PROCEDURE

I. Resolution of Inmate Patient Complaints and Concerns by Health Staff (Prior to Filing of a Complaint Under ICRS)

- A. Patients have the right to disagree or question or complain, health care system/services including their medical, dental and mental health care. While a formal process exists for complaints/questions, the patient's complaints may be verbal or in writing.
- B. Attempts should be made to informally resolve an inmate patient's health care complaints or concerns.

II. Patients' concerns, questions and complaints are an important component of continuous quality improvements and shall be tracked through the facility CQI Program.

- A. An inmate patient may contact health staff in an attempt to informally resolve concerns, questions or complaints.
- B. Responses to patient grievances, questions or complaints shall be professional and demonstrate an interest for safe patient care.
- C. A formal grievance process exists for unresolved complaints.

III. A face to face interview by health staff, specifically the HSM, a care provider or charge nurse is an effective way to resolve issues and concerns and is encouraged.

- A. Health staff shall document interventions and responses to questions and complaints in the health care record.
- B. Health staff shall respect the confidential nature of patient complaints or concerns by not discussing the complaint or concern with other staff or inmate patients, except those who have a job related need to know.
- C. Where issues, concerns or complaints are long standing, unresolved or on-going, health care staff shall periodically meet with patients as a check in on healthcare service.

IV. Investigation of ICRS Complaint

- A. When a patient files a formal complaint by submitting DOC-400, designated health staff shall collaborate with the ICE in the first step of the investigation of the complaint. If someone other than a member of the health care staff responds to patient complaints, health staff shall be consulted.
- B. During the ICRS process, designated health staff shall respond to requests for information from the appropriate RA and CCE or the Office of the Secretary.

Chapter: 500 Health Services		
Subject: Grievance Process for Health Care Complaints		

C. Designated medical, dental and mental health staff shall attempt to resolve patient complaints and concerns by reviewing and evaluating the complaints and concerns in a timely manner based upon principles of adequate health care delivery.

V. Actions Following an Affirmed Complaint

- A. HSMs shall review complaints, and identify and resolve systematic problems in health care delivery in coordination with the assigned Nursing Coordinator.

- B. HSMs shall track patterns and themes related to inmate patient complaints and make recommendations for changes in practice at the facility and system level.

- C. RAs shall inform the Medical/Nursing Director of complaints that may require a change in health practices or policies/procedures.

- D. The BHS Director, Medical Director, Director of Nursing, Mental Health Director, Pharmacy or Dental Director shall:
 - 1. Determine when health care practices or policies and procedures should be developed, revised or rescinded at the systems level.
 - 2. Notify BHS committees/staff responsible for revising protocols, treatment guidelines, policies/procedures and forms when changes result from a complaint.
 - 3. Notify health staff of changes in health practices, policies and procedures resulting from affirmed complaints.
