Wis. Stat. s. 302.386 – Medical and Dental Services for Prisoners and Forensic Patients

DEFINITIONS, ACRONYMS, AND FORMS

Advanced Care Provider (ACP) – Provider with prescriptive authority.

BHS – Bureau of Health Services

DAI – Division of Adult Institutions

DOC – Department of Corrections

Emergency Medication – Medication that must be taken immediately upon the development of symptoms in order to address potentially life-threatening conditions, for example: EpiPens for allergic reactions; nitroglycerin for chest pain; and rescue inhalers for asthma.

Incident Report (WICS)

Keep on Person (KOP) Medication – Medication self-administered by the inmate patient.

RH – Restrictive Housing

PROCEDURE**I. General Guidelines**

DAI Policy #: 500.00.02	New Effective Date: 08/31/20	Page 2 of 5
Chapter: 500.00 Health Services		
Subject: Emergency Prescribed Medication for Self-Administration by Inmate-Patients		

- A. Designation of emergency medications for KOP shall be determined by the responsible ACP and/or the BHS Pharmacy and Therapeutics Committee.
- B. Designated DOC emergency medications include:
 - 1. Nitroglycerin.
 - 2. Rescue Inhaler.
 - 3. EpiPen.
- C. Patients are allowed to keep nitroglycerin and rescue inhalers in their possession at all times, including while they are off the housing unit, in RH and off-site. In RH:
 - 1. Facilities may post notices that maintain confidentiality of protected health information on cell doors alerting staff of the presence of an emergency medication in a cell
 - 2. Patients may be required to provide their emergency medications to staff prior to exiting their cell per security direction.
- D. Patients shall have two EpiPens, located where staff are able to deliver it to the patient quickly.
 - 1. One shall be located in the housing unit.
 - 2. The location of the second one shall be based on where the patient spends a significant amount of time and/or the type of allergy.
 - 3. Patients who go off-site for work release, community service or project crews shall be allowed to carry their EpiPen.
 - 4. Security and HSU shall develop a plan when a patient is identified by the ACP as needing immediate access to an EpiPen due to a severe allergy.
- E. EpiPens designated as KOP shall be labeled patient specific.
- F. HSU nursing staff shall educate the patient on the need for and use of emergency medications. Education shall be documented in the health record.
- G. Patients prescribed an emergency medication shall be offered a medical alert bracelet according to Executive Directive 59.
- H. HSU staff shall review patient emergency medications for expiration dates and concerns related to use.
- I. Non-health staff shall immediately notify HSU if there is a concern reported regarding the use of a KOP emergency medication.
- J. EpiPen use requires immediate HSU notification and a WICS Incident Report completed by non-health staff.
- K. Used EpiPens shall be disposed of in a sharps container immediately.

DAI Policy #: 500.00.02	New Effective Date: 08/31/20	Page 3 of 5
Chapter: 500.00 Health Services		
Subject: Emergency Prescribed Medication for Self-Administration by Inmate-Patients		

II. Removal of Emergency Medications by Staff

- A. Security staff may remove emergency medications from inmate’s possession in an emergency but must contact HSU or On-Call RN immediately. Maintain a security vigil until HSU provides further direction.
- B. HSU staff shall be consulted, if possible, before KOP emergency medications are removed from a patient’s possession.
- C. Only the ACP can determine if an emergency medication needs to be under staff control.

III. Emergency Medications Maintained by Staff

- A. Emergency medication(s) not designated as KOP shall be kept in a location that will allow staff to deliver it to the patient immediately upon request.
- B. The patient shall be housed in a cell that allows close monitoring.

IV. Transporting Inmate Patients with Emergency KOP Medications

- A. Each facility shall allow patients to have on their person, nitroglycerin and rescue inhalers during transport, unless specific security concerns exist and are noted and approved by the Security Director/Designee in consultation with the facility health authority.
- B. Epi-pens shall be controlled by staff during transport unless otherwise specified.
- C. Patients who cannot keep emergency medications on their person must have the medications immediately available by escorting staff.
- D. Collaboration among security staff, health services staff, and patients staff shall occur to ensure that emergency medication are available when going off-site

DAI 500.80.06 – Obtaining Medications

DEFINITIONS, ACRONYMS, AND FORMS

HSU – Health Services Unit

RN – Registered Nurse

FACILITY PROCEDURE

- I. EpiPens shall be kept under Housing Unit Security Staff control unless otherwise ordered by the prescriber. Secondary EpiPens are kept in the HSU medication cart.
- II. Emergency medical services (911) shall be contacted when an EpiPen is used during non-nursing hours.
- III. EpiPens shall be available in the HSU emergency kit in HSU.
- IV. Medication refills are addressed in DAI 500.80.06.

RESPONSIBILITY

- I. Staff Controlling EpiPens
 - A. Retain inmate patient controlled EpiPens during off-site transport.
 - B. Store EpiPens in a secure area.
 - C. Provide EpiPen immediately upon inmate patient request.
 - D. Contact HSU when administered.
 - E. Notify Security Supervisor.
 - F. Complete Incident Report.
- II. Security Supervisor
Contact HSU on-call RN when EpiPen is used during non-nursing hours. Make contact after emergency medical attention is initiated.
