Juvenile Corrections Grant Committee (via email)

ATTN: Shannon Carpenter, Assistant Deputy Secretary

Dear Committee,

Thank you for the opportunity to submit an application for funding for the construction of a SRCCY. Dane County is excited about the opportunity to help improve Wisconsin's juvenile correctional system as a part of a larger statewide plan that serves youth closer to their homes in smaller secure treatment facilities. Attached to this email is the application, architect contract and letters of support.

Dane County looks forward to working with the Juvenile Corrections Grant Committee as the process moves forward. Please contact me if there are any further questions about the application and the next steps in the process.

RE: Letter of Support for Dane County Juvenile Court Program

Dear Ms. Carpenter:

I am writing in support of the Dane County Juvenile Court Program in its application to build a Secure Residential Care Center for Children and Youth in the City-County Building, to be co-located with the current Juvenile Detention program.

When Dane County youth are ordered to a correctional placement, the only current option is for them to be placed three hours north at Lincoln Hills/Copper Lake schools. With the upcoming closure of these facilities, Dane County has the opportunity to keep area youth much closer to their homes and families. Although we all strive to prevent youth from reaching the point of a temporary correctional placement, unfortunately it has been necessary for a small number of these youth and the need will likely continue.

In my role as Chair of the Dane County Board of Supervisors, I am deeply concerned that the only option for temporary correctional placement is so far away, further challenging families already in stress to maintain and build their relationships. I understand the importance of having youth closer to home in a program that provides high quality treatment while protecting the community and keeping youth safe while they are in care.

Dane County and the Dane County Juvenile Court Program have a proven track record of high-quality services and currently have a very highly regarded Juvenile Detention Program. The staff, programs, resources, value system and facility all contribute to helping youth in short-term care become healthier, more stable and learn skills to begin to make positive changes in their lives. I am confident that this will continue if Dane County develops a longer-term Secure Residential Care Center treatment facility.

I strongly support the grant application by the Dane County Juvenile Court Program and look forward to ongoing collaboration with this superb program.

Sincerely,

TO: Juvenile Correction Grant Committee - Attn: Shannon Carpenter
RE: Support for Dane County Juvenile Court Program
DATE: June 14, 2019

I am the presiding juvenile judge in Dane County. I have been on the circuit court bench since 2003 and did a great deal of work in private practice in juvenile delinquency and child protection cases since I graduated law school in 1980. I have served on the Juvenile Benchbook committee and on many statewide committees involving youth in the court system. I write in support of the proposed SRCCY for our City-County Building, to be co-located with the current Juvenile Detention Program.

There are no group homes or residential care centers in our county. As you know, the current DOC placement for delinquent youth is approximately three hours away. All in the system work hard to prevent out of home and out-of-county placements for both legal and practical reasons: outcomes are improved when the family and other informal support structures are strengthened. That is far more difficult to accomplish when distance and travel are barriers.

However, bringing youth closer to home is not enough. We need highly trained, skilled, properly compensated people doing this difficult work. Our current programming through Juvenile Detention is well-regarded for good reason. It is in no small part due to the efforts and leadership of John Bauman in making good hiring, policy and training decisions. I have confidence in leadership's ability to make equally good decisions should the SRCCY be located in this county, as is desperately needed.

Respectfully,

Shelley Gaylord Br. 6

RE: Letter of Support for Dane County Juvenile Court Program

Dear Ms. Carpenter:

The Madison Metropolitan School District (MMSD) holds a vision that every school will be a thriving school that prepares every student to graduate ready for college, career, and community. We have set out to close the gaps in opportunity that lead to different results for different children, and to be the model of what a strong, successful public school district looks like. I am writing in support of the Dane County Juvenile Court Program in its application to build a Secure Residential Care Center for Children and Youth in the City-County Building to be co-located with the current Juvenile Detention program.

When Dane County youth are ordered to a correctional placement, the only current option is for them to be placed three hours north at Lincoln Hills/Copper Lake schools. Although we all strive to prevent youth from reaching the point of a temporary correctional placement, unfortunately it has been necessary for a small number of these youth and the need will likely continue.

