DEFINITIONS, ACRONYMS AND FORMS

Advanced Care Provider (ACP) – Provider with prescriptive authority.

DOC – Department of Corrections

Electronic Control Devices – Security equipment designated to stop, control or temporarily immobilize through the use of high voltage, low amperage electric shock.

HSU – Health Services Unit

WICS – Wisconsin Integrated Corrections System

PROCEDURE

- I. **Evaluation for contraindications for the use of electronic control devices shall occur upon admission and/or change in medical status.**
 - A. An ACP shall complete the Medical Classification documenting the presence of a contraindication for the use of electronic control devices.
 - B. HSU staff shall enter the contraindication to electronic control devices into the WICS Medical Classification screen.
 - C. Security determines if the potential benefits of using the electronic control device outweigh the contraindications of its use.

Subject: Electronic Control Devices		

II. Post Use/Deployment of Electronic Control Devices

- A. HSU staff shall not remove electronic control device probes.
- B. Security staff shall remove electronic control device probes.
- C. The probes shall be handled and disposed of as bio-hazardous waste.
- D. The patient shall be treated at the local emergency facility if the electronic control device probes involve sensitive areas such as the eyes, face, head, breasts or genitals or if Security staff is having difficulty or concerns removing the probes.
- E. HSU staff shall be contacted for further evaluation or treatment if there are any concerns.
