working days after receiving an appeal, issues a written receipt of the appeal to the inmate.
8. The CCE investigates the appeal, reviews the prior recommendations and decision and then recommends a decision to the Secretary of the Department of Corrections within 35 working days of receipt of the appeal.
9. The Secretary shall make a decision within 10 working days following receipt of the CCE’s recommendation. The Secretary may extend the time for making a decision for cause and must give written notice to the inmate.
10. If the inmate does not receive the Secretary’s written decision within 45 working days of the CCE’s acknowledgement of receipt of the appeal, the inmate may consider the administrative remedies to be exhausted, unless the time has been extended by the Secretary. The department shall implement an affirmed decision within 30 working days from the date of decision.
11. If an inmate’s complaint is affirmed and it has not been implemented within 30 working days, the inmate may directly inform the decision-maker in writing of the failure to implement the decision.
12. After exhausting the appeal process for PRC hearings, disciplinary hearings, job terminations, administrative confinement hearings or a denial of authorized leave, an inmate may use the ICRS to challenge only the procedures used in those situations.
13. Inmates may file group complaints under DOC 310.10.
14. At all levels inmates will receive copies of the ICE/CCE recommendations and the Reviewing Authority/Secretary decisions.
15. Complaints filed with the ICRS are confidential. Persons working in the ICRS may reveal the identity of complainants and the nature of the complaint only to the extent necessary to investigate the complaint, implement the remedy, or in response to litigation. XII. Re-Classification (RC)
This office is responsible for reviewing the custody level, program needs, and placement of inmates during their incarceration. The Classification Specialist at SCI chairs the Offender Classification Committee, which will review inmate cases as mandated by the Wisconsin Administrative Code Chapter 302. This process is a continuation of the Initial Classification (IC) staffing which takes place at DCI. If an inmate is being transferred to SCI from an institution other than DCI IC, this process is a continuation from the last classification hearing. Core Programs offered at SCI are: Domestic Violence Counseling, Anger Management, and Cognitive Interventions Program (CGIP), Thinking for a Change, and Sex Offender Treatment.