In my role as Superintendent of the Madison Metropolitan School District, I'm aware that our MMSD staff work regularly with students and their families who are involved in the juvenile correctional system. I understand the importance and benefits of having youth closer to home in a program that provides high-quality treatment while protecting the community and keeping youth safe while they are in care.

Dane County and the Dane County Juvenile Court Program has a proven track record of high-quality services and currently has a very highly regarded Juvenile Detention Program. RE: Letter of Support for Dane County Juvenile Court Program

Dear Ms. Carpenter:

On June 25, 2019, the General Membership of the Dane County NAACP voted unanimously to support the County's effort to secure funding for a Secure Residential Care Center. I am pleased to write this letter expressing the Membership's sentiment supporting Dane County Juvenile Court Program's application to build a Secure Residential Care Center for Children and Youth in the City-County Building to be co-located with the current Juvenile Detention program.

When Dane County youth are ordered to a correctional placement, the only current option is for them to be placed three hours north at Lincoln Hills/Copper Lake schools. Given the crisis that led to the closure of these facilities including the lack of professional standards by staff, maintaining unsafe living conditions for residents, educational shortcomings, and overall miscarriage of justice, a new and innovative response to juvenile corrections in Wisconsin is necessary. This affords Dane County the opportunity to meet the needs of area youth and provide services much closer to their homes and families. Although we all strive to prevent youth from reaching the point of a temporary correctional placement, unfortunately it has been necessary for a small number of these youth and the need will likely continue.

In my role as President of the Dane County NAACP, we have been strong advocates for and investor in the wellbeing of youth whether in education and employment policies, and in the criminal justice system. We seek to ensure that states will implement effective restorative justice or other diversion and school retention programs to end the "school to prison pipeline", I understand the importance of having youth closer to home in a program that provides high quality treatment while protecting the community and keeping youth safe while they are in care.

Dane County and the Dane County Juvenile Court Program has a proven track record of high-quality services and currently has a very highly regarded Juvenile Detention Program. The staff, programs, resources, value system and facility all contribute to helping youth in short-term care become healthier, more stable and learn skills to begin to make positive changes in their lives. I am confident that this will continue if Dane County develops a longer-term Secure Residential Care Center treatment facility.

The Dane County Juvenile Court Program has a proven track record of high-quality service to the youth in their care. On behalf of the Dane County NAACP, I strongly support their grant application and look forward to ongoing collaboration with this superb program.

RE: Letter of Support for Dane County Juvenile Court Program

Dear Ms. Carpenter:

I am the head of the juvenile unit of the Public Defender's Office here in Madison and have been in this office for over 23 years. I write to you today in support of the Dane County Juvenile Court Program in its application to build a Secure Residential Care Center for Children and Youth in the City-County Building to be co-located with the current Juvenile Detention program.

As our system currently operates, when Dane County youth are ordered to a correctional placement, the only option is for them to be placed three hours north at Lincoln Hills/Copper Lake schools. The impending closure of these facilities provides an opportunity for Dane County and area youth to be much closer to their homes and families.

In my unit's role as advocacy counsel for the youth, we represent the youth who are at risk of such placements. In essence, we are their voice both inside and outside the courtroom. It has definitely been my experience that the distance to LHS/CLS is a strong disincentive for families to go visit their children once placed there. I am optimistic about the prospects of creating something local that, while adequately protecting the community, provides high quality treatment, keeps youth safe while in care and affords families the opportunity to play a meaningful role in the youth's growth and development.

I can attest that Dane County and the Dane County Juvenile Court Program have a proven track record of high-quality services, a record that extends to the Juvenile Detention Program. The staff, programs, resources, value system and facility all contribute to helping my clients in short-term care become healthier, more stable and learn skills to begin to make positive changes in their lives. I am confident that this will continue if Dane County develops a longer-term Secure Residential Care Center treatment facility. I strongly support their grant application and look forward to ongoing collaboration with this superb program.

Thank you for your time and attention.

Sincerely yours,

Benjamin C. Gonring

2.D.12) Design Development Phase deliverables shall be:
