.05 DISCRETIONARY GPS

Discretionary GPS tracking may be requested for offenders on active supervision who are otherwise not mandated by law to be on GPS tracking. The offender will not be charged a fee. It shall be used as a supervision tool to assist in the monitoring and tracking of offender movements. In order to utilize discretionary GPS tracking, the following procedure applies:

Initial Request

- The agent shall staff and receive approval from the supervisor;
- Upon supervisory approval, the agent shall complete the Discretionary GPS Request ([DOC-2561](#)) to include the time requested which shall then be submitted to the supervisor;
- Refrain from including confidential information on the form
- The supervisor shall sign and forward the request to monitoring center at DOC DCC GPS Discretionary Referrals for review and final approval.
- Original requests can only be a maximum of 90 days, upon which an extension will be needed.

Homeless Registered Sex Offenders

- The DOC-2561 for Homeless Registered Sex Offenders will not require Targeted Dynamic Risk Factors, Behavioral Issues, or Outcome/Reduction of Risk Factors sections to be completed.

Extensions

- If extension is appropriate, the agent shall staff the request in advance of the initial end date with the supervisor. If it is approved, the previously submitted (DOC-2561) should be submitted by the supervisor to the regional office indicating the reasons for the extension request. If approved at the regional office level, the regional chief/assistant chief shall note their approval and submit it to DOC DCC GPS Discretionary Referrals for review and approval.
