

The agent and social worker must communicate to assign completion responsibility for the assessment prior to the client's release. Per policy, responsibility is determined as follows:

- If the client has been incarcerated one year or longer, and the current assessment is more than three years old, the social worker will complete the COMPAS-R Core. The use of alternative screening tools by the social worker is determined by DAI business process. If client has been incarcerated less than one year from DCI/TCI admission and no COMPAS was previously completed, a COMPAS-R Core will be completed by the agent upon release.
- If client has been incarcerated less than one year and a COMPAS-R Core was done prior to going to prison, the previous assessment can be copied forward in order to complete a new assessment if it is determined that there has been significant case activity, such as a felony arrest or misdemeanor assaultive arrest, requiring a re-assessment. The agent should discuss if this is needed with the supervisor.
