

RESIDENCE ASSESSMENT

Authority: Wis. Stat. § DOC 371.06(2)(a); §371.07

DOC staff completion of Youth Residence Assessment (DOC-2884) is required under the following circumstances, unless a Family and Home Assessment DOC-1939 or Residence Assessment DOC-2884 has been completed at the proposed placement/pass location within the last year:

- Prior to youth changing residence; however, if youth must change residence in an emergency, complete the DOC-2884 within one business day of knowing about the change of residence and staff with a Corrections Field Supervisor.
- Prior to youth receiving permission to reside overnight at any location other than their approved residence.

If at any time there is a significant change in regards to the approved residence, such as additional people that are now residing there, this shall be staffed with a Corrections Field Supervisor to determine if an updated DOC-2884 is needed.
