

Windows to Work SharePoint Site

A SharePoint site has been created for the Windows to Work program. DOC and Workforce Development Board staff implementing the Windows to Work program shall have access to this site.

This site shall include:

- Curriculum manuals for the five core components of the Windows to Work program
- Participant forms
- Contact lists
- Other information designated as being pertinent for the successful implementation of the Windows to Work program.

The DOC Reentry Employment Coordinator shall be the administrator of this SharePoint site and keep it up to date at least on a quarterly basis. Additions or changes to the SharePoint site can be requested to the Reentry Employment Coordinator
