DEFINITIONS, ACRONYMS AND FORMS

Advanced Care Provider (ACP) – Provider with prescriptive authority.

ED – Emergency Department

RN – Registered Nurse

PROCEDURE

I. Clinical Care and Treatment

- A. Health care services shall be provided that preserve and maintain the health status of the patient during incarceration.
- B. Health care assessments and procedures shall be conducted in an appropriate clinical setting by credentialed personnel.
- C. All health care encounters shall be documented in the health record.
- D. ACP orders shall be evidenced based and implemented in a timely manner.
 1. The ordering ACPs shall review all results.
 2. The ACP shall review all results/findings with the patient in a timely manner.
 3. When changes in treatment are indicated, or clinical justification for an alternative course occurs the changes are implemented and the inmate patient is notified.

DAI Policy #: 500.30.67	New Effective Date: 08/31/20	Page 2 of 4
Chapter: 500 Health Services		
Subject: Continuity and Coordination of Care During Incarceration		

- E. When a patient returns from an ED visit the following shall occur:
 - 1. The patient is seen by a RN for an assessment, vital signs and patient education.
 - 2. If on-site, the ACP shall see the patient, review the discharge orders, and issue follow-up orders as clinically indicated.
 - 3. If an ACP is not on-site, a RN shall contact the on-call physician to review the ED findings and obtain orders as appropriate. The facility ACP shall review the Health Record and orders when next on-site.
 - 4. If a nurse is not on-site the on-call nurse shall be contacted by security staff.
 - a. The on-call nurse may need to call the ED or talk to the patient directly if needed.
 - b. An assessment and complete set of vital signs are taken as soon as possible when nursing staff are next on site.

- F. When a patient returns from an inpatient hospitalization, the following shall occur:
 - 1. The patient is seen by a RN for an assessment, vital signs and patient education.
 - 2. The ACP sees the patient, reviews the discharge orders and issues follow-up orders as clinically indicated including medication reconciliation per DAI Policy 500.80.03.
 - 3. If an ACP is not on-site, a RN shall contact the on-call physician to review the hospital findings and obtain orders as appropriate including medication reconciliation per DAI Policy 500.80.03.
 - 4. The facility ACP shall review the Health Record and orders when next on-site.
 - 5. If a nurse is not on-site the on-call nurse is contacted by security staff.
 - a. The on-call nurse may need to call the hospital or talk to the patient directly if needed.
 - b. An assessment, vital signs and patient education are completed as soon as possible when nursing staff are next on site.

- G. ACPs shall use diagnostic and treatment results to modify treatment plans as appropriate.

- H. If changes in treatment are clinically indicated, clinical justification for an alternative course shall be documented in the health care record.

- I. Individual treatment plans are used to guide treatment for episodes of illness. Planning shall include:
 - 1. Frequency of follow-up for medical evaluation and adjustment of treatment modalities.
 - 2. Type and frequency of diagnostic testing and therapeutic regimens.
 - 3. Instructions related to diet, exercise, medications and adaptation to the correctional environment, when appropriate.

Chapter: 500 Health Services		
Subject: Continuity and Coordination of Care During Incarceration		

J. The assigned ACP shall determine the frequency and content of periodic health assessments on the basis of protocols promulgated by nationally recognized professional organizations.

II. Clinical Chart Reviews

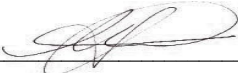

- A. Chart reviews shall be done on a routine basis to assure that clinically appropriate care is ordered and implemented by health staff.

- B. Chart review results may be discussed with the facility Responsible Health Authority and facility Continuous Quality Improvement Committee as deemed appropriate.
